Catholic Record.

London, Sat., Sept 10th, 1887. A SPLENDID CEREMONY.

On Sunday, August 14th, the capital city of Ireland witnessed the splendid ceremony of the consecration of the Most Rev. Dr. Flood, O. P., the recently appointed coadjutor of the Archbishop of Port of Spain, chief city of the Island of Trinidad, one of the most important of the British possessions in the West Indies.

lowing sketch of the newly consecrated prelate:

"Dr. Flood was born in the county Longford in the year 1844. At an early age he was sent to study at the Diocesan Seminary, which was then under the management of the Very Rev. Canon Reynolds. During the years spent here he endeavored most to all by the grace of his demeanor, his application to study, and faithful observance of college rules.

Five years of the constitutional agitation under Mr. Parnell, now threatened as an illegal conspiracy, shows the following decline:

Table with 2 columns: Year, Decline. 1881: 5311, 1882: 4301, 1883: 3085, 1884: 3025, 1885: 2850.

And yet this is the period and now is the time at which a hostile press in the Queen's capital seeks to incite the people of England against Ireland by alleging against the Irish the association with crime and sympathy with assassins.

THE CHRISTIAN GUARDIAN ON CHURCH AUTHORITY.

The Christian Guardian undertakes, in its issue of 8th August, to enlighten its readers on the differences between "Romanism and Protestantism." The application of the name "Romanism" to the Catholic Church would sufficiently indicate the nature of his remarks.

OUTSIDE OPINION.

Anti-Irish organs, on both sides of the Atlantic, affect to belittle, and even ridicule, expressions of sympathy from this side of the water, with the Home Rule movement in Great Britain and Ireland.

ment, supported as it is by Parnell, shows now that very solution. I have noted a great change of feeling among Englishmen lately.

The fact of the matter is, until the extension of the franchise Englishmen had no chance to show their feeling in the matter, and when they did show some came forward and many even in Scotland were taken back by his move.

THE NORTHWICH VICTORY.

We have before us the full text of the letter addressed by Mr. Gladstone to Mr. J. T. Brunner, the successful candidate at the late election in the Northwich division of Cheshire.

THE BRITISH PEOPLE ARE HEART AND SOUL SICK OF THE WEAKNESS, PROCRUSTINATION AND TERTIARIZATION OF THE SALISBURY-GOSCHEN COMBINATION.

The Premier had after the last general election a majority of 118. But that majority has since been reduced to 102. On Mr. Gladstone's motion for an address to the Queen, to disallow the proclamation of the Irish National League, the government, with all the pressure they could bring to bear on their Tory supporters and Whig allies, could not get together a larger majority than 78, a falling off in one year of 40 votes.

secretion of man's power to His service," while the Catholic "regards religion as mainly consisting in submission to Church authority, and the observance of the rites and duties enjoined by the Church."

"Whosoever shall not receive you, nor hear your words, going forth out of that house or city, shake off the dust from your feet. Amen I say to you, it shall be more tolerable for the land of Sodom and Gomorrah in the day of judgment than for that city."

Kingston, 2nd Sept, 1887. To the Editor of the Catholic Record: Dear Sir—Your excellent editorial article in yesterday's Record, sent the official Report of the Hon.
