THE
Warren Church Organ Co.
OPERATED BY
HAY & CO.,
Woodstock, Ontario

Have one of the best equipped factories for the production of Church Organs in America, with experienced employees in every department, many having from 20 to 35 years' experience in organ building.

They have built some of the largest organs in America, a recent one, the great organ for the Chautauqua Institution of New York, erected at a cost of \$26,000.00 and has received unqualified praise from the highest authorities.

Every organ produced receives the same care in manufacture whether small or large, the workmanship being equal. Particular attention is paid to tone qualities.

Our special aim is to have sufficient volume, proper balance and a desirable variety of effect, these being the essential qualifications required in a Church Organ.

We follow the English system of voicing as it is more suitable for devotional services in our Churches than either the French or German systems, while being as fully applicable for such orchestral effects as may be desired.

We fully recognize the importance of the proper mechanical appliances for controlling the instrument and claim our recent organs to be absolutely second to none in this respect.

A Man's Value

to his family or those dependent upon him is measured by his earning capacity. As death entails the loss of that earning capacity, every man should make provision for his loved ones in order to make good to them the financial loss that would ensue. This is the purpose of life insurance, and no man is blameless whose life is not insured.

During the excavations at Glastonbury Abbey a well-preserved leaden seal of a Papal bull was found showing the heads of St. Peter and St. Paul. It has been identified as belonging to a bull of Calixtus III. (Alphonso Borgia), who was Pope from 1455 till 1458, and was noted for his struggles against Mohammedan

infidels, having become Pontiff only two years after the fall of Constantinople.

An Unprecedented Service.—The Harvest Festival at the village of Hose, in the Diocese of Peterborough, held on St. Michael's Day, was probably, in some of its features, unique in the history of the Church of England. In the first place, the preacher, the Rev. N. A. Brown (curate of Whittlebury-cum-Silverstone), was until Easter last churchwarden of the parish. As a student of the Bishop's

Hostel, Lincoln, he still retained a nominal residence at Hose and his churchwardenship. It is believed that this is the only instance in England of a churchwarden being ordained and preaching in his own church. Before Ordination Mr. Brown was a prominent Church-worker in the Vale of Belvoir. Another circumstance probably unique is in connection with the Vicar of Hose, the Rev. J. Williams, who also took part in the service, for at the outset of his clerical career he was ordained to the curacy of his native village. In the choir

IF 30,000 PEOPLE

endorsed a proposal placed before you, and you knew that these 30,000 had over \$64,000,000 at stake in the concern—you would at all events look into it.

This is the case with the Great-West Policies. Over 30,000 people hold these Policies—with over \$64,000,000 of Insurance in force.

Look into the Policies that have earned such popularity. Rates on request.
