# "YOUR HEALTH IS— —YOUR WEALTH"

DO NOT TRIFLE WITH THE HEALTH OF YOUR FAMILY

THE BROOM NO LONGER IS GOOD FOR ANYTHING BUT FUEL. INSTEAD OF CLEANING, IT JUST STIRS DIRT UP INTO THE AIR. THE DIRT NATURALLY SETTLES BACK ON THE FLOOR OR FURNITURE, THEN YOU MUST "DUST"—A TERRIBLE, STRAINING PROCESS.

THEN, TOO, THIS DIRT YOU STIR INTO THE AIR IS VERY DANGEROUS. IT IS LADEN WITH DISEASE GERMS AND YOU AND YOUR TOTS BREATHE THEM. THINK OF THAT!

THINK WHAT IT MEANS to the housewife to have the Cleaner run over her floors once or twice a week instead of sweeping them with a broom or carpet sweeper. Realize how absolutely clean she will keep every inch of her carpets with less effort than the old efforts require, dispensing forever with house-cleaning days, keeping her home clean ALL THE TIME, just the same as it was right after house-cleaning time of yore.

## Men's Work Has Been Lightened and Systematized by Means of Labor-Saving Machinery Why Not a Woman's?

Dr. Kellog, President of the Battle Creek Sanitarium in One of His Lectures, Stated:

"Excessive loss of life of infants, aged from three months to four years, is caused mainly by the mother permitting the child to play on a carpeted floor, filled with street dirt, which contains millions of microbes that are brought in on the feet and ground into the carpet. It is criminal to let a child play on a carpet unless it has been 'vacuum' cleaned."

Prof Rodugres, United States Expert Consulting Engineer, After Thoroughly Examining Our Machine Says:

"It is the first hand-power cleaner that I have examined that pleases me. The principal is mechanically correct; the construction is based on exact scientific principles. It not only removes all dirt and dust, but, on account of the excessive air displacement and continuous suction, removes the dirt and filth from under as well as from the top of the carpet with less effort than any other vacuum cleaner I have ever examined. In fact, it is the most complete dirt eater I have ever seen. The material used and the construction are both so nearly perfect that it is practically indestructible. If you will think for a minute, you will realize that a number of diseases are caused by germs and microbes in the filth brought into the house by dogs, cats, rats, flies, and the filth off your feet. Among the diseases that can be mentioned are diphtheria, typhoid fever, smallpox, scarlet fever, measles, whooping cough, grippe, spinal meningitis, pneumonia, erysipelas, cholera, yellow fever, malarial fever, tuberculosis, tonsillitis, cholera infantum, and a number of others. Were it possible to show you by means of the magnifying glass the filth and germs that are lodged in your carpets and rugs, you should be so frightened that you would immediately order a vacuum cleaner or abandon your carpets and rugs. Do not trifle with the health of your family!"

If you have no vacuum cleaner, in justice to your family's health, have a demonstrator call to-day. It will cost you nothing, and you will have a sanitary home. It is a health saver, labor saver, and money saver. It can be used every day, and does not wear the nap off the carpet, like ordinary sweeping; nothing to get out of order, runs quietly, a child can run it, and will last for years.

J. M. Werzke, A.M., M.D., the world's recognized authority on bacteriology, in a recent lecture, said:

"If all carpets and rugs were kept thoroughly cleaned, and all windows and doors thoroughly screened, our mortality from infectious diseases would be reduced 90 per cent; in fact, all Municipalities should enact laws to compel each householder to adopt and use a vacuum cleaner."

The Brantford Daily Courier has made arrangements to secure a large number of 1913 WIRELESS VACUUM CLEANERS. These cleaners are equipped with three bellows which are operated from backward and forward motion of the machine. If you have no Vacuum Cleaner, order one to-day. For free demonstration telephone the Courier Office. Both Phones 139.

### CONSCIENCE STRICKEN MAN RETURNS \$5175

Agent for Express Company Surrenders to the Philadelphia Police.

PHILADELPHIA, July 23—With \$5,175 in his pockets which he had stolen from the American Express Company, Alexander S. Woods, East St. Louis agent for company, became conscience stricken as he wandered the streets of Philadelphia and unable to bear the disgrace, he surrendered to the police.

Woods stood beneath the arc light at 13th and Market Streets watching Sergeant Daly and two officers wrestling with a "drunk." "Sergeant," he said, "would you mind sending me along with him?" "Why?"

"Because I'm a thief. I'm wanted by the American Express Company in East St. Louis for stealing \$5,175 last Tuesday. I've stood it as long as I can. Here's the stuff," and Woods pulled a bundle of oblong paper strips from his pocket and handed it to Sergeant Daly.

"I want you to send me back home. I want to face the music. I want my two little girls to know that even if I have made a big mistake I have done all I can to make it good.

A few moments later he was in a jail cell. There he told his story.

"I never was in trouble before. My people are good people. I have been well educated. I knew better than to do what I did.

"I signed a note for a friend of mine. At least I thought he was my friend. Last Tuesday I had been collecting all day. I had \$5,000 in money orders of \$50 each and \$175 in cash, all company money.

"On my way to the office I was told that the man whose note I was on had failed to make good. I felt I had to make good for him, my name being on the note. I did not have the money. Then I went to the Union station and started east, with my pockets full of company money."

### BETTER THAN SPANKING

Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H.
