

From Weak Eyes To Strong Eyes

From discomfort to pleasure—is the work that glasses do—when the proper glasses are properly fitted. Before you can procure the proper glasses, you must have the defect of your Eyes Examined by an Optician—with those delicate mechanical appliances which determine with unflinching accuracy the extent of the error. Then the lenses for your glasses must be so made that they will correct the defect.

We will do all this for you and charge only for the Glasses.

CHILD WAS KIDNAPPED

Girl Taken From Mother's Custody at Brockville

Brockville, Aug. 27.—There was considerable excitement when it became known yesterday that Florence Stewart, a bright little girl of ten years, was missing from the home of her grandmother, Mrs. McMillen, widow of the late John Mercer McMillen, the well-known Canadian writer.

She was kidnapped by the child's father and last night Stewart telegraphed from Ogdensburg, New York, that he had the child.

Mrs. Stewart, with two daughters, one of them Florence, has been spending the summer here, but when at home lives in New York City. She is separated from her husband, who resides in California.

The child went for the morning mail yesterday as usual. She also had another errand to perform and Mrs. Stewart was not anxious concerning her until two hours or more had elapsed. A cabman told of driving a man and a crying child from opposite the Brockville club-house, adjoining the postoffice, about the time the child was due at the latter place. He took them to the C. P. R. dock, where another man was found, who saw them taking a boat for Ogdensburg. The child was crying and resisting and the man was urging her along by the hand. Stewart has relatives living in Rochester, and thinking Stewart had gone there the police were instructed by Mrs. Stewart to communicate with the authorities to locate him pending her arrival, she having taken the night train for that city.

There is some question whether the woman can regain possession, Stewart having a claim on this and the other child for ten months in the year, the mother being privileged to keep them for the remaining two.

A Love street resident has laid a complaint at Police Court about a number of young lads in his neighborhood whom he says are in the habit of annoying him.

Rev. J. W. Hoyt preached to two very large congregations in the Central Baptist church here Sunday. At the evening service two stood up and accepted Christ. Rev. Mr. Hoyt, while in the city, was the guest of Mr. and Mrs. Matt. Side. He returned to St. Thomas Monday.

The first of the farmers' excursions to the Northwest this year went through the city this morning. There were about ten coaches and all were heavily loaded. About one hundred left this city this morning on the same excursion. The city ticket office of the C. P. R. sold in the neighborhood of fifty tickets, and at the C. P. R. station over forty were disposed of. The harvest has begun in the Northwest and the crops on the whole are good.

A touring party, composed of Dr. and Mrs. Chas. Betts and Mr. and Mrs. Geo. A. Craig, of Toledo, passed through the city to-day in their touring car on a trip to Albany. They stopped over night at the Hotel Ganer and left this morning for Toronto, by way of London. From Toronto they will go to Kingston and Montreal, thence across to Lake Champlain. After a few days at the lake they will continue their journey to Vermont, New York and Albany. They will return home to Toledo by a western route.

MUSIC AT WHYTEWOLD

Saturday evening the residents at Whytefold Beach had the privilege of attending a first class entertainment in the form of an illustrated lecture, recital and musical. The musical part of the program was given by Mrs. John Cooper, of Chatham and Detroit, and Mrs. A. James, of Winnipeg. The ladies rendered several solos and duets in a perfect manner, full of deep expression. Mrs. James is well known in the west as one of our best soloists, and her sister, Mrs. Cooper, should be heard by a Winnipeg audience, as she is a soloist of exceptional ability. In fact, we understand she has received several tempting offers to locate here and take up her profession in our midst. At the close of the entertainment, upon motion of Messrs. Reid and A. E. Ham, a hearty vote of thanks was tendered the artists, and many who were present expressed the wish that the entertainment might be given in Winnipeg.—Winnipeg Free Press.
