Evangeline Beach Notes.

The attendance at the Band concert on Friday last was, under the circumstances, all that could be expected. The weather up to 12 o'clock was cloudy and threatening, and this prevented many at a distance from starting out. There were, however, about three hundred present, who enjoyed the selections rendered by the Band, and indulged in bathing, boat riding, swimming, etc.

Although the season is not yet far advanced a large number of people have visited the Beach, and the prospects of a good pleasing summer are good.

During next week the tide will serve in the middle of the day, thus making it a desirable week for pleasure seekers to visit the Island.

Mr. W. S. Wallace's new building is now about completed and is quite an addition to the town. It contains two good stores, one of which is occupied by Mr. Wallace's tailoring establishment, and a commodious dwelling.

Here's a Little Nut to Crack. Just a grain of corn! The principle upon which Putnam's Patent Corn Ex-tractor works is entirely new. It removes the corn layer by layer, without any pain whatever. It never fails either. Try it.

Mr. C. Skinner, of Middleton, is on a visit here—the place of his old home—with relatives on 1/2 ends. The years are bearing lightly with Mr. Skinner, and he enjoys nothing the property and beauty, he never before, of the place. In his home nearly half a century ago he began to the "Largest primeval" and reared a family of three sons and six daughters. The daughters are all living and are "born missionaries" in their homes and communities. The youngest, Mrs. B. Jacques, and her husband, are doing missionary work on a "Cassell Car" on the Pacific Coast.

During the past week there has been considerable interest taken in the game of cricket and every afternoon has seen play going on at the campus. The business men of the town turn out in numbers, and many interesting games have been had. We are glad to see this grand old game again coming into favor here. In the past Wolfville has possessed many good cricketers and we are sure there is sufficient material here yet to put out a first class team.
