

Notes and Comments

Canadian money, Canadian made, should stay in Canada for Canadian trade.

An inch of rain means that 101 tons of water have fallen upon every acre of soil.

It is suggested by an exchange that one reason for the high price of sugar is that it keeps well in storage.

The Pacific Coast States, California, Oregon, and Washington, have one motor car to every nine inhabitants.

For selling turkey and geese in excess of controlled prices a Glasgow firm of profiteers has been fined 250 pounds.

Germany will be required to pay the Allies as an indemnity 3,000,000,000 marks per year for a period of 37 years. This amount may be increased in the future if the Allies are convinced of Germany's ability to pay more.

Women have now been made eligible by Royal decree for the Victoria Cross. The order should have come earlier or be made retroactive to include the nurses who earned this supreme honor by their heroism during the war.

Norway is the first country in the world to propose national legislation specifying that motor trucks up to two tons capacity must be equipped with pneumatic tires, so as to prevent damage to cut down the excessive cost of highway repairs due to the use of solid tires.

A Part of the Town

Every man is a part of his town. The town embraces the fortunes, and in some measure at least takes on the character of the man. So loyalty to one's town is no more than loyalty to one's self, and this loyalty is in the line of all well shaped human nature. Therefore it is right to say that the man who does not stand up for his town is in some way dwarfed. There is something wrong about him. His fellows will pass this judgment upon him, and the chance are that while he may add to the discomfort of others he will not escape making himself unhappy.

Luxury Tax To Be Collected By Means of Revenue Stamps

As collection of luxury taxes under the present method is proving difficult, cumbersome and costly it has been decided to abandon the whole procedure in favor of collection by means of revenue stamps. These revenue stamps will be ready by August 1, and as soon as they are available to purchase by merchants the sending of duplicates of every sale receipt covering goods which are taxable will cease. This will be a great relief to merchants throughout the country.

The revenue stamps will be provided in denominations of from one to ten cents inclusive, thirteen cents, fifteen cents and all multitudes of ten cents up to one dollar. In addition there will be one, two, three, four, five and ten dollar stamps.

An Open Secret
The secret of buoyant, vigorous health, is a well-nourished body. It is an open secret that **Scott's Emulsion** is of wonderful help to those who are run-down in vitality from any cause. *Try it!*
Scott & Bowne, Toronto, Ont.

Minard's Liniment Lumberman's Friend

To Safeguard Your Digestion

THE BLOOD SHOULD CONSTANTLY BE KEPT RICH AND PURE

If you suffer from any form of indigestion, your diet should be carefully chosen. Over-eating is always harmful, but at the same time one must take enough food to supply the needs of the blood. It must be remembered that the blood has to carry nourishment to every part of the body, find fuel for energy and defence against its enemies, as well as the requisite juices for digestion. Hence, when the blood becomes weak and fails to do its work, indigestion arises; also when indigestion begins the blood still further suffers. Therefore, to safeguard your digestion, the blood should be kept rich and red, and this can best be done by taking a course of Dr. Williams' Pink Pills. These pills are a blood-building, nerve-restoring tonic and through their use your digestive system will respond naturally, your appetite will improve and your food will do you good. The value of Dr. Williams' Pink Pills in cases of stomach trouble is shown by the experience of Mrs. J. H. Alexander, Barriefield, Ont., who says: "Some years ago I was in a terribly broken down condition. I had indigestion of a severe nature, and sharp pains of agony all through me. My stomach was so weak that it was difficult to retain food; and often after eating I would have vomiting spells. I was under medical treatment, but as I did not improve my nerves were in a terrible condition and I was always in much misery. One day I read of a woman who had been cured of similar trouble through the use of Dr. Williams' Pink Pills, and I decided to try them. The result can be summed up by saying that after using the pills for some weeks I was completely cured, could eat a hearty meal and was again enjoying life. If I feel run down at any time I take Dr. Williams' Pink Pills and always get benefit from them."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

United Fruit Growers

The annual meeting of the United Fruit Companies Ltd., was held in Kentville last week and was largely attended. The reports of the president as well as the Board of Management indicated that the past year of the company was the most successful they had ever had, the turnover being around three million dollars for the year. The company elected all its old officers as follows:—President F. K. Bishop; Vice President, E. H. Johnson; Secretary, K. L. Pineo. The Board of Management is as follows:—President Bishop; Vice President Johnson, V. D. Leonard, and Dr. P. M. Balcom.

The matter of the erection of canneries and vinegar plants as recently ordered by the Board was endorsed, and the first start will be at Aylesford, where a cannery, as well as a vinegar factory will be erected and ready for business this season.

Another important matter decided was that hereafter Nova Scotia apples will be packed in boxes instead of barrels. This will place them as far as packing is concerned on a par with western apples.

When in a fix, sweating will get you farther than swearing. Let mules do the kicking.

Letter of Appreciation

At a recent meeting of the Valley Medical Society, held at Weymouth, the following letter was ordered to be sent to our venerable and highly esteemed citizen, Dr. E. N. Payzant, who, now in his eighty-ninth year, retains his mental and physical powers, to a remarkable degree. THE ACADIAN is pleased to present it to our readers:

DEAR DOCTOR,—We, the undersigned members of the Medical Society, convey to you our sympathy in your present indisposition and regret that you are unable to meet with us at this time in our convention. Although you have not always continued in the practice of medicine since taking your degree at the Jefferson Medical College in the year 1855, we are cognizant of the fact that you have often rendered valuable aid to the sick in cases of emergency, in districts where medical attendance could not be readily procured, and you have always manifested a deep interest in the profession by keeping in touch with its modern literature and teaching. We understand that you have been informed by the Dean of your college that you are the oldest known living graduate. Although we cannot at your age of 90 years expect to renew our pleasant associations with you at our conventions, we trust that as this material life is nearing its close, you may have the joy and happiness of anticipating and experiencing the bright hope of the Christian—the Life Eternal.

- E. O. Hallett, President.
- W. S. Phinney, Vice-President.
- T. H. Macdonald, V.-President.
- W. F. Read.
- P. N. Balcom.

The PATH of PROGRESS

MANY successful business men and concerns now known throughout the Dominion began building on small foundations.

Many of these notably successful Canadians have been lifelong customers of the Bank of Montreal, and they have been kind enough to say that their progress has been due in part to the satisfactory banking service they have obtained from us.

We are glad to admit that much of our progress has been due to the progress of these customers.

We are desirous of co-operating with other persons and firms for the upbuilding of every part of the Dominion. Our service extends to all parts of the world.

Direct wire service maintained between Montreal, Toronto, Winnipeg, Vancouver, New York, Chicago and San Francisco
