**Xmas 1915
Greetings**

WE EXTEND to our patrons and friends
a most hearty Christmas Greeting
and all good wishes for happiness
and prosperity in the New Year.

Our sincere thanks are tendered for practical
appreciation received during the past year,
the giving of even better service and helpful-
ness in the year now before us.

To our Staff we extend cordial greetings
and thanks for the whole-hearted interests they
have displayed in our welfare, and we trust
that the New Year may mean for us all a deeper
understanding of those principles on which the
building up of a Greater and Better Hudson's
Bay Store may be achieved.
