> IMPORTANT BUILDINGS

The death occurred at the hom Considerable building activities have been going on in Newcastle during the past summer. The new buildings are about completed and the three most important ones are as follows:-

> St. Mary's New School, erected by D. R. Morrison & Son, of Princ Edward Island, is expected to be completed by the first of the New Year, and is a beautiful building, adding much to the appearance of the street. Mr. James Forrest of Newcastle had the contract of the

brick work. Mr. W.L. Durick's New Drug Store on the square is a beautifu' building and will add much to the appearance of the business section of the town. Mr. Durick spare no expense and Mr. John Fitzgerald was the building contractor. Mr

Thomas Power drew up all the elevation plans, also full sized working Thin blood is one of the most common causes of stomach troubie. details for the exterior of the build-It affects the digestion very quickly ing and was inspector of the work.
