

WITH THE FARMERS

SEED APPLICATIONS.

A large number of applications from all parts of the province for seed grain, have been received by the officials in charge of the arrangements for the distribution of seed by the government to the farmers. The number is not nearly so large as that in Saskatchewan, and it is now pretty well established that there will be sufficient grain in the province to supply the seed needed. The time for receiving applications closes to-morrow.

SATURDAY'S GRAIN MARKETS.

Winnipeg, Man., March 8.—Anticipating a banish government report today and lower continental markets, based on the improved weather conditions, the American wheat prices broke sharply and later became almost slump. Chicago may break 2 1/2, July 2 1/2 to 2 3/4 and September 2 1/2 cents. In Minneapolis the local wheat 1 1/4 for May, and 1 1/2 for July. The break in Winnipeg was 1/16. The demand was good and lively. Though the slump was probably greater than expected the break had been looked for in American markets as nearly all winter wheat was favorably to growing crops. Winnipeg cash wheat: No. 1 Northern, 1.06 1/2; No. 2 Northern, 1.06 1/2; No. 3 Northern, 1.01 1/2; No. 4, 94 1/2; No. 5, 82 1/2; No. 6, 72; feed, 52 1/2; No. 7, 40 1/2; 3 white, 42; rejected, 33 1/2. American options: Chicago—May open 82 1/2, close 82 1/2; July open 82 1/2, close 82 1/2; September open 80 1/2, close 80 1/2; Minneapolis—May open 1.05 1/2, close 1.05 1/2; July open 1.05 1/2, close 1.05 1/2.

THURSDAY'S GRAIN MARKETS.

Winnipeg, March 12.—On stronger Liverpool cables wheat opened higher and showed bullish tendency during the morning. Market was active, a large amount of business having been transacted during the day. Commission houses were sellers at the opening and a renewed buying later on pushed a further rally when the market seemed to be weakening owing to bear pressure. Market in Chicago was again the strongest today. There was more unspreading in Minneapolis, which kept the price down while buying in Chicago held the market there firm. However, there was very little news either bullish or bearish, and there was little difference to choose one way or the other. Wheat seems to have an upward tendency as the markets hold very firm. Broombull wheat: "Bullish report from India substance of which is that unless good rains fall within the next ten days the Punjab crop, sown in January, will be a probable failure. This raising the wheat price to about the million acre." The cash market, though showing a slight improvement, continues to be very light and featureless. Winnipeg cash wheat: No. 1 Hard, 1.10; No. 2 Northern, 1.09; No. 3 Northern, 1.01 1/2; No. 4, 92 1/2; No. 5, 81 1/2; No. 6, 71 1/2; No. 7, 41 1/2; 3 white, 43; rejected, 33 1/2. American options: Chicago—May opened 82 1/2, close 82 1/2; July opened 82 1/2, close 82 1/2; September opened 80 1/2, close 80 1/2; Minneapolis—May opened 1.05 1/2, close 1.05 1/2; July opened 1.05 1/2, close 1.05 1/2.

FRIDAY'S GRAIN MARKETS.

Winnipeg, March 13.—The Winnipeg markets followed the lead taken by the American markets and were lower than the previous close. The cause of the decline was the weakness of cables and the declining of all wheat and large wheat shipments of 7,000,000 bushels. At the opening there was a good deal of wheat offered, and it developed into a fair scalping market. In spite of the lower continental cables, however, wheat soon lost its dull and heavy tone and values soon turned round and became higher, there being good support to the market. At the close of the day trading there was continued heavy buying by commission houses and scalpers, but the offerings were not any time large. At the close of the trading of the market was very firm. The estimate of the wheat shipments for wheat was 10,768,000 bushels, which is considered slightly bearish. It is predicted that the offerings will be somewhat less than on Monday, and from some decrease in the quantity of bread stuffs on passage. There are Hessian bug reports from Oklahoma, but it can't be said that any attention is being paid to them at present, as they are conflicting. Commissioner Snow continues his travels in the southwest and all reports coming from him are of the most satisfactory nature. Winnipeg cash wheat: No. 1 Hard, 1.10 1/2; No. 2 Northern, 1.09 1/2; No. 3 Northern, 1.01 1/2; No. 4, 92 1/2; No. 5, 81 1/2; No. 6, 71 1/2; No. 7, 41 1/2; 3 white, 43; rejected, 33 1/2. American options: Chicago—May open 82 1/2, close 82 1/2; July open 82 1/2, close 82 1/2; September open 80 1/2, close 80 1/2; Minneapolis—May open 1.05 1/2, close 1.05 1/2; July open 1.05 1/2, close 1.05 1/2.

TORONTO LIVE STOCK.

Toronto, March 13.—Receipts of live stock at the city markets since Tuesday were 100 cars, composed of 1,335 calves, 1,779 hogs, 593 sheep and yearling lambs and 114 calves. The prices ranged from 15 to 25 cents per cent. lower than on Monday, and from 30 to 50 cents lower than two weeks ago. The cattle trade was active and strong, the few arrivals being quickly taken care of by shippers who had orders for steers, and the country demand for cows and heifers was abnormal. Live muttons were strong to 10 cents higher, the prices being at the summit of the year. Many orders could not be filled, and the supply was soon cleaned up.

IMPRISONED HINDUS HAVE BEEN RELEASED

Birmingham, Mar. 12.—The long period of anxiety and suspense over the fate of the entombed miners at Happold colliery came to a heart-breaking close last night, for the crowds waiting at the mouth of the pit, when it was announced that despite the most heroic efforts, there was no possibility of any more men being taken out alive. Fire broke out in the colliery last Wednesday evening, twenty-six miners being caught in the pit. Since then every man available has been engaged day and night in building a new shaft, with the object of reversing the ventilation and clearing the shaft of four fumes. This work meant the removal of hundreds of tons of earth, the installation of new fans and other apparatus, but despite payment continued to one year in jail, were released on habeas corpus proceedings. The immigrants arrived on the Dominion steamer from Vancouver, they were admitted by the Federal officers, but by the provincial government, they were turned back.

Vancouver, March 14.—The provincial government's National Act, designed to have an educational test applied upon entry to British Columbia to prevent Japanese, Chinese and Hindus immigration, went entirely out of business today. Eighteen Hindus who were last week fined five hundred dollars each or in default of payment sentenced to one year in jail, were released on habeas corpus proceedings. The immigrants arrived on the Dominion steamer from Vancouver, they were admitted by the Federal officers, but by the provincial government, they were turned back. Judge Morrison today held that the provincial legislation conflicted with the Dominion enactment regarding the same, and therefore could not stand. Already the courts have decided that the provincial enactment is not valid on landing, because the legislation clashes with Canada's treaty with Japan. The provincial government will carry an appeal on the question to the privy council.

The second striking feature of today's decision was that E. P. Davis, an eminent counsel, who appeared for the Hindus, and who is the C.P.R.'s legal representative in Western Canada, found great fault with the police magistrate in sentencing the Hindus to one year's imprisonment. He declared that the immigrants could not possibly have known of the law when they left India. One of the eighteen had been British soldiers fighting under Lord Roberts in South Africa. He feared that the fact of the sentences to imprisonment in Vancouver became known there.

BIG DEVELOPMENTS AT COAST.

Vancouver, Mar. 14.—Managing Director Bentzen announced this morning that friends of the British Columbia electric railway in London have formed a syndicate for taking over the project of the British Columbia Electric Railway. The syndicate is composed of the British Columbia Electric Railway Development Company and that a scheme of buying and reconstructing the railway from New Westminster to Chilliwack, extending through the center valley. The scheme is to be financed by the sale of ten thousand acres of land in the center valley, which is now owned by the government. The cost will be about five hundred thousand dollars. Work will be carried on in connection with the construction of the Chilliwack train line to the coast for Victoria this afternoon to look over the island.

BRIGHT EYES, ROSY CHEEKS

Every Girl Can Have Them by Keeping Her Blood Rich and Red With Dr. Williams' Pink Pills.

In the early days of her womanhood every girl—no matter what her complexion in life—should be bright, active, cheerful and happy. Her complexion should be light, her eye bright and her cheeks rosy with the glow of health. But the reverse is the condition of thousands of young girls throughout Canada. They drag along, always tired, suffer from headache, breathless and with palpitating heart after slight exercise, so that merely to go up stairs is for them a task. It is the condition doctors call anemia, which means weak, watery blood. In this condition Dr. Williams' Pink Pills is the only safe and reliable medicine. These pills actually make the new, rich, red blood. Her complexion, her strength and vigor, and thus make weak, listless, pale-faced girls bright, active and strong. Miss Alberta St. Andre, Joliet, Que. says: "I am most grateful that I can say for the benefit I have found in the use of Dr. Williams' Pink Pills. I was weak, run down and very miserable. I suffered from severe pains in my back and chest; had a bad cough, no appetite and would lay awake most of the night, and what sleep I did get did not refresh me. I tried several remedies, but they did not help me, and I, as well as my friends, feared it was going into decline. At this stage a friend who came to see me strongly urged me to try Dr. Williams' Pink Pills, and upon receiving them I cheerfully gave my permission to publish this in the hope that it may point the way to health to some other weak and despondent girl." Dr. Williams' Pink Pills are good for all diseases due to a deficiency of blood. That is why this medicine cures rheumatism, indigestion, neuralgia, St. Vitus' dance, nervous prostration, and the aches and pains of old people. It also cures the troubles of women, such as menstrual irregularities, and is a simple, safe, pleasant, and reliable group remedy. For sale by all Dealers.

ENTOMBER MINERS' LOT.

Twenty-Five Caught Below Ground Killed by Fire.

Birmingham, Mar. 12.—The long period of anxiety and suspense over the fate of the entombed miners at Happold colliery came to a heart-breaking close last night, for the crowds waiting at the mouth of the pit, when it was announced that despite the most heroic efforts, there was no possibility of any more men being taken out alive. Fire broke out in the colliery last Wednesday evening, twenty-six miners being caught in the pit. This work meant the removal of hundreds of tons of earth, the installation of new fans and other apparatus, but despite payment continued to one year in jail, were released on habeas corpus proceedings. The immigrants arrived on the Dominion steamer from Vancouver, they were admitted by the Federal officers, but by the provincial government, they were turned back.

NOTES OF BIG AUTO RACE.

Omaha, March 14.—St. Chaffrey and others of the crew arrived here to wait for the French car De Dion, laid up for repairs at Cresco, Iowa. It was hoped to reach Omaha this morning. They were making good time till the break. St. Chaffrey said the trip had already cost him ten thousand dollars. "But what difference so long as I arrive at Paris first? It is the honor I am desirous to obtain, and if there is any means by which I can do it I will." The American car arrived at Carter, Wyo., at 12:30 mountain time and left immediately for Ogden, making good time.
