Tobacco in Port.—The Furness liner Tobasco arrived here at 5 p.m. yesterday after a run of 7 1/2 days from Liverpool. The ship brought 300 tons of cargo but no passengers. She left Liverpool on the 16th inst. and had very fine weather on the run. She met some fog off this port. The ship sails for Halifax this afternoon, taking some herring, etc.

Fishery North Bay.—By the Prospero we learn that the fishery down north is almost a blank. At Grouse, Packet, Greenspond, Bonaville, Wesleyville, Trinity and Bay de Verde nothing has been done, while at Cremellaire, Fogo, Twillingate, La Scie and Joe Batt's Arm little has been taken with traps and jiggers. Caplin is plentiful and lobsters are very scarce. In White Bay there is no fish.

Badly Hurt In Thresher

Blood poison set in—Great suffering—Cure effected by DR. A. W. CHASE'S OINTMENT.
Mrs. C. Hopkins, St. George, Ont., writes: "I feel like shouting the praises of Dr. Chase's Ointment. While threshing grain, my son got badly hurt. One of the men who was pitching sheaves, missed the sheaf and ran the prongs of the fork into my son's leg. He did not take much notice of it at first, but in a day or two it got sore and very ugly and blood poison set in. We did everything for it but it would heal one place and break out at another and kept on this way for three months. Finally I thought of Dr. Chase's Ointment and in a week's time we noticed a wonderful change. By the use of three boxes he was completely cured and the wounds healed up. There has not been a sign of a spot on him since." Wherever there is itching or irritation of the skin or a sore that refuses to heal you can apply Dr. Chase's Ointment with every assurance that the results will be prompt and satisfactory. 50 cents a box, at all dealers, or E. J. Manson, Bates & Co., Toronto. Write for free copy Dr. Chase's Recipes.

Methodist Conference at Carbonear.

The ministers comprising the Methodist Conference of Newfoundland met in session at Carbonear under favorable conditions. The weather lent itself to stimulating and invigorating the health conditions, and with the atmosphere of welcome in evidence, everything points to a very enjoyable session.

On Monday, 20th, the various committees met for the transaction of business, and at 7.45 p.m. the Epworth League meeting was held in the Methodist Church. A very large congregation was in attendance. The speakers of the evening were Rev. G. A. Steel and Rev. F. R. Matthews, B.A. Mr. Steel delivered a very helpful and inspiring address. Mr. Matthews was the second speaker, and took for his subject (1st) "The world which we have to face;" (2nd) "The spirit in which we must face it." Mr. Matthews ability as a public speaker needs no comment. Suffice it to say that that congregation went home feeling that the problem which is before the church to-day is a great one, and that its ultimate solution could only be met by seeking to open up to the young people of the church the responsibility devolving upon them, and by the young people shouldering that responsibility.

Tuesday, 21st.

During the morning session on Tuesday the ex-President, Rev. Mr. Dethon, had the pleasure of welcoming to the presidential chair the Rev. T. B. Darby, B.A. Mr. Darby has served the church faithfully and well, and this token of appreciation by the Conference of his choice will be honorably held and treated as only a capable and painstaking administrator can.

Rev. Charles Lench was elected Secretary, and we can congratulate the Conference in its selection.

Wednesday.

On Wednesday night the Rev. S. A. Chancey preached the theological sermon with his usual acceptance and ability from the text "What think ye of Christ?"—Matt. 22, 42.

Thursday.

The various memorials and resolutions were recommended to the several committees. The morning session of Thursday adjourned at 12.30 a.m.

I. O. G. T.

The annual session of Grand Lodge of Newfoundland was convened in the Oddfellows Hall last night, and opened in Ritual form by the Grand Chief Templar, Rev. J. Thackeray. The report of the Credential Committee was adopted, and a quite a number of representatives and members were received and welcomed by the G. C. T. and took their seats. The reports of the officers were carefully prepared documents which showed the Order to be in a most flourishing condition. Grand Secretary Carmichael reporting an increase of 205 members during the year. The most pleasing feature of the session was the deep interest evoked in the Juvenile Work, a work which calls for the earnest prayers of all Good Templars. The City Temple has a membership of 200 boys and girls, and the Supts., Miss Tetford and Miss Searle, have been most attentive and painstaking during their term of office. The representatives from Fortune, Mrs. King and Mrs. Geo. Ver, received a hearty welcome, and Mr. Cameron, of Prince Albert Lodge, Carbonear, was present for the first time, and his help will be a great benefit to the Grand Lodge.

To-night's session promises to be an interesting and enthusiastic one, as the report of the Court on the state of the Order will, no doubt, reveal a year of great progress all along the line.

At half-past ten the session adjourned to meet again to-night, when all members of the Order can attend.

Capt. Barbour's Pluck.

Capt. James Barbour, of Newtown, whose vessel and all her fishing outfit was lost last week at Newtown in the storm, arrived here by the s.s. Prospero yesterday to get another vessel. His crew came with him and they will hustle pretty lively now to get ready for Labrador the second time this season. Capt. Barbour is one of our most successful fish killers. That he is not the one to lie down under misfortunes is evident by the work that he is now undertaking.

FUNERAL TO-MORROW.—The funeral of the late Mrs. Bates will take place from her late residence, 185 Gower Street, to-morrow, at 2.30 p.m.

Natural History Society For Newfoundland.

Yesterday afternoon in the Institute Room of the Methodist College was held a meeting of those interested in forming a Natural History Society for Newfoundland. The attendance was not large, but enthusiasm compensated for lack of numbers, and among those present were:—Sir Wm. Horwood, Messrs. A. J. W. McNelly, W. Smith, W. W. Blackall, S. T. Harrington and Miss Neville.
Mr. McNelly was called to the chair and gave a very admirable and inspiring address on the aims and benefits of a Natural History Society. Mr. Blackall emphasised the importance of implanting a love of nature into the minds of the rising generation.
Sir Wm. Horwood referred to the great things that might be expected from such a Society for the good of the country and the benefit of science. It was unanimously agreed that a Natural History Society should be formed, and a committee consisting of Messrs. McNelly, Harrington, Blackall, Garrowick and Rev. Bro. Ryan, was appointed to draw up a constitution to lay before another meeting at an early date.
A vote of thanks to the chairman, proposed by Mr. A. W. Bray, and carried by acclamation, brought to a close a meeting which, it is believed, will have far-reaching results for the spread and advancement of the knowledge of Nature in our midst.

Shall Man Fear Man.

The world admires a fearless man. If his fearlessness is of the kind that stands for right; not the fearlessness of a Jesse James. He must not be a man of lawlessness and lawlessness, but fearlessness as David was, when he said "What can man do unto me?" Certainly it speaks of men who have some character, some principle—who are not altogether shameless. If you save your mind made up to get new furniture or new clothing, you needn't fear for the opinion of other men. Just go to B. FRIEDMAN and get your clothing, Dry Goods and Furniture for cash or credit. B. FRIEDMAN, 301 Water Street, (Water Side), P. O. Box 5; Phone 546. Mail orders carefully attended to.

STORING EGGS.

Special Evening Telegram.
NEWARK, N.J., June 23.
Forty-five million eggs have been shipped into this country since April and placed in cold storage to remain until the big shipments of last winter are duplicated. The eggs come mostly from Indiana, Chicago and Ohio. They are purchased at an average price of from 23 to 24 cents a dozen; 2 cents a dozen is added to cover insurance and storage costs, which brings total cost up to about 25 cents a dozen. If the eggs can be retailed in New York next winter at 45 cents a dozen which they reached last winter there will be a profit of 19 cents a dozen of a total of something over \$700,000.

"The Straight Road."

Last night the Chicago Stock Co. made a big hit with the Straight Road at the People's Theatre. The house was well filled, and the audience was enthusiastically appreciative of the stirring events of a drama which depicts a side of New York life, and brings into prominence the thought, feeling, baseness, brutality, generosity, love, charity and humanity which are so strangely intermingled among high and low. The story unfolded is one of keen human interest, and shows the good work achieved in the New York slum by the Missioner's House. The stage setting was fine, attractive and appropriate. The acting was meritorious. We have not seen Miss Prae or Miss Spencer to better advantage. They both excelled in emotion. But Miss Prae shone especially in the portrayal of that pert shrewdness, quick apprehension and apt repartee which are common to the guttersnipe of New York, the gamins of Paris and the urchins of London. We commend the play to our play-goers as one which will hold their attention from start to finish.
