400 bushels White Oats, 50 choice Canadian Cheese,
5000 Canadian Cabbage Plants.
Let us know your wants.

Edwin Murray.

The Standard Recipe
for Home-made Self-Raising Flour.
To every pound of ordinary flour add 2 ozs. (one 5 cent tin) of

"Paisley Flour"
The SURE raising powder.

and mix dry. Mix it fresh every time—it only takes a minute. Stir round till the lighter coloured Paisley Flour disappears and stir through a dredger.

In this way you have a self-raising flour superior to anything you can buy—one in which the raising powder has lost none of its virtue by waiting, exposure to air or damp in shops, etc. And it will cost you no more, if not less, than ready-made self-raising flour.

Paisley Flour is sold in 2c., 1c. and 5c. tins. The 2c. tin will raise 7 pounds of flour.

POTATOES, OATS, etc.

Now due: P. E. Island Potatoes, Black and White Oats, Bananas and Cabbage.

SOLIGNUM.
A Remarkable Test! Locally made by Messrs. W. & G. RENDELL.

To test Solignum as a preservative for wood against the attacks of Worms, we tried a piece of 2 x 4 spruce, about two feet in length, by painting one-third with Solignum, leaving the balance clear wood, this we suspended by a wire through the centre, in the water about one foot from the bottom, immediately over a pile of stones the remains of a sunken wharf (which is the place where our Wharf Shores are eaten off first) for Three Months. On taking it up at the end of that time we found some half-dozen small holes only a very short distance in the clear part of the wood, which shows the liquid had penetrated through the whole piece and the worms had hardly begun boring before coming in contact with it.

Last year as a test of some brands of Copper Paint we handle, we had a similar piece of wood treated at both ends, leaving the centre third clear; this was in exactly the same place as the piece for the Solignum test for Three Months and Three Days, when taken up the painted ends were perfect but the centre was riddled with worm holes.

Both these pieces of wood are to be seen at our Office by those interested in the preservation of Wharf Piles or any other wood work.

Solignum is For Sale in 1 & 2 gallon tins in Newfoundland by W. & G. Rendell, Water St.; Ayre & Sons, Water St.; Bowring Bros., Water St.; Bishop, Sons & Co., Water Street; A. H. Murray, Water St.; C. F. Bennett & Co., Water Street; Royal Stores, Ltd., Water St.; Goodridge & Sons, Water St.
