Ripper Kills Eight Girls in 8 Weeks.

A Negro in Atlanta Imitates Crimes of London Whitechapel Fiend—No Trace of Monster Found—Pure Blood Negro Women Not Touching Young Women Afraid to Go Out, Conjuring up a Being Something More Than Human.

Atlanta, Ga., July 5.—A series of murders of attractive-looking mulatto and quadroon women—eight murders in all, in eight consecutive weeks, each occurring on a Saturday night—has completely baffled the police department and sent terror to the hearts of the negro population of the city and surrounding territory. The latest victim was murdered last Saturday night.

Killings of negroes by negroes are frequent enough on Saturday nights, when blind tiger whiskey has been flowing freely; and if the murders had been of the ordinary kind where there is a heated quarrel, a blow, the crack of a pistol, or the glitter of a knife in any of the many dives and dance halls of the city, little would have been thought of them.

Heartless and Unerring. But a new variety of negro murderer—for it is assumed beyond question that he is a negro—has suddenly appeared. He is as heartless and unerring as "Jack the Ripper," whose gruesome murders in the Whitechapel district of London over 20 years ago startled the whole world.

He displays the same diabolical cunning, the same fiendish desire to trip and tear and mutilate after once death has been inflicted. And strangely enough, the bloody work betrays the fact that he possesses no little knowledge of anatomy.

The first stroke is always in a vital spot and death is dealt out with absolute certainty. It is afterward that the swift, silent carving of the victim—always in the same region of the body—begins. The body is then left in some dark, obscure alley. Pos-

sibly the crime is not discovered until Sunday morning. At all events, it has been the same for the last eight weeks, the murderer escapes leaving no clue to his identity.

Physical evidence goes to show that the murderer is not committed after the accomplishment of the usual crime for which negroes are frequently lynched in the south. Rather it is thought to follow the awful mania of a diseased mind which in other subjects is rational enough.

Victims all Good-Looking. In each case the victims have been good-looking and neatly dressed. More than one of them has received an education in one of the many schools for negroes founded by the philanthropic people of the north.

The average negro is a gregarious and child-like creature, easily swayed by the impulse of the moment. When he stoops to crime of the murderous kind it is usually the swift result of hot and unbridled passions getting the better of him, or when his brain has been befuddled by whiskey. He seldom plans for days ahead, as apparently the slayer did in these murders. And yet, in support of the theory that it is a negro is the fact that the habits of the victims, what time they leave work, where they live, and the most likely place for the commission of the crime, are known in a town where making and carousing for the average Atlanta negro after his day's work is done. Arm and arm, men and women loiter up and down certain streets, picking guitars, thumping banjos, singing, laughing—a carefree, happy, irresponsible lot. They have their jealous quarrels, fights and killings, but a Saturday night tragedy does not linger long in their memories, and they are taught little by experience as a general rule.

Terror Among the Women. But this human monster that has slain among them and dealt out death so unerringly has caused fright to grip them. They have conjured up a being something more than human, possessed of supernatural powers—an ogre, a fiend incarnate—and when Saturday night comes scores of bright, yellow-skinned girls, who were wont to laugh and joke and coquette with the men of their race as they strolled from place to place, are

huddled up at home behind closed and barred doors, afraid to venture forth.

Not in a single instance has an out-and-out black woman been murdered in the manner described, and the word has gone forth among them that they are safe.

It would seem that all of the negroes had been killed with the same instrument, a razor or a sharp knife such as surgeons use. Save in one instance, the throat was cut and the wound was neat. No stab marks were evident.

All wounds were made as if the victim had been seized suddenly, head back and the blade drawn swiftly across in a horizontal direction. The jugular vein was in each case completely severed.

Six bottles of Stafford's Liniment will cure Rheumatism.—July 6.

Mr. and Mrs. George Shea left by the Monongahela to-day for a two months trip to England and the continent.

STAR OF THE SEA ASSOCIATION. A special meeting of the Star of the Sea Association will be held on Sunday, 16th inst., at 2:30 p.m. A large attendance is desired. By order, WM. F. GRAHAM, Secy.

TEACHERS.—We are selling for a short time a large stock of Organs, Pianon and Musical Merchandise at cost and charges to admit of changes in business. No better opportunity ever offered to secure an instrument than this. See us early. Sale time is limited. CHESELEY STORE.

SCHOONERS FISHING HERE.—There are now about 20 schooners in the harbor fishing from this port, some belonging to Conception and Trinity Bays and others from Burin and other places west. Fish is plentiful off this port and these vessels are doing well.

HAD HIM ARRESTED.—Last evening a man who while under the influence of drink went to his house and raised a shindy was arrested by the police. His wife fearing he would do himself or his family some injury had to call the officers and get him taken from the house.

RETURNED POORLY FISHED.—The Twillingate fleet of craft which fished on the French Shore this season did very poorly, and have all returned, their catches running from 50 to 70 qts. Traps at Twillingate average little over 100 qts. each, and a trap at Seldom is reported for 300 qts.

SHOULD BE STOPPED.—For several nights past people living in that vicinity have been annoyed by the disorderly conduct of certain persons at the Lower Battery. Men and women indulge in a wordy war and their language is something awful. The most fearful imprecations are heard, and if a stop is not put to it quickly the orderly element there will invoke the aid of the police.

Excursion to Carbonear.

Bell Islanders Visit Historic Carbonear.

On Saturday, July the 8th, the S. S. Progress steamed from Bell Island to Carbonear, carrying an excursion party, comprising the Dominion Football team, to spend what proved to be a most enjoyable time in that important town of Conception Bay. The football team were the guests of a well-known gentleman at present residing at Bell Island, and well known in sporting circles. They were accompanied by several officials of the D. I. and S. Co., and supporters of the team, while the lady friends of all who made the excursion much more enjoyable, were conspicuous in their gala attire, sporting the red and grey colors. Arriving at Carbonear dinner was partaken of at the McCarthy Hotel, when the sights of the town were taken in, all driving around. Later in the evening a football game took place on "Pike's Field" between a picked Carbonear team and the Dominion team of Bell Island. The Dominion's winning easily by 4 to 0.

It is but fair, however, to the Carbonear folks to say that several of their best players were unavoidably out of town, Saturday night an enjoyable dance was held by the visitors at McCarthy's Hotel, all dispersing at midnight.

On Sunday about noon most of the visitors left in carriage for Heart's Content, where an enjoyable evening was spent, return to Carbonear being made at 8:30. Others spent the day driving to Harbor Grace, Victoria Village, The Valley and Freshwater. On the whole a most enjoyable day was spent and Carbonear appeared to be gay, 29 bankers being in the harbour all Sunday (which we understand is about the largest number ever there together). At 10 p.m. all wended their way to the Government wharf where farewells were made, and the visitors embarked for the "Iron Isle," regretting that such an enjoyable excursion had ended all too soon.

Just one word, before concluding, on behalf of the Bell Islanders, who wish to publicly thank the good people of Carbonear and Heart's Content for

Canadians Beaten.

London, July 6.—Canada's boxers and wrestlers, in the festival of Empire sports, were both beaten yesterday. Julius Thompson, the Toronto heavyweight boxer, drew a bye in the first series of the boxing. Hardwick of Australia, beat Herzl, of the United Kingdom. Thompson was beaten in the first round of the final with Hardwick.

Walker, the Canadian wrestler, beat Smith, of Australia, in the preliminary bout, but was beaten by Bacon, of the United Kingdom, in the final.

Mr. John Taylor the well known shipwright who went up to New York on the Florida returned by that ship yesterday. Mr. Taylor had with him a large staff of shipwrights who all the way up and down while the ship was in Halifax and New York worked with despatch putting up new steering accommodation on her. A fine new apartment has been completed, excellently fitted up, and the ship will be able to bring for more second class passengers than heretofore.

Meeting Last Night.

To Arrange for Reception of Papal Delegate. Last evening a meeting of Roman Catholic citizens was held in the Star of the Sea Hall for the purpose of making initial arrangements for the reception of His Excellency Monsignor Stagni, who is expected to arrive here from Ottawa on the 21st inst. On motion of Mayor Ellis, seconded by Mr. W. J. Higgins, Mr. Justice Emerson was appointed Chairman and Messrs. J. L. Slattery and W. J. Higgins, Vice-Chairman and Secretary respectively. On taking their places at the board, the committee of two representatives from each society in the city then went forward and business began. The committee formed of two delegates of the societies reported as to the progress already made by them. The following were then added to the number chosen to form an Executive Committee and with power to add to their numbers: Hon. J. Harris, Hon. M. P. Gibbs, F. J. Morris, V. P. Burke, J. M. Kent, F. C. O'Driscoll, J. T. Martin, M. Power, J. J. Mullaly, W. J. Carroll, J. J. Bates, J. P. Grace, M. W. Myrick, C. Hutton, Capt. E. English, N. J. Murphy, M. J. Kennedy, N. J. Vinnicombe, F. J. Doyle, J. P. McLoughlan, G. P. Power and J. J. Channing. Details will be arranged by the committee and it was unanimously agreed that citizens will meet the Delegate on arrival on the Rosalind, no matter at what hour she comes. A great deal of enthusiasm was manifested at the meeting, and on a subscription list being opened to raise funds for expenses, a liberal amount was subscribed. Those who were not at the meeting and wish to subscribe may send in their donations to the Secretary. The Executive Committee will meet to-night in the Star Hall to begin work.

NEW TURNIPS OUT.—Mr. W. Campbell, butcher, is generally the first to have new local produce on the market. Yesterday he had some turnips grown on his farm for sale, and they were large for this early season.

Park Concerts.

Editor Evening Telegram. Dear Sir,—Attracted by the large number of people I saw going into Bannerman Park last evening, I chanced to drop in and see the picture show and pathophone concert, and I felt charmed with the fine pictures thrown on the screen and the sweet selections from the instrument. I was told these concerts are given three nights each week free. As the summer season is so short could not the Council arrange to give a small donation and have these concerts nightly for the season, or say to charge one night in each week a small admission fee to cover expenses for the week I am sure, Mr. Editor, the public would not object to anything reasonable at the Park is the only place the people have to go after tea, and with the attraction of a picture show and music each night the rich and poor alike could enjoy a few pleasant hours in the fresh air.

TAKE NOTICE.

NOTICE IS HEREBY GIVEN that all those who intend entering for this year's regatta should be starting to train p u r c h a s e one or more bottles of "Stafford's Liniment," as they will find that it is one of the most penetrating, invigorating and cheapest liniments on the market. People find that once they have used it never trouble any other kind. The sale for this liniment is increasing every day, and not a single person having used it can say that it was not better than a certain other kind. Remember this is "Stafford's Liniment" we are talking about and no other. For sale everywhere. Manufactured by DR. F. STAFFORD & SON, Theatre Hill.—July 14.

McMurdo's Store News.

FRIDAY, July 14, '11. Seasick Remedies—McMurdo's and Zotos—have come to stay. Both have been highly recommended for the purpose of preventing or curing the distressing symptoms that make the very thought of a sea voyage so distressing to many. In very many cases these preparations have availed to make a voyage what it ought to be—a real pleasure. Price (each, two sizes) 50c. and \$1 a package. McMurdo's Never Failing Itch Ointment is well named. It is certainly the best of the many things of the kind, and will do the work promptly and effectively. Price 25c.

Stars Beat Casuals.

The Stars and Casuals met in the League football match on St. George's Field last evening and an interesting game resulted. It was perfectly calm, a large gathering of spectators were present, and winning the toss the Casuals defended the western goal.

When the ball was put in play the Casuals took a run east and made a couple of attempts to score but failed, they then secured a corner which was well placed but was taken out of danger by the Star backs, and the boys in pink, white and green then got the ball up field, Duggan took charge of the leather and passing to Rolls, who took Adams place and played a good game, though out of practice for several years, he shot No. 1 into the goal for the Stars admit much applause.

For a while after there was some fast play in midfield; the Casuals had another look in on Clare but the backs cleared well and soon after they secured a corner from which nothing materialized. The Stars once again got west and Brien had a trial, dropping the ball on top of the net. Off a foul against Shortall, Morgan got two shots but failed, and soon after Foster saved a difficult shot from R. Jackman. Getting east the Casuals kept the ball for a while on Star territory. Cunningham sent in a hot one which Clare barely saved, and soon after Lumsden sent in one but the backs got it out of the danger zone in good style. The Casuals gave a nice exhibition of passing; hands were recorded against Miller, and Toby Jackman came within an ace of beating Foster. With a rush the Casuals got east and Lumsden made another neat trial, missing the goal by a few inches. The half time whistle now blew and the teams crossed: Stars, 1; Casuals, 0.

HALF TIME.

At the start the Casuals invaded Star territory; there was fast play in the Star goal for a while; the ball was taken east again by the Stars. Brien missed a fine chance to score in an open goal; the Casual backs and goal tender worked well, and Brien had another trial but Foster saved neatly. Hands were now recorded against Lumsden. Duggan sent in a shot which struck and rebounded from goalkeeper Foster and was met full tilt by Brien who placed No. 2 in the twinc for the Stars amidst much applause. Fast work was now the record for both teams, the Stars fighting hard to increase their score, and the Casuals to even up the game. Both teams secured corners; fouls were given against either alternately but nothing resulted. The Stars played a rattling game during the latter part of the half which concluded: Stars, 2 goals; Casuals, nil. Mr. W. J. Higgin, referee.

Mongolian Arrives and Sails Again.

The Allan Liner Mongolian, Capt. Peters, arrived here at 7 p.m. yesterday after being out in the fog off the port for nine hours, while often her whistle could be plainly heard by people standing along the water front. She was picked up 7 miles off in the dense fog by Pilot Capt. Horwood and brought safely to port. She left Philadelphia at 8 p.m. Saturday and had splendid weather right along until early yesterday morning when she encountered dense fog after passing Cape Race. She brought 210 tons cargo, one bag of mail and these passengers from Philadelphia:—G. G. and Mrs. Sonburne, Miss Mary Wine, G. F. Snyder, W. F. Phillips, Misses Edith and Kathleen Shears, R. F. Eckman, Adele Ordycyk, John Ordycyk, Jas. Nelson, Jr., Rev. W. H. Anthony, C. S. Williamson and 2 in second cabin. Her passengers for Liverpool were: John Stick, James Stick, J. McCarthy and bride, J. Lumsden, F. and Mrs. Burnham, Miss May Purlong, G. and Mrs. Shea, Mrs. J. Ledingham and infant, Mr. Atken, W. V. Dryton, A. A. Barnes, H. E. and Mrs. Cowan, Mrs. Buckfield, A. Grieves, W. F. Hutchinson, Dr. C. Buffet and wife, Miss Buffet, Nurse Travers and one steerage.

On entering port the ship had a heavy starboard list, but when the cargo was trimmed away and the goods for her discharged she was soon on an even keel. She sailed for Liverpool this afternoon.
