#### Fares for Cabmen.

The scale of charges, which we uncabmen, will form a basis of discus- public. sion between them and the City Council. We do not presume at this stage to offer an opinion. Cabmen are entitled to fair treatment, and so are the public, and it is the interests of ! the public which have been committed to the charge of the City Council by the Legislature. But due re gard must be paid to the heavy cost of outlay and upkeep under which cabmen labour. Horse flesh is dear, so are carriages and sleighs and feed, and the city and its suburbs are hilly and trying to horses, so that cabmen are forced to keep two or three horses in order to be constantready for hire. The nowers under which the City Council will act were conferred last session and extend to I the hiring of cabs within a twelve e limit of the City Hall.

pecial to Evening Telegram. LIVERPOOL, To-Day. A reign of terror existed here last night. Troops are pouring into the city with the object of putting down isorder. A special guard was detailed to protect the landing stage of the transatlantic steamers, which, s asserted, the rioters had planned o destroy by fire. Five prison vans scorted by Hussars, which were carrying miot prisoners from the Police Court to Waltham Jail, were at tacked by three thousand members of the roughest class in Vauxhall street, who tried to rescue the prisoners. The mob attacked the soldiers with missiles of every description. Defending themselves the Hussars fired First blanks were used, then ball cartridges. One man was killed and many were wounded. The troops then charged the mob with drawn sabres and cleared the street. So daring were the rioters that one of them tried to unhorse an officer who was bliged to use a revolver, wounding the man. Another, but less serious affray, in which the troops were again compelled to fire, took place on Bond Street. Only a few persons were wounded here. In each case the troops were ordered to fire. Many of their number had faces streaming corner of Blackmarsh and Mundy with blood from injuries caused by stones and bottles, thrown by rioters, Before enforcing a general strike or-4 p.m.-Marathon Race starting der, the strike leaders have decided to allow the railroad companies 24 hours to agree to meet representatives of the employees to discuss grievances
