## GO UP IN FLAMES.

Further particulars of the destruction by fire of Mr. Gillam's house at South Branch on the 14th inst. were received in a letter to the Deputy Minister of Justice from Magistrate McDonald of St. George's yesterday. At the time of the fire the occupants of the house, six in number, were attending Mass at the R. C. Church. With the exception of one chair and a mattress the house and its contents were completely destroyed. But worse of all, the whole life savings of the family, a sum of money amounting to \$2,000, went up in flames. All the furniture and household possessions are the clothes that they were wearing at the time of the fire. There was no insurance carried and the origin of the fire is unknown.

**SHOULD MOVE IT AT NIGHT.**—A number of farmers were busy carrying loads of damaged salt fish from a skidway premises chint to the country this morning, where they intended to use it for fertilizer. The aroma from the contents of the carts as they passed along Water Street was most pleasant, and should, we believe, be moved at night when pedestrians are not so plentiful along the thoroughfare.

## AT HOME PORTRAITURE!

Portraits can be made in the home just as satisfactory as in the Studio. If you won't come to the Studio, we will bring the Studio to you, or its essentials. W. Parsons has had a unique experience in this branch of Photography. When with Messrs. Elliott & Fry, the world-renowned Photographers, in London, England, his particular line was photographing people in their homes. Among the many distinguished people he has photographed were Signor Merry Del Val, Papal representative at the Coronation of the late King Edward VII; the Duke of Norfolk, the late Lord Roberts, the Duke of Grafton and many others. In this respect he gave Messrs. Elliott & Fry every satisfaction.

Terms for attendance will be given at the Studio.

## FRENCH REFUGEES AT PARIS.

WASHINGTON, To-day. A thousand French refugees from districts around Lille and Roubaix have arrived in Paris, according to a despatch from France to-day. These people were sent out by the Germans during the last week of December and traveled through Switzerland. The despatch says: They are fully convinced of the ultimate success of the Allies and their patriotism is undimmed by hardships.

## VON HERTLING'S SPEECH ON THURSDAY.

COPENHAGEN, To-day. The Zeitung Amnittel, of Berlin, a copy of which has been received here, says that Count Von Hertling, the Imperial German Chancellor, will deliver his proposed speech to the Reichstag next Thursday. The paper adds that Dr. Von Kuehnemann, German Foreign Secretary, is conferring with party leaders, and that he will participate in the debate which will follow the Chancellor's speech. The debate is expected to last three days.

## CRISIS IN AUSTRIA.

The crisis in Austria, arising from discontent of the people over the continuation of war and the scarcity of food and a general desire for peace, resulted in the resignation of the Austrian Cabinet. For weeks there has been bitter opposition to the Government on the part of the people, and during the past few days this has resulted in a nation-wide strike and disturbances.

## AUSTRIAN AFFAIRS.

WASHINGTON, To-day. Labor disturbances in Austria are described as political rather than economical, in an official despatch received here to-day. Demands made upon the Government in the statement of the Committee of Directors of the Socialist Party of Austria are as follows: First, formal assurances that negotiations at Brest-Litovsk will not run the risk of failure because of territorial exigencies of any kind. Second, complete reform in the provisioning system. Third, the immediate proposal of a bill to establish universal equal and direct suffrage in a communal election. Fourth, annual measures which have been taken to militarize the work in factories, and which have deprived the laborer of all his rights. It is reported that only one paper has appeared in Vienna since the trouble began, and that one is now being tried in size. Negotiations are said to have taken place between Von Seydler, President of the Ministry, and other ministers and workers' Socialist Deputies. Von Seydler, in a long statement, declared the Government would do its utmost to obtain general peace and that it didn't wish for an increase of territory at the expense of Russia. Regarding Poland, he asserted Austria would regard it as an independent state, and that it didn't wish to dictate its constitutional form or impose forced relations in case she should decide her own fate by popular vote.

In response to this it may be said no Government, even in war time, acts in advance to public opinion. Governments for the most part, and especially in democratic countries, follow and don't lead. It is true that there is most urgent need to obtain every possible penny from every individual in the country for the state; we must bring our influence to bear on rich and poor and very especially upon well-to-do, as the small investor is doing proportionately better than those who were well off. We may attribute this to the war savings movement.

## FUEL SHORTAGE.

OTTAWA, To-day. An important meeting of the War Committee of the Cabinet was held to-day on the fuel situation and to advise measures for relieving it. The meeting was attended by Mr. McGrath, Canadian Fuel Controller, and Sir Joseph Flavelle, Chairman of the Imperial Munitions Board. Information submitted showed that the present fuel shortage in the United States, resulting in the drastic expedient of closing down plants for a period, is due to the difficulties of transportation rather than actual shortage of coal. In Canada the problem of fuel supply has been less acute. Transportation difficulties have not been so great but the situation is admittedly serious, particularly in view of the fact that Garfield, the American Fuel Controller, has found it necessary to divert substantial quantities of coal intended for shipment to Canada to points in the United States. In view of these conditions it was decided that immediate action be taken to secure increased production from mines from eastern Canada, measures being employed at the same time to speed up the bunkering of ships in our eastern ports. McGrath left for Washington this afternoon to confer with Fuel Controller Garfield. It is understood the Canadian Government is co-operating with the American Government in an effort to meet the present fuel crisis.

## AUSTRALIAN WHEAT CROP SHORT.

ADELAIDE, Australia, To-day. (Via Reuter's Ottawa Agency).—The Government's estimate of the wheat crop of South Australia is 26,000,000 bushels as compared with 45,000,000 last season, which record decrease is due to the smaller area sown and also to the destruction by mice and after sowing, and excess of rain and dust.

## COLONEL REPERTON RESIGNS.

LONDON, To-day. The bitter attack on the War Office and higher command of the army by the Daily Mail has caused a decided stir throughout the country; coincident with this comes the report of the resignation of Colonel Repington, Military Correspondent of the Times. Both papers are under Lord Northcliffe's direction and the public couples the two incidents. Colonel Repington told an interviewer to-day he had resigned on public grounds and protested strongly against what he termed intrigues against the army by politicians. In the same interview, he said, the Government had lost the confidence, not only of labor, but of the great majority of the people and existing methods are allowed to continue, will succeed in wrecking both military and naval services. The great crime of the Government is that it will not tell the nation the truth. Declaring that the army has seen one good man after another sacrificed to cover up the blunders and intrigues of politicians, he continued twelve months ago the Government knew quite well what the position was. It was placed before them in a memorandum by army authorities, but no effort has been made to meet that demand; the same game was played in 1915, the first to shift the responsibility for blunder from politicians to soldiers and sailors. Repington is considered the foremost military critic in England, and is credited with excellent inside knowledge of the army, and acquaintance with high officers.

## U. S. GUN BOAT FIRED ON.

PEKIN, To-day. The American gun boat Monocacy was fired on by the Chinese, fifty miles above Yochow on the Yang-tse-Kiang, yesterday. A sailor named O'Brien was killed and two others were wounded. It is presumed that the assailants were a detachment of the southern revolutionary forces.

## THREE LABORERS KILLED.

SYDNEY, N.S., To-day. Three foreign laborers employed by Bouvier & Co., of Halifax, who have a contract for the construction of sewer work at Sydney, were run down and killed by a Sydney and Louisburg train last evening.

## NOTHING TO REPORT.

LONDON, To-day. The war office report to-night says: The enemy's artillery was active during the day west of Louvain otherwise there is nothing to report.

## PLOT TO BLOW UP CARS.

BUENOS AIRES, To-day. The police discovered to-day a plot to blow up five tank cars loaded with alcohol bound for the Entente Allies. A burning fuse was removed from one of the cars just in time to prevent an explosion.

## CARSON'S RESIGNATION.

LONDON, To-day. In a letter to Premier Lloyd George Sir Edward Carson says regarding his resignation from the Cabinet, that when he joined the Government he had no consideration in mind except the prosecution of the war, and had not anticipated that the Irish question would be reopened during the war. Subsequently, the letter continues, when the convention was proposed, I used my influence to induce friends to participate in an effort to reach a settlement, but on account of the position I held as member of the Government and leader of the Ulster Party I feel it incumbent on me to stand aloof from the convention. It is, however, apparent that whatever the issue of the convention, its proceedings may lead to a situation demanding decision by the Government on grave matters of policy in Ireland. After anxious consideration I feel that it would be advantageous for the War Cabinet to discuss this policy without my presence. I also desire to be entirely unfettered in forming judgment on any situation that may arise, taking account of the supreme duty that rests on us all in assisting the prosecution of the war and my personal obligations as leader of the Ulster Unionist Party. I should like it clearly understood that since I joined the Government there never has been any matter of policy either in connection with the conduct of the war or principles or aims for which we are fighting, where I found myself in disagreement with you or my other colleagues in the War Cabinet. I very much regret this severance from the Government there never has been any matter of policy either in connection with the conduct of the war or principles or aims for which we are fighting, where I found myself in disagreement with you or my other colleagues in the War Cabinet.
