Municipal Council.

The regular session of the Municipal Council was held last evening. The Mayor presided and all the members of the Board were present.

After reading minutes and passing pay rolls, bills, etc., the following matters were disposed of:

A letter was read from the Colonial Secretary acknowledging receipt of Council's letter in relation to financial matters. It will be brought to the attention of the Executive Government.

C. J. Fox, on behalf of the S.P.C.A., asked Council's attention to road Southside, and also to the condition of Barter's Hill. Council recognizes the needs referred to.

A number of residents, Carter's Hill, applied for sewerage. Engineer will report.

W. P. Butler asked permission to erect a fence on Pleasant Street. Engineer will be asked to report.

Ed. F. Murphy applied for sewerage installation under Small Homes' Act. Application granted.

Thos. Lawlor applied for water and sewerage under Small Homes' Act. Mr. Lawlor will have to make an effort to put in the sewer himself as already arranged.

H. G. Herder applied for permission to repair house on Hagerty St. Plan and particulars required.

E. J. Horwood asked permission to make addition to coachhouse. He will be asked for plans and particulars.

Application of Mrs. A. Hamlyn to cover roof of building, Plank Road, was read. As this building is there against the law, the Council has no power to grant a permit.

A. E. Hickman & Co.'s plan of building, Southside, passed, provided he assumes all responsibility as to the retaining wall adjoining the road.

The City Engineer reported on sewer extension on Leslie Street. This extension will be made and the parties written that own the land to contribute towards cost.

The obstruction complained of at the Battery was removed during the week.

The Engineer reported on cost of repairs to fish markets and public closets. Deferred to meeting Wednesday night next.

Application of Nicholas Callahan to felt roof, No. 6 Gower Street, was referred to the Engineer.

A requisition for uniforms for Sanitary Inspectors passed. Traders will be asked.

Councillor Mullaly spoke of the financial condition of the Council and the fact that there was no definite reply from the Government and it was necessary for the Council to keep things going. He proposed, seconded by Councillor Vinnicombe, that the Government be asked to guarantee a loan of \$40,000. The Mayor, Councillors Brownrigg and Ayre, as well as Councillors Tait and Morris, objected to the scheme as being unsound, and the motion was deferred.

The Mayor held if there was no relief afforded by the Government, as proposed in the letter sent them, there were only two ways of meeting the difficulty, one was to cut down expenses and the other to increase taxation.

After disposing of some routine business, the meeting adjourned.

McMurdo's Store News

FRIDAY, May 3, 1918.
We are pleased to be able to announce that we again have the means of making Soda Water which we are now dispensing ice cold in all the popular favours. We have also milk drinks, grape juice, etc., for those who prefer these latter.

Cauthardine Hair Tonic, is as well as being one of the best hair stimulants and one of the most effective scalp and dandruff remedies in the market, is an excellent hair dressing as well, giving a bright sheen to the hair, and improving it in every way. If your hair is dry and brittle or thin or inclined to come out, get a bottle of this splendid hair tonic. Price 35 and 60c. a bottle.
