"Dinty" Has Laughs, Tears and Thrills.
 WILL BE SEEN AT NICKEL THEATRE MONDAY.
 The attraction at the Nickel Theatre, beginning Monday, will be "Dinty" in which young Wesley Barry makes his bow to the picture-loving public in his first actual starring vehicle, directed by Marshall Neilan, who also wrote the story himself.
 Advance reports state that the freckle-faced youngster of "Daddy Long Legs," "Don't Ever Marry" and "Go Get It" has in this latest film made the finest performance of his brief but brilliant career.
 "Dinty" is the tale of a fighting San Francisco newsboy. "Dinty" O'Sullivan. It deals with his rise to the head of the Newsboys' Trust, and the prominent part he plays in running down a band of Malay highlanders who have stolen the assistant district attorney's fiancée. Patches, humor, romance and adventure are the four elements that Marshall Neilan has woven into the plot.
 Marion Fairfax, the clever subtitle of "Go and Get It" and other screen successes, prepared the scenario for "Dinty" from Mr. Neilan's story. Many of the scenes were photographed in San Francisco's Chinatown and waterfront, and some remarkable effects are said to have been obtained.
 David Kesson was the photographer and Ben Carré the art director. "Dinty" is Marshall Neilan's latest release through Associated First National Pictures, Inc.

 Mrs. David Logan, Thornburn, N.S., writes: "A friend of mine whom I went to see after baby was born told me she used Dr. Chase's Nerve Food all through the expectant period and attributed her good condition and splendid baby to its use."
