If you buy the cheapest soap you apparently save three dollars a year.

But because cheap soap will rot your clothing and damage your hands.

3. You will really not save a dollar, on the contrary, you will lose money.

Cheap impure soap will ruin your blouses, waists, collars, stockings, underwear, blankets, etc., and by using cheap or impure soap to save, apparently se dollars a year—you will possibly lose, if your family is large, a hundred dollars worth of clothing.

# Read the Sunlight Soap Guarantee of Purity

HERE IT IS—"One thousand pounds (about five thousand dollars) will be given any person who can prove that Sunlight Soap contains any form of adulteration whatsoever or contains any injurious chemicals.

This one thousand pound guarantee of purity must mean that Sunlight Soap is purest, best and most economical of laundry soaps
