

## In the Realms of Sport

### HALIFAX HERALD ROAD RACE, O'Toole And Bell Were Given Big Welcome Upon Arrival.

HALIFAX, Oct. 14.—R. O'Toole, St. John's, Newfoundland runner who is entered in The Herald and Mail modified marathon to be run on Oct. 25, arrived at Halifax yesterday on the steamer Rosalina, accompanied by John Bell, who was second two years ago in the race. Bell is not entered in although he may be a starter. He made the trip for the sole purpose of helping O'Toole to win fame for the Old Colony. The Newfoundlanders will probably do most of their training out of town, with an occasional trip over the course. O'Toole is a strong runner and will be one of the favorites in the event.

The decision of the management of the race to have the start in the afternoon instead of the morning has met with the approval of the public. In previous runs the start was made at noon, an hour which deprived some thousands from seeing the race. By starting at 3 o'clock it is predicted that fully 3,000 people will be able to see the event.

Nineteen entries have been received for the race, with many more in sight before the end of the week. Prospective starters are reminded that the list closes on Oct. 20th, and that no entries will be received after that date. This is done to protect the public who are interested in more than one.

Young runners are not delaying their entries and realize that the early entrants will be given a place in the first row that starts away on the long grid. Merchants are greatly interested in the race and several have offered special prizes for achievements to be announced later. C. B. Wilson, a young Wanderers runner who was second in the boys' race at Dartmouth on Saturday, will be a competitor in the big run October 25. He is a strong runner and his friends believe he will make a fine showing.

**Parrsboro Star Coming.**  
Parrsboro will be represented in the race by Harold B. York, who was eleventh last year. York finished fifth in the Amherst ten mile race on Labor Day and is confident he will do better in The Herald race this year. Frank Corkum, fourth in the run last year and who has been going better than ever, will run for the Wanderers Club. His home is in Lunenburg. Corkum will have as a running mate, Donald Young, young local star. This pair with Wilson and Earl Cooke, hope to be able to place the winning team in the race.

**Yeomans From Truro Club.**  
Truro Y.M.C.A. will be represented in the classic by Lewis Yeomans, walker and runner of note. This young man has been training faithfully for several weeks and will be after Victor MacAulay's crown, when the field is sent away from the Y. M. C. A. building on Barrington Street. It is many years since Truro has had a representative in the race and Haligonians

are pulling for Yeomans to make a good showing.

### Wilbert Mosher Enters.

Wilbert Mosher, veteran runner from Woodside entered yesterday. The big event would not be complete without the popular Woodside man. Mosher has been on nearly all of The Herald runs and has always finished high. He is a clean living young man and in this way he has been able to hold the stamina required for marathon running.

### FOOTBALL

#### M.C. and St. Bon's Battle To A Draw.

The second game of the inter-collegiate football series was played on St. George's Field yesterday afternoon, when the Collegians and St. Bon's teams played to a draw, no goals being scored. Owing to the rainy weather the past few days, the ground was in poor condition and the players found it difficult to control the ball. Throughout both periods the players of both teams exerted every effort to score, and the work of the forwards was very effective. However, despite the best efforts put forward, it was impossible to beat the defence lines, and when the final whistle sounded, no score had been recorded.

Mr. E. Churchill was referee. The next game takes place to-morrow afternoon (Saturday) when the contesting teams will be the Collegians and Feildians.

### Healthy Women, Happy Homes

Good dispositions succumb. Irritability and snappy retort take the place of happiness and amiability. Sunshine is driven out of homes; in fact, they are often wrecked, and friends are estranged because women suffer with ailments peculiar to their sex. The use of Lydia E. Pinkham's Vegetable Compound will overcome such ailments and restore health and happiness. Do not resort to strong stimulants or narcotics when this great strengthening, healing remedy made from roots and herbs is always within reach.

### Body of French Seaman Found

A message from Mr. C. C. Pittman, of Lunenburg, to the Department of Justice, was received yesterday, and reads as follows:—"Another French seaman picked up to-day at Morgan's Island. No identification marks except boots and clothing, certainly French. All three bodies picked up within radius of three-quarters of a mile. Body will be buried in Roman Catholic cemetery."

### Personal

Mr. P. K. Davine arrived from Montreal via Halifax by the Silvia yesterday. While in Montreal Mr. Davine underwent an operation which proved very successful and returns home feeling in the best of health.

### Miss Anderson Addresses Rotarians ON CHILD WELFARE WORK.

Following up the special program outlined for the month of October by the St. John's Rotary Club, by which it is hoped to obtain first hand information regarding the needs of the city in respect to Welfare and Nursing Work, the Club was addressed yesterday by Miss Janet A. Anderson, Supt. of the Child Welfare Association of this city. Miss Anderson told a very interesting story; her address brought out many facts that were new to Rotarians, and she is indebted to be complimented on the thorough knowledge of the work she is engaged in.

In referring to the work that is being done in the city, Miss Anderson explained that nurses are especially trained for this work, and get a general idea of social conditions during their period of training, when they have opportunities of observing the people who come for treatment and the type of disease that may have to be dealt with.

Most of the work in St. John's is accomplished by the visiting nurses, the city being divided into three districts. Each month an average of 120 babies are born in St. John's, so that these nurses are kept constantly on the go as they visit the babies when they are a few days old and keep in touch with both mother and baby in an endeavor to keep them well. Full particulars of all babies are filed and indexed, and at the present time over 2,000 names are recorded at the centre; this work being started in Jan. 1923.

Another important activity in connection with the Welfare work is the Welfare Centre itself, where mothers may come and get advice, and where the babies can be weighed periodically so that proper care may be taken to ensure their progress. The Centre also operates a Dental Clinic for mothers, and this is a branch of the work that should be extended, as experience has shown that the majority of mothers who have attended the Dental Clinic required full extraction of teeth, and were rapping their vitality and weakening the resistance powers of the system. Sewing classes are also conducted and educational talks to mothers are given periodically. The one great drawback in connection with the Centre is the lack of accommodation, and on Clinic days the one room available is overcrowded and proper attention cannot be given the mothers and babies that attend.

Passing on to the urgent needs of the City, the one outstanding feature Miss Anderson said was the housing and sewerage question. Another was the lack of accommodation in the hospital for children. In this connection it was pointed out that in the General Hospital only 110 beds are available to serve approximately 200,000 people, and out of this number, three cots are open to babies and perhaps 8 or 7 for children.

A nurse to visit the schools would also be of valuable assistance, and a well trained person visiting the schools periodically could in many cases render valuable services by timely advice to the children that would be brought into contact with it. In this connection the Municipal Council has powers under section 194 of the Municipal Act to assist in a movement of this kind, and the thought was left with the Rotarians that this is a branch of service that might be looked into.

The speaker stressed the need of better social legislation and instanced the case of the Milk supply which should be governed by strict legislation, providing penalties for non-enforcement. England has recognised the importance of this subject by introducing legislation to protect her people, but even in England the Milk supply is far from ideal.

Midwifery is another matter that should be controlled by suitable legislation, and the speaker cited that it had come to her notice that out of 92 babies born in St. John's last month only 86 were attended by doctors.

In concluding her remarks, the speaker referred to the excellent work being done by the Organized Charity Association in England. She urged that every effort be made towards progress in social and welfare work. "The survival of the fittest," is not always a good policy, because soon or later the strong will be affected—and to use a homely illustration, one or two bad apples in a barrel of apples will soon destroy the good ones.

A hearty vote of thanks was proposed by the chairman, Rotarian F. Angel and was heartily carried. The guests included Miss Parker, Mrs. L. Outerbridge, Mrs. A. Reid, Miss Southcott, Mrs. G. Knowlins, Mr. White, H. J. Crowe, Mrs. D. M. Baird, Dr. Macpherson, Dr. Grieve, Dr. Fallon, R. Outerbridge, Mrs. Outerbridge, Miss Bennett, Mrs. E. R. Watson, H. Mitchell.

### FREE! FREE! FREE! FREE!

To our Outport friends and Customers, we wish to inform you we can supply you with all kinds of Dry Goods at lowest prices. We are noted for quality, fair prices and courteous attention to patrons. We give away free, a beautiful Calendar, with every purchase of ten dollars and over. Come along and see what we have to offer.

THE WEST END BAZAAR, Oct. 17, 11. 51 Water St. West.

### Government Boats

Argyle left Tack's Beach 1.45 p.m. yesterday, outward.  
Clude arrived Lewisporte 2 p.m. yesterday.  
Glencoe left Ramea 3.20 p.m. yesterday, going west.  
Kyle arrived Port aux Basques 6.05 a.m.  
Malakoff left Port Blandford 3 a.m. Monday, going north.  
Meagle left Spotted Island 2.30 p.m. Wednesday, going north.  
Portia left Grand Bank 11.15 a.m. yesterday, going west.  
Prospero left St. John's 10 a.m. yesterday, going south.  
Sagana left Brig Bay 3.20 p.m. yesterday, coming south.

MINDARD'S LINIMENT FOR CORNS.

### Anglo-Newfoundland Development Co. CONTEMPLATES MAKING GLOVER-TOWN A SHIPPING PORT.

During the past three weeks the engineer of the Anglo-Nfld. Development Company has been engaged surveying the railway line from Alexander Bay to Glovertown, a distance of seven miles. It is the intention of the company to build a branch railway line between these two points, and make Glovertown, B.B. a port for shipping. Capt. Gillis, ship's husband of the Donaldson line, recently visited Glovertown with this purpose in view and reported splendid facilities which were reported by the Company. The work of construction will commence in the early spring.

### Express Passengers.

The following passengers arrived at Port aux Basques by S.S. Kyle at 6.05 this morning, and joined the express: J. Way, S. Forsey, Rey, H. and Mrs. Bailey, A. Powell, E. J. Gillis, H. Wall, C. Gale, J. Marshall, A. Bentley, N. J. Scutsky, Miss V. Howe, Mrs. R. Gillis, J. and Mrs. Gooch, A. Parrott, C. H. Walker, F. Reid, L. S. Brook, John Dwyer, S. Wetmore and A. Martin.

### Prospero Sails North

S.S. Prospero, Capt. Field, sailed for the Cook's Hr. Service at 10 o'clock this morning. She took a full freight besides the following passengers: Mrs. R. J. Miffin, Mrs. R. Rideout, W. F. Caldwell, H. Pierce, J. D. Burton, Mr. Philpott, Mr. Evans, Max Snail, Mr. Elliott, R. Kinella, Miss Ives, Mrs. Joseph Parsons, Miss Wornell, Miss Bishop, Mr. Thomas Miles, Mrs. W. G. Howe and son, Mr. Longeneck, Mr. Winsor and son, Mrs. Jenkins and Mrs. White.
