They Father Consumption.
Bad coughs, colds and catarrhs are responsible for more consumption than is traceable even to heredity. Catarrhs cure more quickly than ordinary remedies, because it is the only antiseptic ever discovered that is volatile enough to reach the root of the trouble in remote parts of the lungs and bronchial tubes, and impregnate every particle of the air breathed with its healing, germ-killing vapor. Colds can't last ten minutes, or coughs more than thirty minutes when Catarrhine is inhaled. It clears nose, throat, and sinuses at once, stops dropping, headache, and eradicates catarrh from any part of the system. Two months' treatment, at 25c. Druggists or N. C. SEVERE COLDS are easily cured by the use of Bickel's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs, and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children.

Voluntary Deaths in Ontario.
If your child comes in from play coughing or showing evidence of an approaching attack of grippe, sore throat or sickness of any kind, first thing get out your bottle of Nerville. Rub the chest and neck with Nerville, and give internal doses of ten drops of Nerville in sweetened water every two hours. This will prevent any serious trouble. No liniment or pain reliever equals Polson's Nerville, which is a necessity in every household. Large bottles cost only 25c.

She was the recipient of a large number of handsome gifts.

MISS MACLACHLAN'S KINDNESS.
Somewhere in London there is a newsboy who will swear by Mrs. Robert Buchanan, the popular Scottish singer, better known as Jessie MacLachlan. During the height of yesterday's blizzard, Mrs. Buchanan, who, with her husband, was spending a few hours in the city, noticed that the newsboy's shoes were badly worn. With impulsive good-heartedness she immediately handed him off to Pocock's shoe store, where he was fitted out with a new pair of boots and stockings. Needless to say the thoughtfulness was greatly appreciated by the lad.

FAVOR SALARY INCREASES.
At a meeting of No. 2 committee of the school board last night it was decided to recommend to the 1903 board that the salaries of janitors be increased. Referring to the alleged prevalence of diphtheria at the school, Chairman Evans said that with Chairman McCormick he had inspected the school and felt certain there was no foundation for the report. Votes of thanks were tendered to Chairman Evans and Trustees Colclerick and Gillean, after which the chairman entertained the committee to a banquet.

WANTS INJUNCTION CONTINUED.
A Toronto dispatch of yesterday says: The action of Mr. Small, proprietor of the London Grand Opera House, against the American Federation of Musicians, was before the court today, and will be continued after the adjournment.

ONLY A SUGGESTION
But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and drink, and that food should be nutritious or flesh-forming food, like eggs, beefsteak and cereals; in other words, the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate, and this is the reason so many people remain thin and underweight; the digestive organs do not completely digest the flesh-forming beefsteak and eggs and similar wholesome foods. There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural pepsines and diastase which every weak stomach lacks; and by supplying this want the stomach is soon enabled to regain its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every form of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children, invalids and children, even the most delicate, use them with marked benefit as they contain no strong, irritating drugs, no cathartic nor any harmful ingredient.

Stuart's Dyspepsia Tablets are the most successful and most widely known of any remedy for stomach troubles because it is the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada, as well as in Great Britain, at 50 cents for a complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people, strong, plump and well.
