Communication received from F. M. Anderson regarding the rent of the houses on Matheson's flats now called Andersonville which was referred to Public Charities committee.

Communication received from the Building Inspector enclosing application of the Presbyterian church for a building, which was laid on the table.

Petitions received from S. McNaughton and George Main for trucking licenses were referred to Police and License committee.

Councillor Pinault reported that arrangements had been made for the clearing out of the old Minto basement. Councillor Miller from the finance committee submitted a report recommending

McLennan Foundry and Machine Co. Ltd., be granted a flat rate of tax of \$100 per annum for a period of 15 years. Report received and adopted.

Messrs. J. P. Jardine and D. J. Bruce were heard before the council relative to the application for a building permit after which the council resolved itself into a committee to discuss the question.

Councillor Lunan then entered the meeting and Councillors McKenzie, White and Moores.

In the discussion which was taken part by all the councillors the matter was dealt with fully and a copy of the plans was laid on the table. As the change was felt to be rather drastic it was resolved to ask the Board of Fire Underwriters whether insurance rates would be affected by the such buildings going up in wood. The clerk was instructed to wire Mr. Clinch and to report when his reply was received.

Councillor Lunan moved the appointment of J. S. Benson as auditor of School accounts (which was seconded by Councillor Miller) and carried.

Communication from Joseph Duncan re the storing of oil, etc., at his premises, and from Currie that he was arranging to have his oil stored outside the town limits.

Regarding Mr. Duncan's communication it was referred to the Fire Protection Committee with power to act.

Communication received from Bates & Flood offering \$1.10 per yard for the stone at Gerrard Street for the new I. C. R. Station buildings.

Communication from Mr. J. W. Morton regarding the putting up of the new Power House suggesting placing the building further east. Referred to Electric Light committee.

Councillor Pinault asked regarding the report published in the Graphic as to the lack of the Fire Protection in Ward III. This brought out quite a discussion on the merits of our system and Councillor White in reply stated that all the matters brought up were receiving attention; Councillor White spoke in favor of the article in question, and also recom-

mended that the salary of Wm. Noble be raised to \$55 per month. Carried. It was also agreed to install a telephone in the engine room of the Shives Lumber Co. for fire purposes.

Councillor Pinault asked regarding the pipes lying in the Tobique Road and Councillor Alexander said that arrangements had been made for gathering them together.

Councillor White brought in a report regarding the planing mill for George Sanson. After discussion in which the rent of the planing mill was heard before the council it was arranged to ask Mr. Clinch what effect this mill would have on the insurance rates. Council then adjourned.

RELICS FOUND NEAR NEWCASTLE

(Union Advocate)

Upper Nelson, May 17.—A clearing is the order of the day.

Quite an excitement was caused among the shanty boys at the head of the Boom, on the North side of the South West river, when Mr. Michael Walsh, who was roaming through the woods discovered a large cave by the side of a brook. The cave contained all kinds of old war materials, namely muskets, swords, tomahawks and a quantity of old skulls. It is supposed to have been a warriors' cave in olden times. Mr. Walsh being very much excited called to the rest of the crew and together they explored the cave. Alex. McKinley and his sons, McGregor and old crook, Thomas Clark our shepherd and Wm. Clark our cook, those are the ones who explored the cave found on Haskell's Brook.

MELODRAMA AT

OPERA HOUSE

"Human Hearts" an idyll of the Arkansas Hills was presented to a crowded house on Monday evening. The drama was well received, the sallies of Jim Mason especially tickling the "gods." The acting of the Governor was very good indeed while the same may be said of Jeannette Logan. Baby Violet Radcliff was cute. The comedy of Limpy Morgan in the Governor's office notably the importation of a local sheet tickled the risibility of those in front who enjoyed the joke immensely. For a travelling company hampered as they were the show was passably fair, but we could have had much better from them had they had greater stage room.

The Colonial Stock will open a three nights engagement at the Opera House on Monday 29th inst. Seats may be booked now.

MINARD'S LINIMENT CO., LIMITED.

Yarmouth, N. S.

GENTLEMEN,—In January last, Francis Leclaire, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on his feet to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.
