BRASS BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this material and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted shades.

MAIL ORDERS.
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.
Office Hours—8 A. M. to 6 P. M.

JITNEYS MUST PAY LICENSE FEE

Council Passes Bylaw Imposing Tax on Motor Vehicles For Hire.

A meeting of the town council was held Tuesday evening in the town clerk's office. His Worship Mayor Murray in the chair, with Councillors McKay, Ingram, Matthews, Bisset, Devaux and Campbell present.
Minutes of previous meeting read and confirmed.
A communication was read from J. A. Parker, a returned soldier, asking for the vacant position of fireman at the electric lighting station. The position asked for not being vacant communication was ordered placed on file.
A number of small accounts were ordered paid.
On motion Chief of Police Adams and Policeman Smith were granted their two weeks' holidays with regular pay.
The by-law relating to Cab licenses was then taken up. The introduction of motor cars and motor trucks had necessitated changes being made in this by-law as no provision had at the time of passing it been made for a license fee for such vehicles. The council went into Committee of the Whole with Councillor McKay in the chair to consider section by section the proposed changes. On the council reassembling the changes were reported favorably and were given a third reading and declared enacted.
Councillor McKay brought up the matter of the Park and wanted to know definitely if it was the intention of the council to buy the Thompson lot if not he would like the park lot levelled off and cleaned up.
Councillor Ingram felt the town had already too much land and should dispose of all it had no use for.
On motion the Public Property and Streets Committee were authorized to level off and clean up the park lot, also C. W. V. A. baseball grounds.
Councillor McKay reported the assessment was now about completed and requested the members of the various departments getting together so as to ascertain the amounts required to conduct their departments for the coming year. This he asked be done before the next meeting of the council, so that town assessment could be arrived at as early a date as possible.
Councillor Ingram brought up the matter of engaging an expert to advise the council on municipal system of accounting. Considerable discussion took place over this question the unanimous opinion being that a new system should be installed. The town clerk was instructed to get in touch with competent firms in that line and report to the council costs, etc.
There being nothing further before the meeting, council adjourned.

MOB RELEASED ALL THE PRISONERS
Berlin, July 8 (via London).—A mob attacked the Castle and the detention prison at Hanover, Monday, and released all the prisoners in the buildings. The guards, it is said, surrendered their arms without resistance. Some fighting occurred between the crowds and government soldiers.

RAILWAY MAN DIES SUDDENLY

Trackmaster James Hamilton Passed Away Wednesday Afternoon.

The news that Trackmaster James Hamilton had died at his home here at 2 o'clock Wednesday came as a great shock to friends, both here and along the C. N. E., where he was so well and favorably known. Mr. Hamilton was about as usual Monday, but Tuesday was seized with an attack of acute indigestion, and despite all that medical attention could do he passed away as above stated.
Deceased was fifty-nine years of age. He was a native of Point St. Vincent, was married, and had four children, Mrs. Lester Ward, Springfield, Ohio; Lilian and Winnifred at home. The bereaved family have the heartfelt sympathy of all in their sudden bereavement. The funeral will take place Friday, at 2:30.
He is survived by his wife, three sons, James Robert, Clarence and Ralph at home and four daughters, Mrs. Alpheus Ward, Seaside; Mrs. Lester Ward, Springfield, Ohio; Lilian and Winnifred at home. The bereaved family have the heartfelt sympathy of all in their sudden bereavement. The funeral will take place Friday, at 2:30.

FAVOR ERECTION OF TOWN HALL

Council to Ask Ratepayers to Vote on This Important Matter.

A meeting of the town council was held on Thursday evening in the Council Chambers, His Worship Mayor Murray in the chair, with Councillors Bisset, Matthews, Ingram, Dickie and Campbell present.
The minutes of the previous meeting were read and confirmed.
A petition was read from Mr. L. T. Joudry asking for an auctioneer's license. On motion same was granted.
A petition was read from the residents on Christopher Flat asking for improved street conditions, also that water and sewerage be placed upon the streets in that locality. Referred to Public Property and Streets Committee.
The usual monthly accounts were ordered paid.
Councillor Dickie from the Water and Sewerage Committee submitted estimated cost of storm sewer on Roseberry and Minto Streets, the estimated cost of which was \$4,065. Laid on table for future consideration.
Councillor Bisset from the Electric Light Committee reported recommending the purchase of an air compressor for the Electric Lighting Plant. Authority was given to purchase one.
On motion of Councillor Ingram, Mr. W. R. Millican was re-appointed a member of the Board of School Trustees.
Councillor Matthews from the Fire Committee brought up the matter of the erection of a combined town hall and fire station. Sketch of the proposed building had been prepared by Architect Brodie of St. John, without cost. The estimated cost of the building was \$35,000. A lot of land could be procured on Roseberry St. 50 x 100, at \$650. This size lot was not large enough, but Mr. M. P. Moore who owned the adjoining lot could sell a portion of his at the same price. He had another lot in view 98 x 100. Owner had not yet decided to sell, but should he do so would dispose of it at \$1,500.
Considerable discussion took place over the erection of the building, the councillors apparently being unanimous in feeling that the building was not only necessary, but would prove a profitable investment.
On motion it was ordered that a vote of the ratepayers be held on Monday, July 21st, to ascertain whether or not the ratepayers were willing to contribute to the cost of the building for the erection of the building, and that a public meeting be held on Friday evening, July 19th, in order that the ratepayers might express their views regarding this undertaking. At this meeting Councillor Matthews hopes to be in a position to place all the necessary information before the meeting, such as sites for the building, cost of them, as well as the estimated cost of building in brick, etc., so that when the vote is taken ratepayers will be in a proper position to vote intelligently upon the question.
His Worship brought up the matter of opening up a street from Sugar Loaf to Landsdowne. At present we had but one street leading to the West end of the town—namely Roseberry. Should this street be blocked at any time and fire occur in the West end the fire apparatus could not be got to the scene of the fire. This was a most serious state of affairs, but this was nevertheless the situation and depends on the action of our Town Council, minutes of which are not published in our local press, as is done in Campbellton, Bathurst, Riverview and other incorporated towns.

DALHOUSIE AS A SUMMER RESORT

Bay Chaleur County Has No Equal for Scenic Beauty.

Dalhousie, July 9.—Following the splendid start made by the "All New Brunswick Tourist" Game and Resources Association convention held at St. John, on June 3rd to advertise the province, in Restigouche Co. at Campbellton, Dalhousie, Chaudiere and Jacques River, sides are being taken to write up our attractions and when the booklet is issued our attractive Tourist Section will occupy a prominent space.
In this connection it is well to refer to the letter which appeared in Saturday's St. John "Globe," to show what is thought of the charms of Restigouche County, by outsiders, under the heading of Dalhousie and St. Andrews. "Simultaneous between two fashionable summer resorts. Among other things the writer says, 'One can say they are equally beautiful, and the tourist might well remark, "How happy would I be in either were either gay charmer away." Dalhousie has more of the masculine beauty. St. Andrews is the more lady-like of the two. Dalhousie came into notoriety as a summer resort before St. Andrews and the Dalhousie was a well known hostelry before the idea of the Algonquin ever entered into the progressive mind of the C. P. R. There came a time afterwards when Dalhousie took a back place and St. Andrews forged to the front, and St. Andrews to some days ahead now, but the old Nova Shore town is coming back to its own.
Just now it would be difficult to find a prettier sight than a view from the highlands about the town of Dalhousie, far far out to sea the eye catches with the enticing picture of island and headland and across the Restigouche the rugged Quebec coast is just enough irregularity of outline to be extremely picturesque."
Like St. Andrews, Dalhousie, while the political, is not the commercial capital of its county, Campbellton is to Dalhousie, what St. Stephen is to St. Andrews.
"Going back into history the writer says the comparison between the two places is interesting. Champlain passed St. Andrews in the earliest days of the French occupation and wintered on St. Croix Island. Dalhousie, too, has had its experience of the French occupation, and while its experience was of later date, it was the scene of a battle to its credit—a battle which had no little to do with the final destiny of this Dominion of Canada.
"A place of such natural beauty and historical significance would naturally, it is thought have monuments to show the visitors where heroes deeds took place, but strange to say, the most prominent monument in Dalhousie is to a private gentleman who was, however, famous from a local standpoint. It is a large imposing shaft to the memory of one Captain John Hamilton."
There is no doubt that with the beauty of Dalhousie and its surroundings, the wonderfully striking outlook of the far-famed Bay of Chaleur, the appetizing strong salt air, etc., the shiretown could be made to be one of the greatest summer resorts of all Canada. All depends on the citizens of the place, whom if united and progressive, as in neighboring towns and villages, could do so much to improve conditions.
Of course most of the progress depends on the action of our Town Council, minutes of which are not published in our local press, as is done in Campbellton, Bathurst, Riverview and other incorporated towns.
