## COMPLETELY FREE OF CONSTIPATION

Tried for Years to Find Relief

### "FRUIT-A-TIVES" GAVE IT

Chronic Constipation or insufficient action of the bowels, is one of the great causes of disease. Some authorities even claim that Constipation cannot be permanently corrected. This is a great mistake, because here is the proof that constipation can be cured and the bowels made to act regularly and naturally.

### YANCOON, N.S.

"For years, I was troubled with Constipation, and had to take laxatives and purgatives all the time. If I neglected to take these, the bowels would refuse to do their work."

About two years ago, a friend advised me to try "Fruit-a-tives", which I did. The first box helped me so much that I obtained further supplies of the remedy and continued the treatment. After using about eight boxes, my bowels were able to perform their particular function without aid.

"The relief in my case has been lasting, as up to date, I have never had any further trouble. I can recommend 'Fruit-a-tives' to all suffering as I did and I am sure they will derive equal benefit."

A. W. FRANKLIN.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

### NIGHT SCHOOL

#### FOR RIVER CHARLO

Progressive Trustees and Ratepayers Agree to Establish Same.

A number of ratepayers and school trustees met in the school building at River Charles on Thursday evening to discuss the important question of establishing a night school in the district.

Miss Barnett, the organizer of night schools was present and was introduced by Mr. Moore the Principal of the School who was acting as chairman of the meeting.

Miss Barnett explained clearly the benefits derived from night schools, their importance to the communities and the manner of organizing and conducting the schools and pointed out that government grants cover 75% of the cost of instruction and 50% of the equipment in communities of 2000 or less.

Each student makes a deposit of \$2.00 (two dollars) with his application, this amount is refunded at the end of the course, so that the cost to the student is nothing and to the district very little.

The proposal was received very favorably by those present and it was the unanimous decision that a night school should be established. In consequence of which a Vocational Committee was appointed composed of: Mrs. F. E. Daughney, Mr. McNair, Mr. MacPherson, Mr. D. Hamilton and Mr. Henderson.

Miss LaViolette of Jacquet River agreed to conduct two classes each week and teach sewing to the ladies of the district.

Mr. Moore was appointed Director of the night school and plans on teaching commercial arithmetic, penmanship and other subjects along the line of general education.

These results show us that the citizens of River Charles intend to co-operate and make the night school a success, and the Vocational Committee appreciates this co-operation and is determined that the citizens of River Charles benefit through this advancement.
