Let Our Members Kick.

The people of Nova Scotia have a way of pressing with great singleness of purpose towards a desired end. When it was agreed by the Government to construct the Oxford and New Glass gow loop line of the Interectionial Railway no grass was allowed to grow upon the project. This line was not of importance to the Dominion, but was a local line in every sense and to-day mainly constitutes 72 miles of competing line with the Intercolonial. The \$\&0.00,000 laid out it his way was so expended with the active support and applause of the members for Toronto, who roted public money to please the three Nova Scotian are resulting in the wounding off one man. The crowd waited around the public money to please the three Nova Scotian counties of Colchester, Cumberland and Pictous.

We observe that there was no delay in building the road for these kickers down by the heaving sea. There was no talk about putting off the vote of the money by Parliament until the next session. Special legislation was had at the very somest possible moment to put the job through on schedule time. Mark the contrast. To-day Toronto wants a few dollars voted this session in the way of a subsidy to assist only in-building auseful railway, for while the funds are chiefly supplied from private resources, this subsidy was promised by Sir John A. Macdonald repeatedly. The Niagara Central Railway Company and the Mayor and corporation of this great city have presented their petition. They are quietly told by the Premier to wait until a more convenient season. What are the Toronto M.P.s doing in Whitting Refreshment, Privileges. eason. What are the Toronto M.P.s doing in

Mr. John Blackwell of the Bank of Commerce, Toronto, writes: "Having suffered for over four years from dyspepsia and weak stomach, and having tried numerous remedies with but little sifect, I was at last advised to give Northrop & Lyman's Vegetable Discovery a trial. I did so with a happy result, receiving great benefit from one bottle. I then tried a second and a third bottle, and now I find my appetite so much restored and stomach strengthened that I can parake of a hearty meal without any of the un pleasantness I formerly experienced."

On Monday (Civic Holiday) Manager Conner will place before his patrons one of the highest-salaried combinations of his season at the Point. The celebrated Julians, composed of Misses Rose, Theo and their brother Martin, who were specially brought from England this spring by Barnum & Bailey as the leading feature for their New York engagement at Madison-square Garden. Besides being most wonderful artists the ladies are noted stage beauties. The Queen's Own Band will play both afternoon and evening. This afternoon and evening Mile. Alberta, the handsome woman and great wire artist, will conclude her week's engagement. The Grenadier's Band will dispense sweet music on each occasion. Civic Holiday at Hanlan's.

A Great Desideratum. Dyer's Improved Food for Infants, made from pure pearl barley and sold at 25 cents a package, fills a long-felt want. Endorsed by leading physicians. Druggists agep it. W. A. Dyer & Co., Montreal.

Severe colds are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children.

The stock of a bankrupt ladies' underwear manufacturer has just been sold to Mc-Kendry & Co., 202 Yonge-street, this city, at 55 cents on the dollar. There will be a big run in the underwear department of this firm, as they are determined to clear out the entire stock in a few weeks.
