CENTENNIAL EXHIBITS.—The Torontonians who exhibited at Philadelphia have come to the conclusion that it would be a good plan for them to place their exhibits on view in Toronto after the goods have been returned. The idea is that many people who were unable to proceed to Philadelphia would be glad to see the Toronto display, and would pay an entrance fee. The money thus obtained is to be given to the poor.

ROSS OF TEMPERANCE.—The Grand Division of this Order held its twenty-ninth annual meeting at Halifax last week. This fraternity appears to be in a progressive and prosperous condition. The Rev. R. Alder Temple was installed into the occupancy and duties of the Grand Worthy Patriarchal Chair. The Session was characterized by harmony and a generally hopeful outlook for the future as respects the chief object of the Order—namely—the prevalence of practical teetotalism.

RELIGIOUS TEMPERANCE ADDRESS.—The inhabitants of this Town and vicinity had the pleasure of listening to one of the finest Addresses on the most important subject of Temperance, on Sunday evening, from the Rev. Mr. Gales, Secretary to the Dominion Temperance Alliance. We regret exceedingly that the crowded state of our columns with County matters this week debars us from giving more than a passing notice of such an able lecture, we may, however, refer to the same editorially in our next.

The exportation of cattle and horses from Canada to England has assumed large proportions during the past summer, and Montreal has been doing a good trade in this line. A recent shipment from that city represented a total value of \$38,250. The profit on the cattle would amount from \$35 to \$60 a head, and on the horses from \$50 to \$80 a head. The cattle would fetch in England from \$25 to \$40 per ton sterling each, and the horses from forty to seventy-five guineas each.—Chronicle.

EUROPE.

London, Nov. 10.—Russia has formally accepted the English proposal for a conference at Constantinople on the basis of the integrity and independence of Turkey. The proposal, as accepted by Russia, includes the condition that the Powers jointly and severally renounce all intention of aggression against Turkey.

Russia continues her warlike preparations. St. Petersburg journals assert that orders have been issued for the mobilization of the army.

60,000 sovereigns for Montreal and £100,000 sterling in American dollars for New York were withdrawn from the Bank of England on Friday.

London, Nov. 13.—The Car's speech has had a depressing effect on the Stock Exchange.

A heavy gale prevailed on the coast during Saturday and Sunday nights, and a large number of shipping disasters are reported.

A severe hurricane was felt at Lisbon on Sunday, and a Greek barque was run down eight or ten miles from the coast.

The "Fall Mail" says: "Once more peace, that it will lift again we may hope, but the news both from St. Petersburg and Constantinople is so alarming that what is called feeling may yet conquer wisdom, and that a certain degree of insanity threatens to creep into the judgments of those upon whom depends the tremendous issue of peace or war. The speech of the Car is not the most alarming incident of the times, but it is far from pleasant reading."

London, Nov. 13.—The following speech was delivered by the Car at Moscow: "I thank you for your sentiments respecting the political situation which is now more clearly defined than before; you know Turkey has yielded to my demands for an immediate armistice to end the slaughter in Servia and Montenegro. In this unequal struggle, the Montenegrins as heretofore have shown themselves real heroes; unfortunately the same cannot be said of Servians, notwithstanding the assistance of our volunteers, many of whom shed their blood for the Slavonic cause. I know all Russia joins me in warmly sympathizing in the sufferings of our brethren and co-religionists. The interests of Russia are, however, dearer to me than all my wish to the utmost to spare Russian blood, therefore I have striven and will strive to obtain a real improvement of the position of Christians by peaceful means. In a few days negotiations will commence at Constantinople, and my most ardent wish is we may arrive at a general agreement. Should this, however, not be achieved, and should I see that we cannot obtain guarantees necessary for carrying out what we intended to demand from the Porte, I am convinced that the whole of Russia will respond to my summons, should I consider it necessary, and if Russia's honor require it necessary will lead the van by my example. May God help us to carry out our sacred mission."

"Times" confirms the report of the mobilization of the Russian army. Turkey has raised objections to proposed conference.

The cyclone in India, on the 31st destroyed between twenty and forty thousand lives, and levelled 3000 houses.

UNITED STATES.

New York, Nov. 11.—No change in the Presidential outlook. It is expected that a committee of prominent men from both sides to Louisiana, to secure a fair and honest return of votes.

New Orleans is greatly excited. Fourteen companies of United States troops have been ordered to Florida in the interest of peace and fair returns.

The Centennial Exhibition closed yesterday. The weather was dismal, drenching rain.

New York, Nov. 11.—p. m.—Delegations from both parties having the confidence of the people, including Wm. M. Evans, have gone to Louisiana, and other Southern States, to be present at Supervisors' count of votes, and see that no fraud is committed.

Terrorism at the polls and tampering with ballot boxes are charged by both parties, and there is much excitement.

A serious riot in Charleston, yesterday, was quelled by United States troops. It is said Secretary of Treasury Morrill has called the foreign financial agents that Hayes is elected.

The vote is close in several States, and a week may elapse before the result will be definitely known.

Excitement is subsiding. The whaling barque "Three Brothers" with 190 of the wrecked whaling crews, has arrived at Honolulu.

VERY LATEST.

Boston, Nov. 12, p. m.—The political situation is unchanged. It was conceded that Tilden has 184 electoral votes and Hayes 173, with Florida and Louisiana (12 votes) undecided. The official count has hardly been received before, or Saturday. Hayes must carry both these States to win, while either, if Democratic, will elect Tilden.

All eyes are turned to Louisiana, and the situation is deemed grave. President Grant, in an interview last night, said, as the Executive, he should do in his power to secure a fair count in these States, and secure the inauguration of the one receiving the most electoral votes.

The Boston Journal, in an editorial, says in reply to an alleged threat that the Democrats would not permit the inauguration of Hayes if he is found to have one of a majority: "The Republicans will see him inaugurated if it takes a million men to place him in the chair of State."

New York, Nov. 13.—The political situation is unchanged. President Grant expresses a determination to preserve peace and insure a fair count of votes.

Of the thirty-one persons condemned to death in France during 1875, but one had received a good school education. Only four could read, and the remaining twenty six were illiterate.

The correspondent of the London Times writes that ten per cent. of the Spanish recruits are either dead or in the hospital within a month of their taking the field in Cuba.

MARTIN JAMES BERRY, St. John, N. B., says that after being troubled with a pain in and around the heart, and in the left shoulder, for many weeks, he has found a perfect remedy in SPENCER'S WESVIAN LINTMENT. One-half oz. at 30 cents a bottle effecting a radical cure.

BOSTON CORRESPONDENCE.

Mr. Editor,

The Monitor without causing the Monitor to roam, has permitted me to send you in your office during the past summer. I now propose to keep it, I hardly know what to write of interest to your readers. The two things occupying the attention of the American people at present are the Centennial and politics. Both are immense in their proportions. The country from every direction is pouring its thousands of exhibitors and thousands of daily into the "Quaker City" for the purpose of giving opportunity to see the great Exhibition. Your correspondent spent a week viewing the wonders of that immense city, and the privileges of the surrounding city. No pen can give adequate justice to the institution. To be appreciated it must be seen in person. I visited it every day for the whole six months. No doubt many of your readers have visited it and I am sure they will agree with me in going even further. The "Fall Mail" says: "Once more peace, that it will lift again we may hope, but the news both from St. Petersburg and Constantinople is so alarming that what is called feeling may yet conquer wisdom, and that a certain degree of insanity threatens to creep into the judgments of those upon whom depends the tremendous issue of peace or war.
