

THE BREAKFAST FOOD FAMILY

John Spratt will eat no fat,
Nor will he touch the lean;
He scorns to eat of any meat,
He lives upon Foodline.

But Mrs. Spratt will none of that,
Foodline she cannot eat;
Her special wish is for a dish
Of Expurgated Wheat.

To William Spratt that food is flat
On which his mater dotes,
His favorite feed—his special need—
Is Eata Heapa Oats.

But sister Lil can't see how Will
Can touch such tasteless food,
As breakfast fare it can't compare,
She says, with Shredded Wood.

Now, none of these Leander please,
He feeds upon Bath Mitts,
While sister Jane improves her brain
With Cero-Grapo-Grits.

Leaguer votes for Father's Oats;
Progrins appeals to May;
The junior John subsists upon
Unedda Bayla Hay.

Corrected wheat for Little Pete
Flake Pine for Dot, while Bub,
The infant Spratt, is waxing fat
On Battle Creek Near-grub.

—Bert L. Taylor.

TUPPERVILLE

Mrs. Caroline Dakin, is visiting her sister, Mrs. Mack, in Granville. Mr. and Mrs. Eber Potter, from Clementsvale, spent last Sunday with his sister, Mrs. Caroline Dakin, and Mr. Seldon Potter.

Mr. and Mrs. Fred Potter and family, from Clementsvale, and Mr. and Mrs. Stewart Potter and family, spent Sunday last at Mr. and Mrs. L. B. Potter's.

Miss Irene Woodbury, accompanied by fishing party from the Myrtle House, Digby, and was the only one successful in landing a cod about twenty pounds, with great excitement in landing the fish with the Captain's assistance. The party presented her with a large box of chocolates for her success.

The deceased leaves a wife, Cora and a brother, Norman W., of nn, Mass.

DISTRICT SUPERINTENDENT'S OFFICE,
Halifax, 15th September, 1925.
W. E. MACLELLAN,
District Superintendent of Postal Service.

OBITUARY

George Frederick Stalling

There passed away at the Children's Hospital, Longwood Avenue, Brookline, Mass., George Frederick Stalling, son of Mrs. Gladys Stalling, formerly of Windsor, N. S., aged seven years. Funeral from 236 Windsor Street, home of Mr. and Mrs. Charles Douthright, Cambridge, Mass. Services were conducted by the Reverend Mr. White, of St. Thomas' Protestant Episcopal Church, Somerville, Mass. Burial at Mount Hope Cemetery, Mattapan, Mass.

Floral tributes, pillow, from mother; sheaf, from Vera and Hugh; sheaf, a friend, Mariel Prince; sheaf, Mrs. Carrie Douthright; sheaf, Mr. Charles Douthright.

At the conclusion of the service, a member of the church choir sang, "In the Garden."

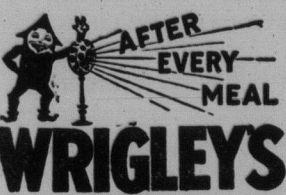

SALUTE TO THE TREES.

by Henry Van Dyke

Many a tree is found in the wood,
And every tree for its use is good.
Some for the strength of the gnarled root,
Some for the sweetness of flower or fruit;
Some for the shelter against the storm,
And some to keep the hearth-stone warm;
Some for the roof and some for the beam,
And some for a boat to breast the stream—
In the wealth of the wood since the world began
The trees have offered their gifts to man.

But the glory of trees is more than their gifts;
Tis a beautiful wonder of life that lifts,
From a wrinkled seed in an earth-bound clod,
A column, an arch in the Temple of God,
A pillar of power, a dome of delight,
A shrine of song and a joy of sight!
Their roots are the nurses of rivers in birth;
Their leaves are alive with the breath of the earth;
They shelter the dwelling of man;
and they bend
O'er his grave with the look of a loving friend.

I have camped in the whispering forest of pines,
I have slept in the shadow of olives and vines;
In the knees of an oak, at the foot of a palm,
I have found good rest and slumber's balm,
And now, when the morning glids the house,
I open my window and make salute;
"God bless thy branches and feed thy root!"
Thou hast lived before, live after me,
Thou ancient, friendly, faithful tree."

Home cooking of all kinds.

Father John's Medicine Is Made Under Watchful Care of Experts

At the laboratory, where Father John's Medicine is made in Montreal, and in Lowell, Mass., very high standards are maintained in every department. The various ingredients are subjected to most exacting tests and are then prepared under the watchful eye of experts who have had years of experience in making what has come to be recognized as the greatest body builder.

Father John's Medicine is a scientific blending of cod liver oil with other ingredients by means of specially designed apparatus. The preparation is untouched by human hands from the opening of the original containers until the bottle cap is sealed in place by automatic machines. Years of study and research have been devoted to developing the process of compounding and, while the formula remains unchanged, its method of preparation has been so improved that it stands today as the finest blending of cod liver oil and other ingredients obtainable.

It is guaranteed free from alcohol or dangerous drugs in any form.

P. E. ISLAND LEADS IN FUR INDUSTRY

Has Greater Percentage of Farms Than Any Other Province—Big Increase.

Ottawa—Canadian fur farms are increasing in number, 1,550 farms being now in operation, comprising 1,466 fox farms, and eighty four raising various kinds of fur-bearing animals other than foxes. The value of the property of the fox farms last year, according to a report just issued by the Dominion Bureau of Statistics, including the foxes and the land, buildings and fixtures, was \$10,813,833, and of the miscellaneous fur-bearing animals farms, \$152,587.

Prince Edward Island leads the list with respect to the total value of property of fox farms, the relative position of each province being as follows:

Prince Edward Island, 37 per cent; Ontario, 15 per cent; Quebec, 12 per cent; New Brunswick, 9 per cent; Manitoba, 8 per cent; Alberta, 6 per cent; Nova Scotia, 6 per cent; British Columbia, 3 per cent; Saskatchewan, 2 per cent, and the Yukon Territories, 1 per cent.

RANDOM RHYMES

By W. H. Currie

Here lies what's left of PHILBERT A.
Who let his Camp Fire get away.
Though PHIL ran fast, the fire ran faster,
And PHILBERT shared in the disaster.

Old SILAS K. was level-headed
And fire at HOME he'd always dreaded,
But in the WOODS he'd clean forgot:
That FIRE is FIRE WHEREVER met!

A sprightly dame was MINNIE MAY.
"Ain't Nature just too sweet,"
she'd say.
The picnic fire that MIN forgot
Burnt off a forty acre lot.

Said ANDY GUMP, "I like it rough.
I like this red-blooded backwoods stuff!"
Then lit his pipe against a stump—
For such a man was ANDY GUMP.

Young GEOFFREY J. loved Nature well,
"Egosh," he'd say, "ain't Nature swell!"
Then toss his glowing stubs around
And burn the Forest to the ground.

"This is the life," cried CEDRIC C.
"to eat beneath the greenwood tree!"
But what a mess he left behind,
Of cans and crusts and bacon rind.

MANY "POOR" DIVORCES

Five Pounds Is Average Cost For Them in Britain.

London.—An indication that divorce in England is not necessarily a "luxury" enjoyed by the rich alone, is contained in the latest figures for divorce cases to be heard at the Michaelmas law sittings, which open October 12th. Of the total of 750 petitions for divorce, more than 300 were filed by so-called "poor persons," who took advantage of permission to sue as poor people, and thereby escaped the usual heavy fees. Five pounds is the average cost of "poor persons' divorce, as compared to hundreds of pounds in the case of affluent people who employ legal lights of the English Bar. Separated, and wives form the majority of those seeking divorce. Women are taking advantage of the law, which places them on an equality with men and enables them, on proof of misconduct alone, to obtain divorce. During the 11 years that the "poor persons' divorce" laws have been in operation, 10,300 petitions have been filed and 7,342 decrees pronounced.

HYDRO DEVELOPMENT IN NOVA SCOTIA

St. John Globe.
Nova Scotia, in its hydro possibilities is on a competitive basis with the other provinces of Canada, except for the Niagara and St. Maurice power developments, according to a statement made by J. C. G. Kerry, hydro electric authority, made to the Premier of Nova Scotia recently. Nova Scotia has completed hydro work, which has been under construction and has on hand three projects which will provide a total initial development of 25,000 horsepower. Included in the power projects are sites on the Liverpool river, one of the finest hydro possibilities in the Maritimes.

SHIP EEL GRASS

Brule Farmers Eel Grass Industry.

Brule.—A number of the farmers here and at Brule Point are gathering eel grass from the shores. They spread it on the fields to dry. It is then pressed into bales and shipped to New York where it is used for the manufacture of iodine and a fire-proof paper, and also for upholstery purposes.

TOURIST TRAFFIC WAS NEVER SO LARGE

The tourist traffic in Nova Scotia this season has never been so large. The neighboring Republic is learning a great deal of attractions. A New York exchange has lately been sounding the praises of our province. It says we have nearly 2,000 miles of superior motor roads and Nova Scotia is becoming one of the most popular places for summer touring.

tively. There are two members of the Nova Scotia Government on the Commission — Hon. J. F. Fraser, chairman, minister without portfolio and Captain Hon. J. F. Cahan. The third member is Walter McNeil.

Frank Barnjum, lumber and mill operator, is actively engaged on this project on the Liverpool river. In general business in Nova Scotia is improving. The information about Nova Scotia hydro was imparted to The Globe by K. N. Smith, chief engineer of the N. S. Power Commission, who is also Federal representative in the Maritimes of the water power branch, Department of the Interior.

SENTIMENTALISM AND CRIME

A spirited attack upon uplifters and reformers who sentimentalize over criminals and forget the victims of crime is contained in an article, "Crime and Sentimentality," by James L. Ford, in the October Scribner's Magazine.

Concerning the part which women play in this work, Mr. Ford says: "That which is usually termed reform work" is, like embroidery on textile fabrics, better suited to women than to men. In short, such is the emotional nature of the gentler sex that the prospect of redeeming a human soul from sin, or a number of human souls, has an alluring charm in eyes that can make or mar a life. Women can be organized by an experienced professional almoner into associations or leagues for the reformation of evil-doers, and it frequently happens that a woman will marry a man so worthless and undeserving of her sympathies as to regard her simply in the light of what he calls his meat ticket! But there are no leagues or associations that give aid to those who have suffered through criminal operations, and no woman would think of marrying a man simply because he has been shot through the lung and robbed of his savings. Far more gracious in sentimental eyes is the estate of him who did the deed.

"There is but one solution for what the awful school of thought calls the 'crime problem' and that solution is so simple and effective as to render the use of the word 'problem' superfluous. So long as we slubber over thieves, murderers, and swindlers, instead of punishing them, the periodic 'crime waves' will continue to roll on, robbing us of our savings and disturbing our peace of mind. And of one thing we may be sure, the present deplorable conditions will continue so long as sentimentality is permitted to usurp the offices that rightly belong to justice and reason."

REGISTRATION AT ACADIA COMPLETED

Marked Increase in Number of Students—First Meeting of Students' Union.

Wolfville.—The registration at Acadia University was completed Thursday and showed a marked increase over last year. This year over 410 students have registered under the Faculty of Arts and Sciences, the Faculty of Theology and the Faculty of applied Science, while last year's registration totaled only 335. With the increased accommodations, classes were begun today and already the "College on the Hill" is running to schedule.

AGED MAN IS BUSY WORKER

Aylesford.—The road leading from Aylesford to Lake George is now being widened and improved, and many of the large rocks on the roadside are being drilled by air compression, and blasted, so as to make their removal possible. James Cochran, proprietor of the Aylesford machine shop and foundry, has been engaged to keep the drills in order, and although over eighty-five years of age, Mr. Cochran has moved to a camp on the Lake George Road, and is as busy and interested in his work as many men would be of half his age.

SHIP EEL GRASS

Brule Farmers Eel Grass Industry.

Brule.—A number of the farmers here and at Brule Point are gathering eel grass from the shores. They spread it on the fields to dry. It is then pressed into bales and shipped to New York where it is used for the manufacture of iodine and a fire-proof paper, and also for upholstery purposes.

TOURIST TRAFFIC WAS NEVER SO LARGE

The tourist traffic in Nova Scotia this season has never been so large. The neighboring Republic is learning a great deal of attractions. It says we have nearly 2,000 miles of superior motor roads and Nova Scotia is becoming one of the most popular places for summer touring.

MAKE CARE OF BABIES EARLIER

Baby's Own Tablets Are a Great Help to Mothers of Young Children.

Stomach disturbances and constipation are responsible for much of the peevishness of babies. The modern mother does not resort to so-called soothing mixtures but corrects the trouble by sweetening the little stomach and giving a gentle laxative that acts without griping. Such a remedy is found in Baby's Own Tablets, easy to take and guaranteed to be free from opiates or narcotics.

Every mother who tries Baby's Own Tablets becomes enthusiastic about them. Mrs. Oscar Auger, Holbrook, Mass., says: "I have used Baby's Own Tablets and think them a splendid medicine for constipation and other ailments which affect little ones. I have no hesitation in recommending them to other mothers." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont. A little booklet, "Care of the Baby in Health and Sickness," will be sent free to any mother on request.

DUES UNITED STATES A FOOL'S PARADISE

Movie Morals, Evangelists' Science and Medicine's Ills Mocked by Bishop.

Colorado Springs, Colo.—In a sense the United States has all the marks of a fool's paradise, in which the masses flock to the movies for their morals, to evangelists for their science, and to patent medicines for their ills, the Rt. Rev. Irving P. Johnson, Protestant Episcopal Bishop of Colorado, said in an address here on the "Muddle of Civilization" last night.

"One wonders how films produced even when censored by such an astute politician as Will Hays, can turn 'Patty' Arbuckle, Douglas Fairbanks and Charlie Chaplin into great moral leaders; Mr. Volstead and John Galen Locke (former grand dragon of the Ku Klux Klan in Colorado) into spiritual uplifters; William Jennings Bryan and Mary Baker Eddy into exponents of scientific truth and the local ministerial association into lawmakers and moral scavengers, Bishop Johnson said.

"I maintain that these are all honorable folk, but that the people have mistaken their calling. So long as we continue to select our governors, legislators and judges because they have the same prejudices as ourselves, hell is just around the corner. "So long as we secularize our ministers and turn them from the difficult task of making individuals righteous into the easy job of telling us how the government should be run, we will be placing the sacred profession on a par with the corner grocery."

"So long as half-baked philosophers in educational institutions, whose morals are often as hazy as their theories, are going to pose as leaders for our youth—and so long as lawyers are going to use their talents merely to aid and abet our great corporations—just so long society will mill like sheep."

TRAIN KILLS AGED WOMAN

Mrs. Silas Lantz, 80 Years of Age, Found Dying Beside Track.

Middleton.—Found on the railroad tracks near Kingston Station in a dying condition Tuesday morning after the D. A. R. freight train had passed, Mrs. Silas Lantz, aged 80 years, passed away without regaining consciousness. Mrs. Lantz lived with her daughter, Miss Cora. Tuesday morning she stated her intention of paying visit to a neighbor who lives nearby across the railroad track. Several minutes after Mrs. Lantz left the house the freight train passed. Almost an hour later Ronald Norton, a youth living near by, passed and saw Mrs. Lantz lying in a ditch about 20 feet from the track. Dr. Devine was passing at the time and he gave every assistance but Mrs. Lantz was beyond aid. She passed away twenty minutes later.

The train crew knew nothing of the accident, although it was evident that Mrs. Lantz had been struck and dragged for some distance.

A coroner's inquest was held last night, with Magistrate Frank W. Palmer presiding, and returned a verdict that Mrs. Lantz had come to her death by being struck by a D. A. R. freight train near Kingston Station.
