

The First School of Practical Psychosophy.

A Scientific Exposition of Miracle, Magic, and other Occult Phenomena.

A New Conception of Knowledge.

A New Method of Education.

A New System of Therapy.

This school has been established with a threefold purpose. The primal object is to introduce to the intellectual world a *new* Natural Science—PSYCHOSOPHY—founded on demonstrable facts and conformable to the rules and methods of other branches of experimental science. The second is to free the people from the bondage of suggestion and sickness, by teaching them the operation of a universal law—*Psychition*—to which every fibre, function, and faculty of their being is related. The third is to satisfy the desire, of many truth-loving and inquiring individuals, for a rational explanation of the vast array of psychical phenomena that have been observed and recorded in modern times.

Psychosophy

Is the concentration and focalization of the various branches of natural science, for the purpose of a lucid interpretation of the life of man. It deals with the foundation as well as with the facts of science, in an exhaustive discussion of the origin, development, and destiny of the human race.
