Canadian Asbestos Co.

42-44-46-48 Youville Square (Corner of St. Peter St.)
MONTREAL, CANADA.

Factory: - - - LACHINE, QUE.

Heat Lost by Radiation—The amount of heat lost by radiation from bare pipes containing steam at 100 pounds pressure has been estimated to be equal to two tons of coal a year for each 10 square foot of pipe surface. It has also been found that 88 per cent. of this loss can be saved by using Pipe Covering.

Engineers' & General Miners' & Mill Supplies
