In addition to the regular members of the church there were twentythree new communicants, fourteen of them having lately joined the church and nine were received on certificate. This speaks well for the earnest manner in which Mr. Sutherland has laboured since his arrival here only a few months ago.

A CORRESPONDENT sends the following interesting items to the REVIEW .- 1. Rev. Alex. Urquhart, pastor of Knox church, Regina, and Mrs. Urquhart, left some time ago for Denver, Col. Mr. Urquhart's many friends earnestly hope that his health, which has been poorly, may be speedily restored. Knox church has been making a steady advance since its erection in 1885. The seating capacity has now to be enlarged, to lessen the overcrowding of the evening services. This advancement is all the more gratifying when the difficulties a pastor has in organizing in the West are considered. The people coming from so many different .. parts : are entire strangers to each other, and this chaotic mass must consolidate before the pastor can hope to get assutance from them. In the meantime much of the additional duties of elder and manager fall upon him. The diffi-culties are now overcome at the capital. 2. It has been announced in the Regina Journal that the Dominion Government have purchased the White Parm, a few miles north-west of the town, as a site for the Industrial School. This school will greatly further the work done by our missionaries on the Indian reserves.

REV. C. "A calamity has befallen our struggling cause in the Township of Brunnell, Mus. koka. Though few in numbers, our people there have succeeded in getting their church nearly completed, and hoped to have it finished this summer. A few days ago fire caught from a neighbouring fallow, and quickly swept the church away. As might be expected, they feel very vacant congregations were to act as much discouraged. TWO PRESBYTERIAN CONGREGATIONS JOIN IN WELCOMING MR. AND MRS. WILKIE BACK FROM THE SCENES OF THEIR MISSIONARY LABOURS - A. 'HIGHLY 'SUCCESSFUL AFFAIR.'

An entertainment of a very pleasing nature, was held in the basement of St. John's; church, Almonte, on Tuesday, Miss McGregor, late of our Central evening, May 22nd, being a social given by the ladies of St. Andrew's and St. John's congregations to welcome home Rev. J. Wilkle and his wife from Indore, Central India, where they have been labouring for the past nine years as missionaries of the Presbyterian Church in Canada

The social was a grand success, both lery being well-filled. Tea was served in the basement from 6.30 till about 8.30, after, which the people assembled in the church, and Mayor Greig was voted into may be employed as general retainer by the chair. This ought to be an easy matter for a Church as wealthy as the Pres. byterian Church. We should like to give more of Mr. Wilkie's interesting address, but want of angent areas a second may incline the hearts of all His people to combine in one general movement which may result in crushing out but want of space prevents us.

At the close of Mr. Wilkie's reply, Miss Libbie Greig sang very sweetly "Home, Sweet Home," and such was the effect that many of the audience were moved to tears. As the rest of the choir joined in the chorus, and the deep bass notes of the male members were heard, a feeling of sacred awe seemed to pervade the audience. Meetings such as these serve one grand purpose, namely, to lift us out of our materialistic life, into which the burry and bustle of this age too often lead us. Rev. General regret was expressed, and Mr. Cameron's resignation was finally accepted, his name to be meantime continued on the roll, and himself accepting a commission to visit West Kootenay on behalf of the Church's interests. The following minute was adopted in this connection :- "In accepting the resignation by Mr. Cameron of his charge of. Donald and contiguous points, the Presbytery of Calgary desire to place on record their high appreciation of his worth and work. With much zeal, patience and fortitude, Mr. Cameron has laboured on behalf of this presbytery in one of the most difficult and widely extended mission fields within the Church's bounds, and amid many discouragements; has succeeded in organizing a congregation and having a commodious church erected at Donald, as well as in helping on the development of our work at different points along the line and through the Rocky and Selkirk Mountain ranges. The Presbytery wish also to refer with particular commendation to the brave stand taken by Mr. Cameron in all matters connected with the social and moral interests of the community among whom he labour-ed, and rejoice to know that his influence in this connection was at once far-reaching and emphatic.
