

Consolidated Mining and Smelting Co. of Canada at its Centre Star-War Eagle group of mines, has left Rossland for Van Trent, Placer county, California, to there fill a similar position at one of the Guggenheim mines. He will be succeeded at Rossland by E. G. Herr, formerly at the Trail smelter and for some months paymaster at the Centre Star-War Eagle mines.

T. A. Jaggat, Jun., professor of geology in the Massachusetts Institute of Technology, Boston, is stated to be at the head of a party which arranged to leave Seattle, Wash., on May 1, for the Aleutian Islands to there study seismic and volcanic conditions. The party was to include Prof. H. V. Summers of Drexel Institute, Philadelphia; Prof. A. S. Eakle, mineralogist, University of California; Dr. E. C. Van Dyke and several scientists associated with Prof. Jaggat in Boston.

Upon his retirement from the position of acting general manager for the British Columbia Copper Co., Ltd., at Greenwood, Boundary district, George F. Beardsley was the recipient of a presentation, made spontaneously by the company's smelter employees in acknowledgment of the pleasant and harmonious relations that had existed during the period he had been in charge. J. E. McAllister's health so much improved during his recent visit to Europe that at the beginning of April he was able to return to his duties as general manager with renewed vigour.

J. W. Astley, formerly superintendent of the Snowshoe mine at Phoenix, Boundary district, and afterwards general superintendent for the Le Roi Mining Co. at Rossland, who went to England for the benefit of his health early last year, intends shortly returning to British Columbia. Writing recently to a friend in British Columbia he stated that he planned to leave England on May 17 by the C. P. R. steamship "Empress of Britain." En route from Montreal to British Columbia he would probably stop over at Winnipeg a day or two and reach Van-

EXAMINATION FOR ASSAYERS FOR LICENCE TO PRACTISE IN BRITISH COLUMBIA.

AN EXAMINATION for Assayers will be held in Victoria on the 27th May and following days.

Entrance for any examination must be made in writing to the Secretary of the Board of Examiners, at least ten days before the date set for beginning of examination, and must be accompanied by the prescribed fee (\$15).

Any additional information desired may be obtained from Herbert Carmichael, Secretary, Board of Examiners, Victoria.

RICHARD McBRIDE,

Department of Mines, Minister of Mines.

Victoria, B. C., 15th April, 1907.

cover by the end of May. He may possibly make Victoria his headquarters hereafter.

O. E. LeRoy, who last year examined that part of the coast of British Columbia extending from the International Boundary north to Powell River and made the report thereon that was printed in the "Summary Report of the Geological Survey Department of Canada" for 1906, has resigned from the Survey. It is understood that this work will shortly be taken up by a gentleman who has been assistant to Dr. Frank D. Adams, professor of geology at McGill University, Montreal, Quebec. Mr. LeRoy has received an appointment with a mining company operating in the Cobalt district, northern Ontario.
