

**The Chest!**

**SIR ASTLEY COOPER, B. N. D.,**

*The eminent Medical Practitioner, has left a valuable Legacy to the World, in his*

**Great Preventative of Consumption**  
AND UNFAILING  
**CURE FOR PULMONARY DISEASES,**  
Without the Use of Medicine.

Sir A. C., Bart., invented and advised the use of the

**MEDICATED FUR CHEST PROTECTOR!**

Fit all persons of all ages and conditions, as a certain and a safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, according to fashion, and the continual changes of our climate.

"The Protector" is simply a chemically prepared Fur, lined with silk and padded, which, suspended from the neck, covers the chest, in so agreeable a manner that, once worn, it becomes a necessity and a comfort.

"The Protector" although but recently introduced into America, is making rapid progress through the United States, the Canada, South America, and the West Indies. It has for a long time been a staple article in England and on the continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts, enquire of any English resident in your vicinity, of his knowledge of the beneficial effects of wearing the Protector, without recourse to doctoring of any kind. The cost of wearing these articles, is a mere trifle, and one will last many years. No one who values the health of himself or his family, will be without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London, and Manchester, England; were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to manufacture according to his original instructions, and therefore recommend those who would wear "The Protectors" to see to their being genuine.

Remember this is a staple article, and no Patent Medicine.

**RETAIL PRICES.**

GENT'S SIZE . . . . . \$1 50 each.  
LADIES' do . . . . . 1 00 do.

**FINISHING SCHOOL!**  
FOR YOUNG LADIES.

MRS. FORSTER, having hitherto received a limited number of Pupils for tuition, in special subjects, has been requested to extend the advantages of her system of instruction by enlarging her classes.

Mrs. Forster having determined to accede to this request, has secured the assistance of the best Masters, and will be prepared on the 1st of September next, to give instruction in the following branches of Education.

**English, French, Italian, German, Music, Piano and Harp, Drawing, Singing, &c.**

In the Senior or Finishing Class, to which pupils are admitted by examination, the course of instruction is specially adapted for completing the education of Young Ladies, including a thorough review of the subjects ordinarily taught, Critical Readings of the French and English Poets, Ancient and Modern History, and the Study of Philosophy and Astronomy.

References are kindly permitted to Judge Draper, Dr. Bovell, Mr. Gzowski, and Dr. Ryerson, all of whom have daughters under Mrs. Forster's instruction.

For particulars apply to the Rev. T. S. Kennedy, Church Society's Office, King Street; or to Mrs. Forster, 169, Queen Street West.  
Toronto, July 19, 1854.

**THE HYDROMAGEN**

OR

**WATERPROOF, ANTI-CONSUMPTIVE**

**CORK SOLES,**

MANUFACTURED BY

**HARCOURT, BRADLEY & Co.,**

44, Market St., Manchester.

Principal Warehouse, 102 Wood Street,

Cheapside, London, England, American

Establishment, 38 Ann Street, & 102

Nassau Street, New York, U.S.

NOTE: Hydromagen is a valuable discovery for protecting the feet from damp or cold, and therefore a preventative of many lung diseases, without any doctoring whatever. The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its medicated character is a powerful antidote to disease.

For Gentlemen, it will be found agreeable, warm and healthy, to wear in the coldest or rainiest weather, as the feet cannot become wet if the Hydromagen is inserted. Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity; while Consumption, so prevalent among the young of our country, may be thwarted by their general adoption. They entirely supersede awl-soles, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous wear to travellers in icy weather, like India rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being no more than a thin slice of cork prepared peculiarly, placed inside, does not increase the size of the foot, or cause the foot to appear unkind. To children they are extremely valuable, as they may engage in exercises with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides, those who patronize them will find their yearly doctor's bills much diminished thereby.

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Lee's, Dublin, Paris, Antwerp, Hamburgh, and Berlin, our sales reached 1,732,356 pairs of Cork Soles. This year the number will far surpass that.

Ask the Faculty their opinion of their value as a preventative for Coughs, Colds, Bronchitis, Asthma, and Consumption.

Men's Size, per pair 33 CENTS.

Ladies' do do 30 do

Boys' and Misses' do 25 do.

NOTE.—From the Retail Prices we make a very liberal allowance to Jobbers and Wholesale Dealers, so that any storekeeper may make a fine profit on their sale, while they are an article that may be kept in any store, among any class of goods.
