

THE CANADIAN WEST IS THE BEST WEST

Brain, Brawn and Capital can all be Utilized

THE magnificent development of Western Canada since the opening of the Twentieth Century has attracted the attention of the world, and every year since 1900 has been an improvement upon its predecessor, in so far as immigration and general progress are concerned.

The inauguration of the new provinces—Saskatchewan and Alberta—in 1905, gave an immense impetus to the work of development there, and a largely increased population is the result. But there is always room for more in this land of great possibilities, and the Canadian Government still offers

to every young man over 18 years of age who is able and willing to comply with the homestead regulations.

The excellent crop of 1905, it is claimed, will put fully \$60,000,000 in circulation in Western Canada, and it is freely stated that the great expenditure in railway construction at present going on will raise that amount to \$100,000,000 during the current year—which will bring added prosperity to the country that lies between Winnipeg and the foothills.
