Moreover, by the use of Mur- ray &amp; Lanman's Florida Water the breath is made sweet and pleasant, and the teeth white without any danger of injuring the enamel, a difficulty existing with nearly all the mouth lotions and powders for the teeth. As a general thing, ladies who make any pretensions to refinement desire to have SOFT WHITE HANDS.</li> <li>We believe that there is nothing will tend more to produce this effect than the constant use of Murray &amp; Lanman's Florida Water mixed with the water in the basin. It removes redness and roughness. The ladies of Cuba and South America were the first to discover the extraordinary virtues of this floral water as a cosmetic, and, after twenty-five years of every- day use, they have decided that it is the only fra- grant distillation combining all the requisites for a safe and reliable beautifier of the skin, as well as an exquisitely delicate perfume. Frobably the most istinctive feature of Murray &amp; Lanman's Florida Water is its wonderful REFRESHING POWER.</li> <li>The sense of smell never tires of it, but rather seems to find a more intense enjoyment the longer it is' accustomed to its use. As there are counterfeits, always ask for the Flo- rida Water prepared by Lanman's Kerp, New York. For Sale by all respectable Druggists, Perfumers,</li> </ul>	A VALUABLE FARM FOR SALE. LOT No. 4, S.
