INDIAN EXPECTATIONS. - A periodical issued from the Society for the Propagation of the Gospel gives (but without date) a letter of the Rev. Dr. Caldwell, missionary in Tinnevelly, in which the writer says:

"All over the southern provinces the people are expecting the advent of a native king and the expulsion of the English in 1865. A written prophecy to this effect is being copied out and sent from village to village, and every copy of of the prophecy is wor-shipped as a document of Divine authority. BNGLAND SUSTAINING IDOLATRY.—A Bombay correspondent of the Christian Work states that there
are more idolatrous shrines receiving aid from the British Government treasury in Western India than than there are churches in Great Britain connected with the Establishment. The fact is conceded and boasted of, that Hindoo idolatry receives from the present Government of India a greater and every way more valuable amount of patronage than it enjoyed under native princes.

CITIZEN OF QUEBEC

CURED OF

FIFTEEN

RUNNING SORES.

The following letter was received by one of the most respectable Druggists in Quebec, Canada —

W. E. BRUNET, Esq., Druggist, Pont St. Roch (or Craig) Street, Quebec.

DEAR SIR,-

This is to certify that I have been thoroughly and entirely cured of FIFTEEN SORES which I had on my right arm, by the use of Bristol's Sarsaparilla. These sores had been on my arm for over four years, and during that time had been continually discharging, which weakened me so much that I was unable to leave my bed for four months. Having hearl of Bristol's Sarsaparilla, I made up my mind to try it. I used six bottles, and with the best results; for I am new as strong and as able a workman as I was before having the sores.

J. C. Aver, M. D. Dear Sir I have a long time been afflicted with an cruption which covered my whole body, and suffered dreadfully with it. I tried the best medical advice in our city without any relief. Indeed, my disease grew worse in spite of all they could do for me. I was finally advised by one of our leading citizens to try your Sansa-FARILLA, and after taking half a bottle only, I found that it had reached my complaint, and my health improved surprisingly. One single bottle completely cared me, and I am now as free from the complaint as any man in the world. Publish this, and let the af flicted know what you have done for me, and what may be done for their relief.

It has not failed to come upon her in cold weather, nor has any remedial aid been able to hasten its departure before spring, or at all alleviate her sufferings from it. This season it began in October with its usual violence, and by the advice of my physician I gave her your Sansapanilli. In a week it had brought the humor out upon her skin worse than I had ever seen it before; but it soon began to disappear. For nine months I was most cruelly affected with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. In October the symptoms increased alurmingly, and so reduced was I that I could waik but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was com-pletely restored to health. I have used the Balsamin my family and administered it to my children with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy par excellence.
