COE'S SUPER-PHOSPHATE OF LIME

MANURE FOR BARLEY.

[Letter from Mr. A. Maynard, of the firm of Maynard & Co., St. Hyacinthe.)

Sir, -I ushd the Phosphate of Lime manufactured by you last summer, and am in a position to certify that it is the most valuable manure which has ever come under my notice. I put nearly 200 lbs on an arpent and a half sown with barley, sowing both together and harrowing them over. The Barley sprouted so eigorously and maintained such a beautiful healthy appearance, that I obtained the first prize for Barley above all other competitors for the parish of St. Hyacinthe. The Barley in question wassown alongside another strip of land also containing Barley, manured in the ordinary manner and yielded I am certain fully fifty per cent more. I therefore sincerely believe that Phosphate is a manure which no farmer can do without, and they should all use it.
