STORE-KEEPERS, FARMERS, AND OTHERS

should buy their Teas for cash from the importers

direct.

It has been established, by the best medical author-
ity, that one-half the nervous diseases are caused
by drinking impure Tea. The Montreal Tea Company,
in directing the attention of Farmers, Hotel-keepers,
Country Stores, and the numerous consumers of their
Teas, have pleasures in informing them that they
have recently imported a large quantity of fine, fresh
and fragrant new season Teas, which have been
chosen for their intrinsic worth, keeping in mind
health, economy, and a high degree of pleasure in
drinking them, and which will be sold at the smallest
possible profits, saving to the consumers 15c to 20c
per lb. We can highly recommend our 60c, 65c, and
75c English Breakfast, 60c and 65c Uncolored Japan,
and best at 75c; and Young Hyson at 70c, 75c, 85c,
and best \$1.00, as being very superior Teas, and are
very strong and rich in flavour. These Teas are
put up in 12, 15, 21, and 25 lb. boxes and are
warranted pure and free from poisonous sub-
stances. Orders for two 12 lb. boxes, or one 20 or
25 lb. box, sent carriage free to any Railway
Station in Canada. Tea will be forwarded immedi-
ately on receipt of the order by mail containing money,
or the money can be collected on delivery by expres-
man, where there are express offices. In sending
orders below the amount of \$10, to save expenses, it
will be better to send money with the order. Where a
25 lb. box would be too much, two or three, clubbing
together, could divide. We warrant all the Teas we
sell to give entire satisfaction. If they are not
satisfactory, they can be returned at our expense. A
savings can be effected by purchasing the Tea in half-
cheats, weighing about 40 or 50 lbs., as on an
average there is one or two lbs. over weight. Post
office orders and drafts made payable to the Montreal
Tea Company, 6 Hospital Street, Montreal. We
deliver Tea free of charge, but in addition to this
expense the Express Company charge for collection
this item would be saved to us if purchasers would
enclose the cash with order, but this is optional.

BLACK TEA—English Breakfast, Broken Leaf,
Strong Tea, 45c; Fine Flavored New Season do.,

An excellent Mixed Tea could be sent for 60c
and 70c; very good for common purposes, 50c.

We have sent over one hundred thousand
pounds of Tea to different parts of the Dominion,
and receive assurances every day of its having given
entire satisfaction. Our Teas are not coloured with
mineral dye to make them look well. They should,
therefore, only be judged by tasting. We have pleasure
in subjoining a few of the numerous testimonials
already received:—

MONTREAL, April, 1868.—To the Montreal Tea
Company, 6 Hospital Street, Montreal:—We notice
with pleasure the large amount of Tea that we have
forwarded for you to different parts of the Dominion,
and we are glad to find your business so rapidly in-
creasing. We presume your Teas are giving general
satisfaction, as out of the large amount forwarded,
we have only had occasion to return one box, which,
we understand, was sent out through a mistake.

G. OHENEY,

Manager Canadian Express Company.

RUSSELL HOTEL, Quebec, January 7, 1868.—Montreal
Tea Company:—Gentlemen,—The six chests of
Tea forwarded some time since arrived in good order.
The quality is pure and excellent, and prices cheap.
As I am particular in buying the best quality of Tea
to be had for our guests, I am pleased to acquaint
you that it gives general satisfaction.—Your obedient
servant,

WILLIS RUSSELL.

WIDDER, 1st April, 1868.—To the Montreal Tea
Company:—Gentlemen,—The three boxes of young
Hyson Tea, at 60c per lb., that I and my friends pur-
chased from you, is very good indeed. We could
not get it here for less than 80c per lb.; and also the
Tea that you sent the Rev. Peter Goodfellow is
splendid. I shall soon send you some more orders.

—Yours very respectfully,

ALEX. ENGLISH.

HANCOCK, March 16, 1868.—To the Montreal Tea
Company:—The Tea filling my last order have
reached me safely, and prove satisfactory; and I
would confidently recommend all consumers who
appreciate a really good article, as well as a saving
of 15 to 20 per cent., to buy their Teas from the
Montreal Tea Company.—I am, gentlemen, yours,

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this ex-
cellent medicine enjoys,
is derived from its cures,
many of which are of a
truly marvellous char-
acter. Justly, therefore,
it is called the "Sarsapa-
rilla of the age." The
system seemed utterly
given up to corruption,
have yielded to this con-
fidence in the efficacy of
this medicine. Disorders
of a scrofulous type, and
affections which are merely
aggravated by the presence
of scrofulous matter,
have been cured in such
instances, in every settle-
ment in the country, that
the public do not need to
be informed here that it is
in most cases a specific and
absolute remedy.

Scrofulous poison, and its destructive
enemies of our race. Often, this unseen and un-
felt taint of the organism undermines the constitu-
tion, and invites the attack of enfeebling or fatal diseases,
without exciting a suspicion of its presence. Again,
it seems to breed infection throughout the body, and
then, on some favorable occasion, rapidly develop
into one or other of its hideous forms, either on the
surface or among the vitals. In the latter, tuber-
cles may be suddenly deposited in the lungs or
heart, or tumors formed in the liver. These facts
make the occasional use of the Sarsaparilla as a
preventive, advisable.

It is a mistake to suppose that so long as no eruptions
or humors appear, there must be no scrofulous
taint. These forms of derangement may never
occur, and yet the vital forces of the body be so re-
duced by its subtle agency, as materially to impair
the health and shorten the duration of life. It is a
common error, also, that scrofula is strictly heredi-
tary. It does, indeed, descend from parent to child,
but is also engendered in persons born of pure
blood. Low living, indigestion, foul air, rheumatic
humors, uncleanliness, and the depressing influ-
ence of grief, are all causes which may gradu-
ally produce it. Weakly constitutions, where not
fortified by the most constant and judicious care,
are peculiarly liable to it. Yet the robust, also,
whose turbid blood, and whose system is over-
run with scrofulous matter, are often contaminated,
and on the road to its consequences. Indeed, no
class or condition can depend on immunity from
it, nor feel insensible to the importance of an effec-
tual remedy.

In St. Anthony's Fire, Rose or Erysipelas,
for Tetter, Salt Rheum, Scald Head, Ring-
worm, Sore Eyes and Ears, and other eruptive
or visible forms of the disease, caused primarily by
the scrofulous infection, the Sarsaparilla is so ef-
ficient as to be indispensable. And in the more
concealed forms, as in Dyspepsia, Dropsy, Heart
Disease, Pile, Epilepsy, Neuralgia, and other
affections of the nervous system, the
Sarsaparilla, through its purifying power,
removes the cause of the disorder and produces aston-
ishing cures.

The Sarsaparilla root of the tropics does not by
itself achieve these results. It is aided by the ex-
tracts combined with it, of still greater power. So
potent is this union of healing virtues, Syphilis or
Venereal and Mercurial Diseases are cured by
it, though a long time is required for subduing these
obstinate maladies by any medicine. Leucorrhoea
or Whites, Uterine Ulcerations, and Female
Diseases in general, are commonly soon relieved
and ultimately cured by the purifying and puri-
fying effect of our Sarsaparilla. Rheumatism,
Gout, often dependent on the accumulations of
excremental matters in the blood, have their remedy
also in this medicine. For Liver Complaints,
torpidity, indigestion, biliousness, and all affec-
tions arising from impure blood, we unhesitatingly
recommend the Sarsaparilla.

This medicine restores health and vigor where no
specific disease can be distinguished. Its restora-
tive power is none the less true, and those who are
troubled with any other of those affectionate sym-
ptoms of weakness, Mercurial taint, or for
General Debility, have written us of the youth-
ful vigor imparted to their nervous system, which
seemed buoyant with that profligate life they thought
had departed on the advance of age. Others, whose
fountains of life were always sterile, acknowledge
their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fe-
ver, Chills, Fever, Remittent Fe-
ver, Dumb Ague, Periodical or Bilious
Fever, &c., and indeed all the affec-
tions which arise from malarious,
marsh, or insalubrious poisons.

As its name implies, it does CURE, and does not
fail. Conquering malarious, Quinine, Ham-
bur, and any other mineral or poisonous substance
whatever, it is in no wise injures any patient. The
number and importance of its cures in the tropics
districts, are literally beyond account, and no be-
liever in a parallel in the history of medicine. Our
pride is gratified by the acknowledgments we re-
ceive of the radical cures effected in obstinate cases,
and where other remedies had wholly failed.

Uncontaminated persons, residing in, or
travelling through malarious localities, will be pro-
tected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity
of the Liver, it is an excellent remedy, stimulating
the Liver into healthy action.

Prepared by Dr. J. C. Ayer & Co., Practical
and Analytical Chemists, Lowell, Mass., and sold
all round the world.
