

NOTICE • CAUTION

THE success of Fellows' Syrup of Hypophosphites has tempted certain persons to offer imitations of it for sale. Mr. Fellows' who has examined samples of several of these, **finds that no two of them are identical**, and that all of them differ from the original in composition, in freedom from acid reaction, in susceptibility to the effects of oxygen when exposed to light or heat, **in the property of retaining the strychnine in solution**, and in the medicinal effects.

As these cheap and inefficient substitutes are frequently dispensed instead of the genuine preparation, physicians are earnestly requested, when prescribing the Syrup, to write "Syr. Hypophos. **Fellows.**"

As a further precaution, it is advisable that the Syrup should be ordered in the original bottles; the distinguishing marks which the bottles (and the wrappers surrounding them) bear can then be examined and the genuineness—or otherwise—of the contents thereby proved.

... SPECIAL ANNOUNCEMENT ...

To Our Friends and Patrons:

We beg to announce that we have opened a high-class Photo Studio at the premises formerly occupied by Mr. E. Stanton, 9, 11 and 13 King St. West, Toronto.

No expense has been spared in renovating and remodelling the establishment throughout for the comfort of our patrons, and as every appurtenance of the business is absolutely new, of the latest design, and the very best quality, we now have one of the best photograph galleries in the city, if not in the Dominion. These facts, combined with our wide experience, enables us to give the most artistic effect a camera can produce.

We are confident, therefore, that a trial order will result in your continued support, and we hope to have the pleasure of a visit from you to our new quarters at an early date. Yours faithfully,

C. A. MUERLE & CO.

9, 11 and 13 King St. W., Toronto

A. S. HOPKINS

(Successor to H. A. KNOWLES)

Chemist & Druggist
