SASKATCHEWAN TELEPHONE ISSUES RESUMED

The issue of telephone company debentures in Saskatchewan will shortly be resumed in the usual fashion. These issues have been subject to the restrictions of the Dominion department of finance which were in force until a few weeks ago. The removal, however, did not apply to telephone debentures because they are not strictly municipal issues.

The annual meeting of the Standard Bank of Canada is to be held February 26th, 1918.

At a meeting of the Meaford Board of Trade Mr. T. R. Moore was elected president, and Mr. C V. Cartwright, vice-president, for the coming year. The new council of the board is composed of Messrs. J. R. Peterson, T. A. McCarroll, Geo. Brown, S. A. Gray, F. Kent, J. A. Sinclair, O. A. Keffer and W. M. Telford. Much enthusiasm is hoped for during 1919, when so much reconstruction work is to be accomplished.

NOVA SCOTIA TRAMWAYS COMPANY

A new contract between the Nova Scotia Tramways and the city of Halifax, for the electric lighting of the latter, is being discussed. A conference was held in Halifax recently, and this subject, as well as the tramway service, was discussed. The contract had been originally for five years, then three years, then six months, and since that time has been continued from year to year. This has been found to be unsatisfactory. The company has, therefore, been asked to submit terms for modern equipment and lighting contracts for five to ten years.

Walter C. Findlay, late Prohibition Commissioner for British Columbia, who was dismissed from office by the provincial government on December 16th, pleaded guilty in the police court to the charge of illegally importing liquor into the province, and was sentenced to pay a fine of \$10,000, or six months' imprisonment.
