

# Terrano Flooring

Terrano Flooring must not be confounded with other unsuccessful floorings of this character exploited in Canada. Sixty successful floors laid to date is our chief recommendation.

Terrano is laid about 1-2 inch thick on expanded metal, which makes it absolutely impossible for the floors to crack or break up.

Terrano is the ideal flooring for private houses, public buildings, restaurants, cafes, street and railway cars, etc.

All Terrano laid by us is absolutely guaranteed against cracking, breaking up or other defects.

## EADIE-DOUGLAS COMPANY

General Sales Agents

77 Victoria St.	-	-	TORONTO
22 St. John St.	-	-	MONTREAL

# Terra Cotta

Terra Cotta is the ideal building material for the Canadian climate. It is not affected by severe cold or heat, is non-absorbent, will not stain, check or crack, and is no more expensive than the ordinary imitation stone.

We also handle enameled brick, fire brick, sanitary goods and other products of the Leeds Fireclay Co., Ltd., Wortley, Leeds, England.
