

The Poet's Child.

CHILD ADDRESSING TO THE DAUGHTER OF RICHARD DALTON WILLIAMS, BY FATHER RYAN. Child of the Heart of a Child of sweetest Song!

CABLE NEWS FROM IRELAND

At the weekly meeting of the Land League on Wednesday, Davitt said it was understood that several more meetings will be proclaimed this week, and he counselled all the branch Leagues to give the authorities no pretext for suppression of the meetings, in consequence of the wording of placards.

At the trial of the traversers the defence suggests that the short-hand notes by Constable Stringer had been altered since they were taken, but failed to shake the witness. It is evident that one point of the defence will be that nearly all of the meetings at which the traversers spoke were sanctioned or presided over by Catholic clergy.

Farnell, Dillon and Sullivan were not in Court on Wednesday, having gone to attend the opening of Parliament. The President, Treasurer, Secretary, and two other members of the Tralee branch of the Land League were arrested at the weekly meeting on Wednesday on a charge of sedition, in having resolved at the last meeting to "Boycott" one Cane.

One of the rioters wounded in the encounter with the police near Claremorris died on Thursday night. The Military High Commissioner who has been investigating reports that there is no danger of an organized rising in Ireland, and if the Government takes strict measures for the suppression of lawlessness a peaceful solution of the present difficulties may be looked for.

The officers of the Tralee branch of the Land League arrested on Wednesday have been remanded, bail being refused. A large force of police escorted the prisoners to jail. The crowd threatened the police, but the military, with fixed bayonets, joined the officers.

On Thursday night the people near Claremorris dug a ditch across the road, to prevent the passage of a process server, who, with a police escort, was proceeding to serve writs of ejection. The mob threw stones freely, and the Riot Act was read. The police charged the mob, and four persons are believed to be fatally bayoneted and several injured.

At Omagh Assizes, on Wednesday, a farmer named Graham was convicted of shooting at Bailiff Mulholland near Cookstown, County Tyrone, in December, and sentenced to penal servitude for life.

Lord Dufferin has published a paper on the Irish land question, in which he strongly condemns the system of "fair rents," "free sales" and "fixity of tenure," pointing out the sale of the tenants interests has a tendency to saddle holdings perpetually with a double rent, and he says the system, if granted, would only further encourage a new set of agitators to endeavor to dispossess the landlords of the remaining vestiges of their rights.

Dufferin favors a system similar to that adopted at the enfranchisement of the Russian serfs, viz., the buying up of a large portion of land in Ireland and the conversion of the rents into land charges, payable to the State. For the chronically poverty-stricken districts of the West, he recommends a great system of state aided emigration to Manitoba and the North-West of Canada, to be worked with the co-operation of the Dominion Government. He points out that, as the Catholic Church is supreme in those parts, the clergy of Ireland would not oppose emigration thither as they do emigration to the United States. The Times remarks that Dufferin's suggestions do not arrest the Land Bill, as the Government will not make grants from the exchequer or pledge the credit of the country.

A reward of five hundred pounds has been offered for the discovery of the persons who fired at the Rector of Ballinacorney, Dublin, Jan. 6.—The arrest of the officers of the Tralee branch of the Land League causes great excitement. This action of the Government is believed to be the first of many similar actions. A rumor is even current that the authorities intend to suppress the Central Offices in Dublin.

Dublin, Jan. 6.—The Court to-day decided to admit the report of the Nation newspaper as evidence in the trials, in spite of the objections of the traversers' counsel. Dublin, Jan. 6.—A despatch from Kilmacow, county Kilkenny, announces that the Rev. Mr. Cody, President of the Multinavat branch of the Land League, and twelve members of the Committee, has been held for trial on a charge of "Boycotting" a farmer.

A monster land meeting was held at Kinvarra, county Galway, to-day. London, Jan. 6.—Large quantities of ammunition, chiefly buckshot, are being shipped to Ireland. Dublin, Jan. 6.—A caretaker named Collins has been murdered near Parsonstown. It is stated that the Pope has addressed a letter to the Archbishop of Dublin sympathizing with the Irish Catholics desiring an improvement in their condition, but exhorting them to do nothing contrary to law, and declaring that Ireland will more readily obtain what she desires from the Government—in whose political ability he expresses confidence—if she keeps within strict limits of legality.

Matrimony is the most indissoluble and intimate union; hand in hand they should go through life on earth to heaven, leading and directing their children by word and example. This intimate and perfect union is impossible when the married couple disagree in that which should be most sacred to every Christian, namely, his religion. It will prove a perpetual source of dissensions. The truce then established is based upon the condition, "To ignore Religion."

Parting and forgetting? What faithful heart can do these? Our great thoughts, our great affections, the truths of our life, never leaves us. Surely they cannot separate from our consciousness; shall follow it whithersoever they shall go; and are of their nature divine and immortal.—Thackeray.

The Catholic Circles of France, which furnish such cheering evidences of devotion in the midst of so much recreancy, are to be dissolved, like the monasteries. But the work can be done without noise. It appears that they require authorization, and the Minister will simply refuse it.

Life is divided into three terms—that which was, which is, and which will be. Let us learn from the past to profit by the present, and from the present to live better for the future.

Would you conquer an enemy? Then convert him into a friend.—St. Francis of Sales.

The Great Shoshonee Remedy

Is an Indian vegetable compound, composed of the juices of a variety of remarkable medicinal plants and herbs; the various properties of these different ingredients, when combined, is so constituted as to act simultaneously upon the Blood, Lungs, Liver, Kidneys, Digestive Organs, Nervous System, &c., restoring their functions to healthy action, and, being purely vegetable, is as harmless as nature's own beverage. This medicine is a decided benefit in all, and a permanent cure in a large majority of diseases of the blood, such as Scrofula, Erysipelas, Salt Rheum, Canker, Pimples, &c. In prescribing this medicine we do not claim that it always performs cures; but this we do say, it purifies and enriches the blood, permanently curing a large majority of diseases arising from its impurities. It stands far ahead and unequalled among the hundreds of competing medicines of the day. It has stood the test for ten years, and is to-day more popular than ever. As a summer restorative it stands unrivaled; it guards the system against the constant draw to which it is subjected by a high temperature. Persons who are subject to bilious Colic, Dysentery, Indigestion, &c., should take the Shoshonee Remedy. Price of the Remedy in pint bottles, \$1; Pills, 25 cts. a box. Sold by all medicine dealers.

Many most remarkable cures of Deafness have been performed by Hagyard's Yellow Oil, the certificates of which the proprietors will cheerfully furnish; it is the most potent remedy known for all varieties of Inflammatory action—taken internally and externally applied, it cures Croup, Rheumatism, Colds, Sore Throat, and is a perfect panacea for all manner of pain, lameness and flesh wounds.

Ayer's Ague Cure has saved thousands of lives in the malaria districts of this and other countries. It is warranted a certain and speedy remedy, and free from all harmful ingredients.

"HONESTY IS THE BEST POLICY."

Our daily bread is sweetest when gained by honest toil. Hagyard's Yellow Oil is an honest oil, and honestly speaking, it cures more cases of Aches, Pains, Lameness, Stiff Joints, Flesh Wounds, Burns, Scalds, Bruises, Rheumatism, Deafness, Colds, Sore Throat and Inflammation, than any other remedy offered for sale. No household should be without it.

A FACT which even political economists are apt to forget is that a manufacturer's rate of profit is not the only essential element to success; the aggregate profit at the end of the year is of far greater importance, and this in most cases is greater out of a low rate of profit than out of a high rate, because of the increased business, which the lower price gives rise to. It was on this principle that Messrs. Tuckett & Billings acted in introducing their now famous "Myrtle Navy" tobacco, and to this principle they have ever since adhered. This is one of the reasons why the people of Canada have smoked the best tobacco which can be produced, at a cheaper price than any other people can buy a similar article.
