The House resumed consideration of the question of privilege raised by the honourable Member for Yukon (Mr. Nielsen);

And debate continuing;

Mr. Nielsen, seconded by Mr. Bell (Carleton) proposed to move,—That this House call upon the Minister of Justice to substantiate the charges and allegations he has made against the Leader of the Official Opposition and members of the former Conservative Government new Members of this House.

STATEMENT BY MR. SPEAKER

Mr. SPEAKER: As I said a moment ago, if honourable Members want me to put the motion, I would consider it along with the other two motions. I recognize that the motion by the honourable Member for Yukon has already been placed on the record. I would suggest to honourable Members that, unless somebody has a completely new question of privilege to raise at this time, that we go on with other business.

And later,—

I would think that we should first consider whether any of these motions can be accepted, and if the motion is accepted, whether any member has the right to move an amendment.

And debate continuing;

Mr. Grégoire, seconded by Mr. Caouette, proposed to move, under Standing Order 24,—That the "Orders of the Day" be now read.

Mr. Speaker ruled the said proposed motion out of order on the grounds that the House had already entered upon "Orders of the Day".

And debate continuing;
