

MCGILL UNIVERSITY

A special dispatch from the C.T. to Montreal today in reference to the appointment of a successor to the late Sir A.C. Principal and v.C. says the question is being closely studied by educational bodies of McGill and the Province of Quebec. A departure from the former custom may be made through the appointment of not one but two successors to the former principal, one of these it is said would be a prominent educationist who would fill the scholastic requirements of v.C. and Prin. while another man, probably a prominent business man would be named to take over control of the purely financial side of the work of the institution.
