

University of Glasgow

SIR DONALD MACALISTER K.C.B.
Principal and Vice-Chancellor

The University of Glasgow,
in which James McGill
was bred, sends greeting
and cheer to the University
of which he was ~~after~~ the
founder. May his example
of enlightened liberality
move thousands of
Montreal citizens to
emulation, for the
honour of their city and
of the Dominion, and
for the highest good¹
of their sons and daughters.
