

Learn a Lesson From the Blind Man on the Street Corner:

"Tap-tap-tap" goes his stick on the sidewalk. He never advances a step until he has tried the ground.

That's a good way to try clothing---leave aside the "Say-So" and demand the "Prove-So"; don't advance a step until you have tried the ground.

We've put a mighty lot of "Prove-So" into our fall and winter suits and overcoats. They have features that we've spent months in working out; nothing "flashy" or "gingerbready," but all in good taste and 'tis a positive pleasure to feel the cozy warmth and suggestive comfort in our chinchillas and shaggy Shetland overcoats. Best of all we have a coat or suit to fit every price, so that all we ask is to let our salesmen show these lines and even if you decide not to buy you'll count what you have learned well worth the trouble.

INJURE GOOD NAME OF BRITISH GOODS

Old Land Commercial Bodies Doubt the Wisdom of Empire Trademark.

LONDON, Nov. 12.—(C. A. P.)—The attitude of a number of British chambers of commerce, regarding the wisdom of adopting a British Empire trademark, is undergoing a complete change. When first the proposal was mooted it received almost unanimous support on this side as well as in Canada, Australia and New Zealand, but the view now taken by such prominent bodies as the Manchester and Glasgow chambers is that its establishment would tend to injure the trade reputation of British goods as well as the good name of the British Empire as a manufacturing community. They contend, too, that such a distinctive mark would undoubtedly be used for inferior goods.

The Glasgow chamber has rescinded a former resolution supporting the British Empire League in its movement on the ground that the proposal if realized would lead to confusion and the encouragement of fraud.

WHALER ELVIRA LOST IN THE ARCTIC SEAS

CIRCLE CITY, Alaska, Nov. 12.—(Can. Press).—William Mogg, a member of the crew of the power schooner Polar Bear, which is wintering in the Arctic, arrived here yesterday, bringing news of the loss of the whaling schooner Elvira, and the safety of the Polar Bear.

MASKED BANDITS ROB NEW HAZELTON BANK

Shoot Cashier and Carry Off Ten Thousand in Money—Posses Pursued.

SEATTLE, Wash., Nov. 12.—(Can. Press).—A despatch from Hazelton, B.C., says five masked men robbed the Union Bank of New Hazelton, four miles east of Hazelton, last night, shot the cashier and escaped with \$10,000, after a rifle battle with citizens.

TUNNEL AT MONTREAL COMPLETE IN A MONTH

C. N. R. Engineering Feat Will Be Accomplished by December Fifteenth.

Daylight will show thru the Canadian Northern Railway tunnel under the Montreal mountain by Dec. 15. This means that the men working from opposite ends will meet on that date. The file ends will prove the exactness which has marked the calculations.

VIC STUDENTS ROBBED.

A bicycle thief has been at work around Victoria College recently. No less than three wheels have disappeared during the last week, and although the police have been notified, no trace has yet been found of the culprit.

Colds Cause Headache and Grip LAXATIVE PHOMO QUININE tablets remove cause. There is only one "PHOMO QUININE." It has signature of G. W. GROVE on box. 35c.

PRESIDENT YUAN BENT ON REFORM

New Parliament of China Will Be Greatly Reduced in Number.

PEKIN, Nov. 12.—(Can. Press).—President Yuan Shi Kai intends to summon an "administrative council," which, in addition to transacting state affairs, will draft regulations governing the new parliament. The council will number 71 members, consisting of the cabinet officers and others appointed by the president and provincial governors who have already been appointed by him.

Yuan Shi Kai considers that the present house of representatives is unwieldy and deserves its reduction to three hundred members. The original number of representatives was 596. The powers of the parliament will also be materially curtailed, and the senate will disappear, giving place to the administrative council, which will be a permanent body.

This program was announced today, and it will probably be carried into effect if the opponents of the president are not able to bring about its modification. In the meantime the remnant of parliament is permitted to continue holding internal meetings, but can do no business, because of lack of a quorum.

DEATH'S HEAVY TOLL IN PERU EARTHQUAKE

One Hundred and Twenty Known to Have Perished—Ten Towns Wiped Out.

LIMA, Peru, Nov. 12.—(Can. Press).—One hundred and twenty persons are known to have been killed, hundreds of others are believed to have succumbed and ten small towns in the mountainous Peruvian Province of Ayacucho near the Bolivian frontier were destroyed by an earthquake last Friday, reports of which have reached the authorities here today by courier. The survivors are living in the open spaces, and are suffering great privations, owing to lack of food and shelter. The government today forwarded a large quantity of provisions and has appropriated funds for the purpose of relief.

BODY WAS RECOVERED.

ST. CATHARINES, Nov. 12.—The body of Mrs. Philip Sneath, a resident of Port Dalhousie for many years, was taken from Muir's pond this morning. The woman was clad in a night dress. Since the death of her daughter a few months ago she had been very nervous. She was sixty years of age and is survived by a husband and son.

PELLETIER EAGER FOR PARCELS POST

Inspection of U. S. System Makes Him Even Greater Enthusiast.

NEW YORK, Nov. 12.—(Can. Press).—Hon. George E. Foster and Hon. L. P. Pelletier, with W. J. Gerald, president of the Canadian Club of Ottawa, who were here last night to address the New York Canadian Club, were the guests of A. P. Gardner, second vice-president of the Canadian Club, on a motor trip to the Sleepy Hollow Club, forty miles up the Hudson, where the party took luncheon.

During the afternoon the postmaster-general visited the general post-office and various postal stations throughout the city where the city postal authorities gave the Canadian official every opportunity to witness the working of the parcels post system, which has proved such an enormous addition to the work of the department. Mr. Pelletier expressed his conviction that the system, which will be inaugurated in Canada at the beginning of 1914, will prove as great a boon to Canada as the system now in vogue in this country has proved itself.

AWAY BACK

in the heart of every man is the desire to own a home and a piece of land, but the great preventive has been the high price asked. We have overcome this difficulty and it is now within the reach of every man to realize his ambition.

THE MEADOWS

\$1 Per Foot Down \$10 Per Month

is within the means of every person, and we recommend it as a first-class purchase. It has frontage on both Bathurst and Dufferin Streets, and is a very short distance north of Eglinton Avenue, and close to our Fairbanks property, which was sold at \$9 per foot, and which is eagerly sought after now at \$25 per foot.

WORTH CONSIDERING

This property is in an unusually desirable section. It is the health suburb of the northwest section, secluded from city annoyances, and is close to the pivot of special street car prospects for the very near future. The Meadows at the prices we are selling is
