

SALARIES.

The following is the rule of the Board respecting salaries :—

Head Masters receive, from the time of engagement, \$1,000 per annum ; Second Masters, \$700 per annum.

Female teachers holding Elementary and Model School Diplomas receive \$240 per annum on engagement, and provided they prove themselves punctual, faithful and efficient, the Board will, on the recommendation of the Secretary and the Inspector, raise their salaries annually, so that during their second year of service they will receive \$260, during the third \$280, the fourth \$300, the fifth \$325, and the sixth \$350.

Female teachers holding Academy Diplomas will receive \$300 during their first year of service, and, on the conditions of advance above stated, will receive during the second and third years \$350, and during the fourth and subsequent years \$400 per annum.

The above scale, however, does not prevent the Board from engaging skilful and experienced Teachers at higher than the minimum rates, and augmenting their salaries, year by year, as they may determine.

ATTENDANCE OF TEACHERS.

A roll of attendance of teachers must be kept by the Head Master of each school, in which every instance of tardiness and absence shall be recorded, and from which the monthly report of attendance of teachers shall be made up. Permanent record of all such absences and latenesses shall be kept by the Inspector, to be submitted to the Board in relation to every proposed increase of salary.

Except as provided in Section VII. of the General Regulations, one-fortieth part of a teacher's monthly salary will be deducted for each half day of absence.

ATTENDANCE OF PUPILS.

If a seat be left unoccupied for five consecutive days without satisfactory explanation being sent to the Head Master, or if the prescribed fee be not paid within the first five school days of the month, it shall be considered vacant, and shall be filled from the list of applicants.

The school doors shall be closed at 10 minutes past nine o'clock A.M., and at 25 minutes past 1 o'clock P. M., after which
