

Makes All Roads Smooth

The "Perfect" Cushion Frame Bicycle is not particular. It will accommodate itself to cobble stones, wood-stump roads, rutty roads, unmade roads.

Comfort

Vibration does not affect the rider. Jarring and jolting do not reach him. The Cushion works for his Comfort.

Profit

A Cushion Frame Bicycle will last longer than the ordinary bicycle. The frame and parts are relieved of shocks and strain.

Convenience

A "Perfect" Cushion Frame, with ordinary care, is always ready to carry you to and from business, to make emergency trips, social visits, or regular business calls.

GOES TO THE ASYLUM

Thomas Waterhouse, Who Beat His Wife to Death, Jugged Insane.

MONTREAL, March 5.—Incarceration in a criminal lunatic asylum is to be the lot of Thomas Waterhouse, who, having been committed to take his trial in the King's Bench court on the charge of killing his wife, was yesterday brought before a jury and adjudged unfit on the ground of insanity to stand for trial. The accused was apprehended on his own confession after having beaten his wife to death with a baseball bat. Four medical men give evidence yesterday, and they unanimously agreed that Waterhouse was suffering from senile melancholia.

DIED IN CHURCH.

MONTREAL, March 5.—Almost immediately after taking up the collection, as he had done for the past quarter of a century, at the 8 o'clock mass at St. Anthony's Church this morning, Maurice Curran, a well-known and prosperous hatter of McGill-street, died while the service was concluding. He appeared to be in his usual state of health until towards the end of the mass, when he was noticed to fall back in his pew. Rev. Father Donnelly, the parish priest, with a few friends, assisted the stricken man to the sacristy, where he passed away.

LARGE AUDIENCE HEARS EX-PUG ON TEMPERANCE

Lighted Up His Talk With Lurid Details of His Past Life.

Nearly 2,500 people gathered in Massey Hall at the regular Sunday meeting of the Canadian Temperance League yesterday afternoon to hear Charlie Marks, ex-pug and erstwhile lightweight champion of Western New York, who has for several years been a convert to Christianity, speak on the gospel of temperance.

Marks has the square jaw and the sharp eye of the prize fighter still with him, and the his construction and grammar were not always classical, he planted his blows at the liquor traffic with telling effect—on the audience at least.

All the evils of humanity are traceable to the liquor traffic, according to him, and he cited his own case as one proof of his assertion, using many lurid details. "All roads of pugilism lead to drunkenness," he said, "and I went with the lowest. I was drunk for six months at a stretch. And yet I stand here to prove what the new birth into the Kingdom of God can do for a man."

"Hell will be so full of men who drink the awful stuff," he said, "that their feet will be sticking out of the windows."

He was not reluctant to tell stories of his wild days, and in his voice was not a little pride at his prowess. At the end of each anecdote, however, he came back with a stinging tirade against the fiery fluid.

"No man would fight against another in the ring," he said, "if his morals were not first deadened by drink."

He told how he had been converted to Christianity by a minister while sleeping off a debauch in his rooms over a banquet hall in Buffalo. The gospel man, at the request of Mark's mother, knocked at the famous pugilist's door, and when admitted read a few verses of the scriptures. So great an influence made him feel the repulsiveness of his life, and he turned to better ways.

Tobacco also came in for a rub. "I always thought if men were really made to smoke that God would have put a chimney in the back of their heads."

At the close of the services fully 50 came forward to sign the pledge many of whom were Mark's companions of his old days in Toronto.

Dr. Geo. L. Palmer's choir and the harmony quartet contributed a fine musical program. Major S. H. Deacon was in the chair.

HYDRO POWER AT ST. THOMAS.

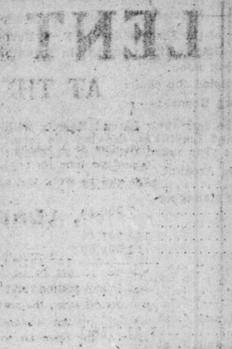

ST. THOMAS, March 4.—Hydro-electric power was given its first test here to-night, when the current was turned on for the illumination of Scott-street. The test was eminently satisfactory. The formal opening will likely be made on Wednesday. Hon. Adam Beck will officiate.

Reduced Colonist Rates.

Every Tuesday in March and April, the C. P. R. will sell one-way colonist tickets from Toronto to certain points in Saskatchewan and Alberta at special low rates, which agents will give full particulars. The reduction also applies from Galt, Windsor, London and certain other stations east and west of Toronto.

Ready for Gardening.

To-morrow evening in St. George's Hall, the Toronto Horticultural Society will hold its March meeting. An interesting address on "Old Country Gardens" will be given by A. Gilchrist. Arrangements will also be made for a number of spring outings of the society and friends in order to take advantage of a number of invitations received from nurseries and conservatories. The public are cordially invited to be present.

DUNLOP TIRES MOTOR SHOW TIRE EQUIPMENT ACTUAL RESULTS

There were 86 cars shown equipped with "Made-in-Canada" Tires. Dunlop Tires represented 43 per cent. or nearly half the total showing, being over sixteen per cent. greater than the nearest Canadian Competitor. There were 157 cars shown equipped with the product of 13 individual makers of tires, including "Made-in-Canada" and foreign. Dunlop Tires represented 23 per cent. of the total, or nearly one-quarter of the whole tire equipment of the show, being 64 per cent. greater than the nearest foreign competitor.

These figures evidence the popularity of Dunlop Tires. Dunlop Tires are equipped to more cars throughout Canada than all other makes combined.

DUNLOP TIRES

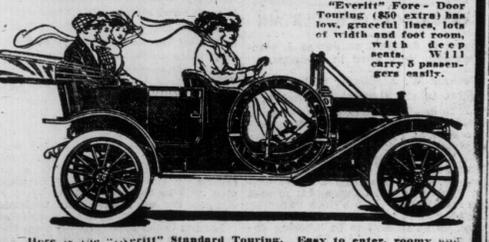

"EVERITT" --\$1450

BUY a car that is built right by a known concern with a good name of repute behind it. It is wisdom to buy "by the maker," as well as by the car itself. In design the "Everitt" dome-top frame, unit-car motor, aluminum clutch, nickel-plated transmission, big wheels, big brakes, gives longest service with least wear and tear, because the "Everitt" is ingeniously simplified throughout and built to a hairbreadth of accuracy. Weight saved means added capacity with increased tire wear, increased service.

You get it in the "Everitt" at \$1450, Orillia.

TUDHOPE MOTOR CO., LIMITED ... ORILLIA...

Tudhope Motor Sales LIMITED, 168 King St. West, Toronto

Here is the "Everitt" Standard Touring. Easy to enter, roomy and comfortable. Full and complete equipment and extra tire. Price \$1450 at Orillia.

SHORT SESSION OF COUNCIL IS LIKELY

Little Probability of Waterworks Reorganization Till Experts Make Their Report.

Prospects are fair for a somewhat brief meeting of the city council this afternoon. This will be the first sitting under the rule passed at last session calling for the meetings to commence at 2 o'clock and the additional hour, as well as a rather light order paper, is expected to result in all the business being transacted without the necessity of a night session.

There are rumors current that some of the aldermen will demand the resignation of the waterworks engineer. Little credence is given to this, however, as the board of control have nominated their candidates for the board of experts to enquire into the water situation, and there is little possibility of the council entertaining any radical proposal for a reorganization of the waterworks department until the experts have made their report. There is every possibility that the report of Judge Winchester, who is making an investigation into the conduct of the works department, will also be waited for by the thinking members of the council before any drastic steps are taken against any of the officials.

Ald. McBrien's motion for the merging of the property committee and the fire and light committee is expected to meet with considerable opposition. In fact it is not expected to prove more popular than the motion of Ald. Yeomans for the abolition of all the committees and the transfer of their work to the board of control.

There is some talk of an attempt being made to reopen the question of the subway at the Grand Trunk tracks at the east end of the city. The council has already decided in favor of Coxwell-avenue, and the supporters of Ashdale-avenue as the site are up in arms. They viewed with interest the reopening of the Sunnyside matter, and have made up their minds to make a similar move at to-day's meeting, providing they can get an alderman who supported the Coxwell proposition to move for the reopening of the question. When that part of the city engineer's

A CORNER OF IRELAND

A Keitic Treat Served Up by the Associated Players.

To have a genuine corner of Ireland transplanted into Toronto, that only for one evening is a real treat for the soul of the Keit, and that is the pleasure that was afforded by the performance at the Greek Theatre on Saturday evening. The "Associate Players" have a well-established reputation and Yeats' idyllic "The Land of Heart's Desire" was done in their sympathy with the author's spirit and aim. The presentation was considerably in advance of that given some time ago, particularly in the abandon and elfin demeanor of the fairy child, and the fey and abstracted air of Maire, whose pathetic passing is so impressive. Father Hart's fine lines were excellently spoken, and the petulant Bridget was absolutely real.

Lady Gregory's amusing "Spreading the News" was also given by the student players. The opening scene is a fair in a country spot, and singing and dancing are going on. Olive Henderson's song "Killarney" very sweetly and Miss Brenda Smella contributed "The Low-backed Car" and the "Red Haird Man's Wife," in finished style. A four handed reel was danced by Basil G. Morgan, Mr. Devine and two young ladies, who footed it most fealty. The humor of the farce were naturally emphasized. An amusing sketch was also given by Mrs. Burden and Mrs. Rogers.

Natural History Section. The natural history section of the Canadian Institute will hold their regular meeting this evening at 8 o'clock, at the institute, 128 College-st., when there will be an open discussion on the subject of "The Organization of Clubs for Special Field Work and Study during Next Summer." The public are cordially invited to participate.

If You Are Going West. You need the free books, "Business Opportunities in Western Canada," "Resources and Openings," "1911 Settlers' Guide." Apply to any Canadian Pacific agent for copies or write R. L. Thompson, District Passenger Agent, C.P.R., 16 East King-street, Toronto.

Astronomical Society. Lachlan Gilchrist, M.A., will address the Astronomical Society on Tuesday evening in the physics building of the University of Toronto on "The Constitution of and the Condition of the Matter in Stars and Nebulae." The public are invited.

RECIPROCITY DENOUNCED.

ST. CATHARINES, March 5.—(Special)—The City Conservative Association last night held a largely extended smoker, when reciprocity was again denounced by Dr. Smellie, M.L.A., Port William, E. A. Lumsden, M.P., Dr. E. Jessop, M.L.A., and Louis Blake Duff, editor of The Welland Telegraph. Dr. Smellie also spoke on the advancement of New Ontario since the advent to power of Sir James Whitney, the mining, forestry and educational policies all being thoroughly outlined and explicated. Dr. Jessop is arranging for the appearance of R. R. Gamely of Mantoulin at the next smoker.

SOLD TO A MINOR.

WELLAND, March 4.—William R. Armstrong, a driver for Toyne's liquor store, was fined thirty dollars and costs for selling liquor to a minor. A large delegation of temperance workers of Welland county had a conference at Welland court house with the Hon. George G. Macdonald in reference to the stricter observance of the law and the cancelling of a number of licensed bars throughout the county that are claimed to be merely drinking places.

THE NEED OF A TONIC IS OFTEN FELT

not only during the period of convalescence after illness but in a variety of circumstances imposing heavy strain on the physical and nervous system or when the whole system is in a weak and debilitated condition, and the consciousness of want of strength and energy is most distressing.

WILSON'S INVALIDS PORT

(A la Quina du France) is the ONE preparation on this market that has received as many written endorsements from prominent Canadian practicing physicians.

No medicine that exerts a more powerful effect on the system than Wilson's Invalids Port. It is a powerful tonic and is prescribed by the best medical authorities.
