CLOSING SESSION BY EDUCATIONISTS

Conference of Ontario Association Brings Out Many Features.

The closing sessions of the three days' convention of the Educational Association of Ontario, during which much wisdom had been distributed under many heads, and more or less assimilated by the teachers, took place yesterday.

The morning was featured by the open meeting in Convocation Hall, at which Sir Robert Falconer presided, when the subject of sex hygiene was taken up and spoken to by Dr. Clarke, of the General Hospital; Dr. Winifred Cullis, of London, England; Captain Gordon Bates, and Mrs. L. A. Hamilton. All advocated greater publicity in the distribution of knowledge of the subject.

"How to make inspection visits vital" was described by Chief Inspector Cowley, who said that the inspector was so bound by regulations that it appeared almost impossible for him to vary the help he may give. "That Latin satisfies a real social need, the perhaps not a social demand," was the opinion of Prof. H. J. Coleman, of Kingston, before the

classical section. Latin was necessary in order to have a real command of English, as without it a grasp of real word values was impossible.

"The rural school problem is essentially the woman's problem," stated Inspector A. H. Leake, "for if there is to be home service in the rural schools it is the woman who must teach it." The inspector admitted that there were difficulties in the way of introducing household science into those schools.

Favor Spelling Reform. English spelling was described as a "convention without rules or reason" by Dr. Reginald McCann, Oxford, who sent greetings to the convention by John Dearness, of London, Ont. Many prominent men, among them H. G. Wells, Sir R. S. Baden-Powell and Lord Bryce, were quoted as in favor of the spelling reform advocated by Mr. Dearness.

G. J. McKay, assistant director of technical education, spoke on the relation between industrial and technical schools to the high schools, advocating industrial or technical schools or departments in every manufacturing centre.

The following representatives for the Organized Women's Associations were elected—Western: Miss Mounter, Chatham; Miss Rayfield, Galt; Centre: Miss L. Dent, Toronto; Miss Collins, Hamilton; Northern: Miss H. Booker, North Bay; Miss Gosnell, Port Arthur; Eastern: Miss Kingscott, Prescott; Miss Newman, Ottawa. The officers are: president, Miss Johnston, London; vice-presi-

dent, Miss Arbuthnot, Toronto; secretary-treasurer, Miss Adking, St. Thomas.

TWO YEARS' SENTENCE.

Percy Davenport, one of the remanded prisoners who recently attempted to escape from the jail, and assaulted Arthur Boustead, one of the guards, was yesterday sentenced by Judge Winchester in the criminal court to two years less one day in the Ontario Reformatory, the sentence to run concurrently with those for theft and assault which have already been imposed. John Dowdell, another one of the remanded prisoners, who went to the assistance of the guard, was given a year in the jail farm on two charges of theft.

CHARGED WITH WOUNDING.

Fine Paid and Accused Will Join the Italian Army.

Angelo Fonte, alias Frank Chilico, appeared in the criminal court yesterday before Judge Winchester charged with having wounded Abraham Greenburg, who stated that Fonte owed him some money, and when he saw him on York street and mentioned it Fonte assaulted him and he had to go to the hospital, as his face was badly gashed. The weapon used was an ugly looking dirk, which was confiscated, and his honor fined him \$50. Fonte was very anxious to be allowed to join the Italian army, and the fine was paid.

BONE-DRY LAW PROBLEM

What to Do With the Thirty Million Dollars' Worth of Liquor in Ontario is Big Question.

It is understood that there is considerable agitation over the situation in which distillers and export warehousemen find themselves as a result of the "bone dry" law. The statement has been made that there is about \$30,000,000 worth of liquor in Ontario, \$5,000,000 of which is held by the warehouses and the balance by the distilleries.

As there is no outlet for these goods now in warehouses, except that of returning them to the distilleries where they could be converted into alcohol for munition purposes, the proposal is that the government take over the supply.

It was stated yesterday by the Ontario License Board that the new regulations covering native wines would prohibit advertising in the newspapers and solicitation by travelers.

FIREMEN APPRECIATED.

Fire Chief Smith is in receipt of a letter from the Jefferson Glass Company, Carlaw avenue, enclosing a cheque for \$100, to be credited to the Firemen's Benefit Fund, in appreciation of the good work of the firemen in saving their packing building during the fire at their plant recently. W. A. Martin, manager of the concern, complimented the men on their exceptionally good work.

MUST FIND INTERPRETER.

Deal in Furniture Was Made Through Him, it is Maintained.

Mik George, a Greek, appeared in the county judge's criminal court yesterday afternoon before Judge Winchester on the charge of obtaining \$110 by false pretences from Kinco Krasonky, a Russian, of 69 Teraulay street. George sold the Russian some furniture which he was obtaining from the Adams Furniture Co. on the time purchase system, and on which \$95 was still owing. W. B. Horkins, who appeared for accused, maintained that the furniture had been sold thru an interpreter, and that the sale had been made subject to the Gen. His Honor adjourned the case for two weeks so that the interpreter, a mysterious stranger named "Charley," might be present.

REPORT IN TWO WEEKS.

Engineers of the Toronto-Hamilton Highway Commission and of the municipalities affected by the widening of the road resulting in the necessity of a wider bridge will confer and report to the Ontario Railway and Municipal Board in two weeks. There is some difference of opinion regarding the construction of the bridge over the Mimico Creek, it being claimed that the cost of the steel structure will be greater than \$25,000 as estimated. It is said a concrete bridge could be built cheaper. The board, however, left the matter open for two weeks after hearing argument in the case yesterday.

HYDRO BUYS ESSEX PLANT.

Payment Will Be Made in Bonds of the Commission.

Purchase of the Essex County Light and Power Company by the Hydro-Electric Power Commission has been completed, Sir Adam Beck, chairman of the board, announced yesterday. The properties of the Essex company were owned and controlled by the Detroit-Edison Company, and situated in Essex. The purchase price was \$226,000, and payment will be made in bonds of the commission, \$200,000 being in 4 p.c. 40-year bonds, and \$26,000 in 5 per cent. 10-year bonds.

The plant comprises 55 miles of high voltage lines, 26,400 volts, and distribution systems in the municipalities of Amherstburg, Kingsville, Essex, Leamington, Harrow, Camard River and Cortam. Until power can be used the plant will be operated by steam, a contract for that having been arranged with the Canadian Salt Company.
