Dominion Commerce Board Sets Limit to Bacon and Ham Profits U.S. Cabinet Unable to Decide Who Pays Miners' Wage Increases

VACCINATION ORDER FOR U.S. EXTRAITTS GOES INTO EFFECT

No Exceptions Permitted—Theatres, Hospitals, Hotels, Travelers Affected.

"Everybody entering the United States from Ontario must be vaccinated by the authorities over the border, and go into effect this morning."

The regulation, Dr. McCullough emphasized, "applies to everybody—passengers, trainmen, boatmen and workmen."

Hon. Walter Rollo, minister of labor and health, who yesterday assumed charge of the latter department, was asked if he had received any representations regarding the workmen in the border towns, where so many Canadians are employed on the American side, also residing in the Dominion.

"A large number of men are thus engaged," replied Mr. Rollo, "and travel over the border and back every day, so that the regulation may be a serious thing for them, unless, of course, they are all vaccinated. I have not yet, either as minister of health or labor, received any complaints or representations from the matter, but there has scarcely been time. There seems nothing for it but to comply with the United States ruling."

The authorities of the Toronto General Hospital have announced that, in view of the threatening smallpox epidemic, the hospital will be closed to visitors until further notice, in the interests of both the patients and general public. This action has been taken after consultation with the medical officer of health.

Toronto theatre managers are in a quandary as a result of the recent order by the United States government, which calls for the vaccination of all travelers within the past year, beginning at 7 o'clock this morning.

ALL CANADA'S WHEAT HANDLED BY BOARD

Individual Farmers Not Permitted to Make Large Shipments to United States.

Col. J. A. Fraser, chairman of the eastern committee of the Canada wheat board, said yesterday it was clearly the duty of the board to handle all the best possible price for the Canadian farmer for the wheat crop of this year.

But an Ottawa dispatch yesterday afternoon confirms the Ottawa despatch published in yesterday morning's World to the effect that nearly all the exportable surplus of Canadian wheat has already been sold in Europe for future delivery by the Canada Wheat Board.

The wheat board has the sole right to buy and sell wheat in Canada, and no one can export any wheat except under license from the board.

The one thing that seems clear is that individual farmers will not be permitted to ship any large quantity of wheat to the United States. If prices are high there and we have any available surplus, it will be made by and thru the Canada Wheat Board.

It would also seem pretty clear that wheat crop is to go into one pool, and all the farmers are to share pro-rata in the excess over the \$2.15 a bushel.

It would also seem pretty clear that we have as much surplus wheat for export to the United States. The wheat board has probably already bargained to sell most of the surplus. A considerable quantity may still be in the hands of the western farmers, but they will have no choice but to sell to the wheat board. Neither is there any reason to believe that the wheat board will increase the price of wheat to Canadian millers.

In short, a good many people have jumped at conclusions in surmising that the western farmers would clean up in the American market, and also in surmising that the price of wheat and therefore the price of bread would go up in Canada.

APPOINTED TO COUNCIL. Rome, Nov. 25.—Senator Viterio Scialoja has been appointed Italian delegate to the council of the league of nations.

PRINCE SENDS BEST WISHES TO ALL PEOPLE OF CANADA

In Farewell Message, Says He Looks Forward to Again Visiting His "Home" on This Side of the Atlantic.

Canadian Press Despatch. Ottawa, Nov. 25.—A farewell message from H.R.H. the Prince of Wales has been received by his excellency the governor-general. The message follows: "H.M.S. Renown. Barrington Passage.

"The Renown is weighing anchor and I feel that my first visit to Canada is really at an end. I can never forget it, nor can I express the whole of my deep gratitude for the open-hearted welcome which my Canadian comrades-in-arms and all my Canadian fellow countrymen and women have given me.

"Will you please convey this message of thanks, most inadequate tho' it be, to Sir Robert Borden and the whole Dominion government, whose care and hospitality throughout my visit have been so generous and so kind? The last four months will influence the whole of my life and I shall never be happy if many months elapse without a visit to my home on this side of the Atlantic.

"My best wishes to all the people of Canada till we meet again. (Signed) "Edward P."

U.S. CABINET DEADLOCKED IN ENDEAVOR TO ADJUST INCREASE IN COAL WAGES

Disagreement Over Ratio of Dividing Advance in Production Cost Between Public and Operators—Application of Increased Cost of Living Also in Dispute.

Washington, Nov. 25.—Like the miners and operators, whose troubles it was trying to adjust, President Wilson's cabinet tonight seemed hopelessly deadlocked on the question of a wage increase in the coal industry.

After a six-hour session, the cabinet, which took up the wage scale agreement, the hospital will be closed to visitors until further notice, in the interests of both the patients and general public. This action has been taken after consultation with the medical officer of health.

LATIN-AMERICA PROTESTS ELECTION TO GOVERNING BODY

Cuban Delegation Leads Criticism at International Trade Conference.

Washington, Nov. 25.—Latin America loudly protests against the proposed constitution of the governing body of the international labor office. The question arose at this afternoon's sitting of the international labor conference.

PREPARE IN WINDSOR FOR VACCINATION

Certificate Needed for Entry to Detroit—Applies to Americans.

Windsor, Ont., Nov. 25.—The board of health is taking immediate action in connection with the order requiring all persons to carry a vaccination certificate in crossing to Detroit.

The order calls for certificates showing vaccination within three years, and will be rigidly enforced from 7 a.m. Wednesday. The exhibition of certificates will not be sufficient, as it is impossible to tell from scars whether or not the vaccination took place recently.

Advice to Americans. "On account of the prevalence of smallpox in Toronto and other points in the Province of Ontario, travelers from Ontario into the United States will be required to show a certificate of recent vaccination (within three years). Americans who intend visiting points in Ontario should provide themselves before starting with a certificate of vaccination.

All such certificates should be written on the printed stationery of the physician unless issued by the United States or Canadian governments," Dr. Garfield of Washington, U.S. federal health officer, now in Detroit, said today.

CANADA'S MEMORIAL CROSS. TO BE PRESENTED TO WIVES AND MOTHERS OF CANADIAN SOLDIERS AND SAILORS WHO LOST THEIR LIVES IN THE GREAT WAR.

THE MEMORIAL CROSS FOR CANADA'S HEROES Will Be Presented to Next of Kin of All Those Who Gave Their Lives For the Empire.

The memorial cross which the Canadian government has decided to present to the wives and mothers of Canadian soldiers and sailors, who died in the great war, is shown above and is officially described as follows: "A cross patonce (that is, with flared ends) in silver suspended by a purple ribbon; at the base of upright a crown; at the foot, and at the end of either arm a maple leaf; in the centre, within a wreath of laurel the royal cipher G.R.I. It will be engraved with the number, rank and name of the soldier commemorated."

If the sailor or soldier whose sacrifice is intended to commemorate was unmarried the cross will be issued to his mother. If he was married it will be issued to his widow. If a mother or widow having become entitled to the cross has subsequently died, it will be issued to the eldest of her next of kin. The expression "Canadian sailors and soldiers" includes not only members of the Canadian naval or military forces, but also any person, male or female, who having been a member of the Canadian forces during the war of August, 1914, served in the naval or military forces of his majesty or any of his allies.

HAMILTON TRAINS TO BE REDUCED

Twenty-Eight to Be Cut Off Because of Coal Shortage.

Hamilton, Nov. 25.—Hamilton, like many other cities, is now about to experience the first direct result of the strike of the bituminous coal miners in this part of the country. November 15, has been received by local railway officials of curtailment of passenger service, in consequence of the coal shortage.

The Grand Trunk Railway, which is the only line affected by the order which becomes operative on Saturday of this week, as far as Hamilton is concerned, will have to cut off 28 trains serving the city and district are cut off by the order. The Grand Trunk Railway is another order seriously affecting traffic in this part of the country.

LABOR WILL NOT OPPOSE H. C. NIXON

To Have Acclamation in Brant—Warning About Federal Contest.

Brantford, Ont., Nov. 25.—(Special.)—The political prognosticator who told the three Toronto morning papers yesterday's edition, that H. C. Nixon would oppose Hon. H. C. Nixon in the by-election in North Brant was not even given consideration to this opposition, it being taken for granted that he would be returned by acclamation in North Brant, a riding largely rural, as shown by the fact that Nixon defeated Smoke (Conservative), even tho' the latter had a good-sized majority in Paris town, and that he got opposition in the country from I. O. Kendrick, another farmer, Mayor MacBride, the local member, who ran on the I.L.P. ticket, when asked what he knew about the situation, declared that the first information he had was what he read in the Toronto papers. He did give warning, however, against the U.F.O. putting a candidate in the Brantford riding in the federal elections, as it was announced was their intention. Labor would not consider that co-operation but opposition, and would know how to act in the case of inviting opposition in both Brant ridings in the federal fight. He charged former executive officers of the U.F.O. with interfering with the people's representatives.

LEADERS OF BANDITS SENTENCED TO BE SHOT

Juarez, Mex., Nov. 25.—General Felipe Angeles and his two companions, Major Nestor Encisco De Arce and Soldier Antonio Trillo, captured near Parral, Chihuahua, November 15, by Major Gabrino Sandoval, were found guilty by a court martial at Chihuahua City this morning and sentenced to be shot today, according to information received by Judge Gonzalez Medina of the Mexican federal court here this afternoon.

The employers' six nominees to the governing body were: Sir Allen Smith, Great Britain; Louis Guerin, France; (Continued on Page 5, Column 4).

FIFTEEN HUNDRED SURGEONS Will Meet at Montreal

Montreal, Nov. 25.—Tentative arrangements were made this evening for the first meeting of the American College of Surgeons to be held in Canada, which will occur here early in October of next year. It is expected that probably about 1,500 of the leading surgeons of Canada, the United States and Great Britain and France, will be present. The sessions will last about a week, and will be presided over by Dr. Armstrong as president of the American College of Surgeons.

ALBERTA'S FIRST CASE.

Calgary, Alta., Nov. 25.—One case of sleeping sickness was reported here today by Dr. C. S. Mahood, medical health officer. The patient showed symptoms of the disease for five days and entered the comatose condition last night. This is Alberta's first established case of sleeping sickness.

NEW ORDER LIMITS RETAIL HAM PROFIT TO TWENTY PER CENT.

Margin on Sales of Bacon and Boiled Ham Regulated by Federal Order—Becomes Effective on January First.

Canadian Press Despatch. Ottawa, Nov. 25.—Retailers of bacon and boiled ham are limited to a margin or gross profit of 20 per cent, with an additional two cents per pound for slicing under an order issued by the board of commerce, bearing date of November 24 and signed by all three members of the board. The order contemplates its future application to retail sales of all kinds of pork and pork products, it is stated in the accompanying explanation, and is the first order which has been applied to the retailers. They are given until December 24 to show why the order should not apply to sliced pork products, limiting the profit on other pork products to 25 per cent, after January 1 next.

The order of the board sets forth that the previous orders of September 27, October 11 and November 7, having been generally observed and the purpose thereof having been executed, and "it appearing desirable that possible increases or decreases in production costs should now be provided for, the said orders are and each of them is hereby rescinded, and in replacement thereof it is ordered Limit Prices. (1) That the prices of pork and pork products now being charged by the operators of packing houses for pork and pork products be and are respectively declared to be fair prices and that any higher prices therefore be deemed unfair prices, except in such cases as upon prior application to the board, may be otherwise determined. (2) That the margin or gross profit to the retailer on the pork products known as bacon and boned ham, either cooked or smoked, shall not exceed 20 per cent of the sale price thereof and that sales thereof at higher prices be deemed an unfair profit, provided, however, that when either of said pork products are sold sliced an additional charge of two cents per pound may be made for slicing.

(3) That unless, on or before the first day of January, 1920, this board by reason of representations made by any concerned, shall otherwise determine the margin or gross profit of the retailer on all other pork products (including those mentioned in the immediately preceding paragraph shall not

HEALTH DEPARTMENT OF ONTARIO GOES TO MINISTER OF LABOR

Change of Law is Necessary to Transfer the Registrar's Branch.

The Ontario provincial board of health was yesterday transferred from the jurisdiction of the provincial secretary's department to the ministry of labor and health under Hon. Walter Rollo.

The registrar's branch, which has charge of all vital records and statistics, will for the present remain under Hon. H. C. Nixon, provincial secretary, as it is vested with the latter minister by statute. The existing law will, therefore, be required to be amended before the transfer can be made to the ministry of labor and health, to which the branch now properly belongs in view of the taking over of the board of health.

Dr. McCullough, chairman of the board of health, now receives the bulk of his salary as deputy registrar or practically as deputy to the provincial secretary. He is thus in the position now of being under two ministers—under Hon. Walter Rollo as far as public health is concerned, and under Hon. H. C. Nixon in matters pertaining to the registrar's branch. Dr. McCullough's dual responsibility will, however, be a comparatively simple matter for him inasmuch as he will continue to bear the burden of two offices which he has so long filled with conspicuous ability.

Department Still Extensive. Hon. H. C. Nixon will still have a department sufficiently large to engage all his time and attention. He has the supervision of prisons and asylums, the Ontario Board of Incorporation of Companies. Mr. Nixon has also got to clear up the Hamilton asylum scandal, and with public health matters on the way he may now be able to dispose of the unwelcome legacy left him by his predecessor.

The license board probe is also about due, both the premier and the provincial secretary having stated recently that it would soon be announced. The chairman whose formal resignation was, it is understood, handed to Premier Durney shortly after the latter assumed office, is still carrying on but anxious for the various charges to be investigated.

YUDENITCH' ARMY CEASES TO EXIST

General and Staff Left Troops to Their Fate, Says Estonian Chief of Staff.

Reval, Estonia, Nov. 25.—The Russian northwest army, which attempted recently to capture Petrograd under General Yudenitch, has virtually gone out of existence, according to General Soots, chief of the general staff of the Estonian army. He made this statement on the basis of a report brought in by Colonel Rink of the general staff, who returned from the Narva front Sunday. According to Col. Rink's report, the Russian northwest army was in a bad condition during the retreat following the attempt on Petrograd. General Yudenitch and his staff lost all connection with the army, which was left to its fate, unable to resist the Bolshevik attack. The Yudenitch troops retired in disorder and sought protection on Estonian territory. Part of the Russian troops with 10,000 refugees have settled south of Narva. Some of the soldiers have already been disarmed and the remainder are deprived of their weapons in the near future.

"Four Russian divisions which retreated from Yamburg to Narva are now organized under General Tonnison," said General Soots. "They will obey the orders of the Estonian chief and are now protesting the positions below Narva. General Yudenitch and his staff are now unemployed. The present critical condition of the Russian troops was caused by the incompetence of the Russian chief command."

The troops had to mix flour with snow owing to the scarcity of bread. Many refugee children died of hunger and cold, but we made conditions better for the survivors. General Soots expressed the opinion that the Russian northwest army no longer existed. He declared his sympathy for the hardships the Russian troops had suffered thru mistakes during the Petrograd offensive and said he hoped the soldiers and refugees now in Estonia would be able to forget their recent sufferings.
