VICTORIA CHARTER DAY PRESENTATION OF PRIZES

Chancellor Burwash Shows Need of \$300,000 for Residences for Men Students.

Charter Day, in connection with Victoria University convocation, was celebrated in the chapel hall last evening.

Chancellor Burwash presided, having on his right Dr. Falconer, and on his left Rev. Principal Mackinnon.

The medals, scholarships and prizes won at the examinations last spring were announced, and were presented to such as were in the audience.

The following are the recipients of honors from Toronto University: The Alexander Mackenzie fellowship in political science, Miss E. M. Keys; the George Paxton Young fellowship in philosophy, W. T. Brown; the Hart A. Massey gold medal in household science, Miss H. S. Graham; the Daniel Wilson scholarship in biological science, Miss E. M. Keys; the S. B. Sinclair prize in philosophy (second year), F. C. Gillen; the Alex. T. Fulton scholarship in mathematics and physics (first year), H. F. Johnston; the Alex. T. Fulton scholarship in science (first year), H. A. G. Willoughby.

Prof. John Burwash in the absence of G. J. Blewett, professor of philosophy, thru illness, read his elaborate paper on criticism of the life and work of Dante, who was represented as being both a prophet and a poet, and as belonging to a most important and most rare class of men, whose remarkable influence was shown in the shaping of our lives and history on earth.

Chancellor Burwash announced that Claude J. Fisher, one of their youngest graduates, had offered two scholarships of \$50 each in the department of modern languages, which, also they did not appear in the calendar, would be available at the end of the present session; and called the attention of the audience to three notable portraits, painted by J. W. Forster: (1) of Geo. McDougall, the martyr missionary of the western plains; (2) of Jas. Evans, the inventor of many years ago of a system of phonetics by means of which Indian children learned to read in a remarkably brief space of time; and (3) of Rev. Dr. Sutherland.

In the system of phonetics mentioned only nine simple characters were used in four different positions.

The chancellor also intimated that they required \$300,000 to build residences for the young men students. The new residences for young men with 75 dormitories, are fully occupied.

Dr. Falconer in his address said he hoped that in the near future students here, as at Leipzig and at other university centres abroad, would be able to pass from one to another teacher in subjects from which many advanced that there would be no great advance in technology until it was recognized that the same open-minded spir-

it and the scientific spirit of conception which reigned in the arts and in the scientific faculties also reigned in the theological faculties. The teachers in the theological schools must look at their themes with eyes wide open, not as if they were in the cloistered retreats, and there must be breadth of view in theology if theology was to retain the respect of the best modern thought.

THE ABSENT-MINDED AUTHOR.

(With Apologies to Mr. Rudyard Kipling) He's an absent-minded author, and he's coming out to see. The oldest British colony of all; He's a decent sort of fellow, full of oddity and glee.— And we'll all be glad to see him in the Dukes' sons, cooks' sons, sons of Japs and Chiniks. Have come across the sea to us—tho some of them we don't need.— But welcome, Rudyard Kipling, for you helped to forge the links That bind together the empire's sons, sprung from one Aryan seed! He's bringing his wife just casual, and we'll lift our hats to her, And we hope she'll not forget the Maple Leaf. There's respect for her in the heart of every blooming Britisher— May she never know discouragement or grief! Earl's sons, churil's sons, every mother's son, will greet This absent-minded author — and do as much for his wife.— They'll give him a cheer in Toronto as he passes along Yonge-street, And to speak in Yankee lingo, "he'll have the time of his life."

Tho he may not equal Shakespeare, or please George Bernard Shaw, His "Recessional" still lingers in our ears. And tho his Private Mulvaney is not amenable to law, His tales move us to laughter or to tears. Queen's sons, mean sons, sons in and out of jail, Are thrilled by Kipling's magic, and Every Tommy Atkins in Canada will give him an "All Hall!" For his fame is not a rocket that comes down a "Hannigan." Toronto, September, 1907.

SUGGESTIONS FOR THE T. & N.O.

The Halleybury Halleyburian calls on take over the whole telephone system in the north country. It says: "If our government does this thing it will do a wise act, and lead the way, telephones, even as the British government has taken under its control the telegraphic interests of the British Isles, and who, in their impetuosity, put up money to build the line, were not so much actuated by greed for dividend as by a sense that the public convenience. The government that has done this thing such as we have suggested, will go thundering down the rails of the 'has been' with a commendatory ticket attached to its back."

STREET PAVING IN JUNCTION GOES SLOW

Little Progress Towards Relieving Situation—East Toronto Council Meets.

TORONTO JUNCTION, Oct. 14.—The work of paving Dundas-street is not progressing as rapidly as was at first expected, and it is not carried on more vigorously than the anticipated three-weeks time limit till the cars run again to Keele-street will be extended. Had the tracks been allowed to remain intact as near to Humberdale as possible, the Suburban Railway Company would have been willing under certain conditions to run their cars east of Keele-street for the convenience of the public, but the tracks have been torn up at Union-street, which takes away all chance of this accommodation being put in effect.

The new portable rooms for Western-avenue School will be completed tomorrow, and will be ready for occupancy in a few days. Mr. Owens of 123 Willoughby-avenue has been transferred to Calgary, Alta. He has secured a better position as telegraph operator, in the employ of the C.P.R. He expects to leave the Junction to-morrow.

Six new elders have been elected to the session of the Victoria Presbyterian Church, and will be ordained on Oct. 27. They are: J. W. Bradshaw, A. C. Kilpatrick, D. D. McDonald, Arch McGill, T. J. Sheppard and James Stewart. In St. John's Church to-night the officers of the Young People's Association were elected for the coming season.

Even the collegiate institute is not immune from over-crowding, as was evinced at the meeting of the institute board last night. There were present about 200 pupils in four rooms, and the superintendent states that thirty-five for each room is as many as is desirable.

Dr. Clendenana, Irwin, Tremayne and Principal Colbeck were appointed a committee to arrange for the commencement exercises, the date of which has not yet been decided on.

Miss E. B. Francis has been formally appointed to the teaching staff at a salary of \$1100 per annum.

The physical culture committee passed engaged as instructor her fee being \$125 for each hour's lesson. The board instructed Trustee Ellis to prepare estimates for the enlargement of the school by the addition of four classrooms and a gymnasium. It was decided that the chairman of the property committee be empowered to have trees planted on the north side of the school to improve its appearance.

CHESTER.

Local Presbyterian Church Has Fine Social Gathering.

CHESTER, Oct. 14.—(Special).—The social held in the Chester Presbyterian Church to-night was an unqualified success, and the attendance being very large of interesting nature. The Rev. Mr. Hayden was chairman, and the Rev. Mr. Stupples was speaker, showing maps of other city and local artists contributed to the evening's pleasure. A sumptuous collation was served from which a substantial sum was realized. The Rev. Mr. Hayden was work of the Ladies' Aid.

NORTH TORONTO.

Residents Claim That Authorities Should Enforce Health Laws.

To-night was missionary meeting night of the different Epworth Leagues in town. At the Davisville League Jas. M. Taylor, evangelist, of Knoxville, Tenn., was the speaker, showing maps, pictures, souvenirs, etc., from the "Mission Work in Quebec." The Young People's Society of the Deer Park Presbyterian Church held a concert to-night, which was well attended. R. S. Gourlay was the musical program, and Miss Bertha May Crawford, Miss Mary and Messrs. W. J. Lawrence and Donald C. McGregor.

YOU NEED STRENGTH.

Vitality is Lacking and You Must Have a Bracing Tonic at Once. You're sick and need medicine. Not an emulsion to sicken the stomach, not a "dope" cure, nor bitters—but a nourishing tonic that will increase weight, strength and spirits. Try Ferreroze and watch the result. Because it gives instant effect and steadily builds up new flesh, it is used by thousands in ill-health. No other medicine contains more natural, supplies better building material, makes you feel well and strong as quickly as it did Mrs. Charles Henry of Cloyne, Co.

HER STATEMENT.

"I was broken down, had no strength, couldn't eat. I was sleepless. My nerves were irritable. I was thin-blooded and continually unhappy. "I tried Ferreroze. "It gave me new energy, force, vim, made me comfortable, strength—it brought me comfort, strength—it made me feel like a new being. Try Ferreroze, always justifies itself, with autumn leaves, flowers and cereals by the ladies of the guild; the altar

PICKERING.

Much Sympathy Felt in Death of Miss O'Leary—Farm Work Behind.

PICKERING, Oct. 14.—George Kerr of the Western Bank is improving in health some. Miss S. A. Dale, late matron of Pickering College, leaves shortly for a trip to California, where she will spend the winter. The teachers' convention for South Ontario meets here shortly. Much sympathy is felt for Mrs. O'Leary and family in the death of Miss Kathleen, Mrs. O'Leary's daughter here they were highly respected. As William Morecombe of the base line was getting some cattle out of the stable on Monday, the animals knocked him down and severely tramped him before he could escape. W. E. Vanston shipped a load of cattle and hogs to Peterboro on Monday. He paid \$5.75 for hogs and did not want light ones at all. Fifty of corn remains unharvested in the township as yet. There seems to be considerable difficulty in getting power and machinery in time to till the silos as wanted.

THORNHILL.

Football Match Was Better Contested Than Scores Indicate.

THORNHILL, Oct. 14.—The football contest between Eglington and Thornhill was well contested. Thornhill were without three of their usual players. Hooper started the game for Thornhill. Fisher took the ball beautifully down the wing; Hooper missed a grand opening; later W. Page scored a splendid goal from a centre from his brother Fred, who was playing a great game for Thornhill. From a corner T. Bowers hit the upright. Thornhill were keeping a great deal now, only for the goal-keeping of Thomlinson, who was doing a great deal to save for his side. Sackfield almost scored from a pass from T. Hooper. Half-time—Thornhill 1 to Eglington. Hooper started the second half for Eglington. Thornhill began to press at once. Hooper, Bowers and Sackfield were playing some beautiful combination for Thornhill. Sackfield scored a beautiful goal from a pass from T. Bowers, who was playing a great game. From the kick-off T. Page got the ball and raced down the wing like a greyhound, and centred for H. Hooper to score a splendid goal. Thornhill was doing all the pressing, as in the first half. T. Page and his brother Warren were doing some splendid work on the right wing, from a centre off T. Page. Sackfield scored a splendid goal from a pass from T. Hooper. Hooper scored again from a corner kick, which made the score 2 to 1. Sackfield, who scored three goals from the left side of the goal. Bowers made a splendid return; Hooper had been doing some fine work with F. Hooper, Watson and Randall Page. From a neat bit of play by T. Fisher, who was playing a good game at centre-half, T. Page scored the last goal of the evening. Hooper, Bowers and Sackfield played beautifully. Hooper almost scored on the son played a great game for Eglington. Thornhill play the return match at Eglington on Oct. 26. Thornhill would play Maple for a silver cup, each team to pay half and winner take the cup. The score was Thornhill 6, Eglington 9.

EAST TORONTO.

Council Put Thru a Lot of Useful Legislation.

EAST TORONTO, Oct. 14.—Mayor Ross presided over the regular meeting of the council to-night, the absence of several members from which the Councilors Nimmo, Crane and Wixon. Under matters of ordinary nature, a discussion on the meeting passed an ed without any untoward proceedings.

Mayor Richardson, on behalf of the East Toronto Library, applied for the usual grant of \$100, which Councilors Berry, Phelan and Brown opposed. The grant was granted, but not centrally located. Grant was given the proposal to grant the millage for the upper part of the hall in ward three for the storage of arms. Councilor Brown made a vigorous protest.

Encouraged by Mr. Mayor, said the worthy councillor, "It is a time of peace, and I am totally opposed to the proposition." Referred to property committee.

Councillor Nesmith brought up the matter of the refusal of the Toronto Electric Light Company to take cognizance of the town's order to remove their poles on Queen-street thru the town. The matter was referred to the committee on the subject.

Councillor Abbott brought up the matter of street car accommodation in ward three. Councillor Brown objected in neglecting to improve Main-street, and the deplorable condition of the Kingston-road.

Councillor Brown gave notice of motion of the next meeting of council he would introduce a local option bylaw.

Chief Tidswell applied for and obtained his regular fortnight's holiday, which the worthy officer will spend in the wilds of Ontario.

EAST YORK CONSERVATIVES.

Annual Convention to Be Held at Markham Oct. 25.

The executive committee of the Conservative Association for East York met at the Clyde Hotel Saturday afternoon. President Mason of Centre York, and Secretary Patterson also were present. Among the members present were: John H. A. Nicholls, Alex. McCowan, member for East York; Vice-president, Charles Humphrey of Scarborough, George Over of Newry, William Lathem, president of Scarborough Association; T. H. Underwood, president of the Markham Township Association; Thomas Willis, president of the Markham Village Association, and Hon. Thomas Humberstone and Capt. D. C. Burke.

It was decided to call a convention for the purpose of a candidate for the local house, to be held at Markham, on Friday, Oct. 25.

SWANSEA.

The harvest home services last Sunday at St. Olave's Church (Anglican) were especially attractive. The Hitts edifice had been tastefully decorated with autumn leaves, flowers and cereals by the ladies of the guild; the altar

festooned with snowberries, set in more sombre foliage, had a very chaste effect. The rector, Rev. W. H. H. Sparks, delivered most impressive thanksgiving addresses, and the choir rendered specially selected music. "The Woods and Every Sweet Smelling Tree" was sung, Miss Hole Scroggs taking the solos. Miss Scroggs, organist. The attendance was unusually large, taxing the seating capacity.

SONS OF ENGLAND NEW HALL ON RICHMOND-ST.

Commercial Lodge No. 200 Marks Opening by Giving At Home to Friends.

The Sons of England Hall on Richmond-street has been completely transformed by the addition of several lodge, reception and office rooms. Lodge appointments, altar, officers' feet, is a handsome room, well lighted and richly decorated in green and crimson, the walls having 4 feet 6 ins. wainscoting in the latter color. The lodge appointments, altar, officers' chairs and side benches are of quarter oak, upholstered in leather; handsome chandeliers in dull brass provide electric light or gas, as required. To mark the opening Commercial Lodge No. 200 gave an at home and dance on Friday evening last, which was attended by about 150 members and their friends.

At the supper which followed J. J. Gardner, master, presided, supported by P.S.P. Bro. R. Ivens, P.S.P. Bro. J. Aldridge, D.D.S.P. T. H. Carter, West Toronto; D.D.S.P. J. D. Hland, Central Toronto, and other officers.

The usual loyal and other toasts were duly honored, and a splendid musical program was rendered.

Bro. George Hughes, secretary, was master of ceremonies for the evening.

S. S. J. William Carter gave a short sketch of the history of the society, which was founded by seven English men in 1874. Now it numbers 22,000, with 25 lodges. In Toronto alone there are 32 lodges and five juvenile lodges with a membership of over 5000.

The present year has been the most successful since its formation. It has initiated and several new lodges opened.

Its ramifications extend from coast to coast, and with the large number of new arrivals constantly coming in from the motherland, a still greater increase is anticipated in the near future.

Bro. Carter, who has been supreme secretary for 25 years, avers that no lodge is more to lend a helping hand to the sons of the motherland than the S. O. E.

It has the additional advantage of tick and other benefits for members that no other society offers.

The hall belongs to the society. It is free from all debt and the whole is done voluntarily, the only paid officers in connection with the society being the supreme secretary and the office staff.

Saw Snow Flurries.

Richard Scott, 45 Brock-avenue, was arrested last night by P.C. Millan, charged with the theft of a bob-sleigh from James Wood.

Addressed by Mr. Hughes.

PHYSICIAN GIVES ADVICE.

Tells Why So Many Suffer From Catarrh and Rheumatism.

A distinguished physician, famous for his successful treatment of catarrh troubles, states as follows: "Our climate, being more or less damp and changeable, is bad for catarrh and rheumatism, and care must be taken not to let these troubles gain headway." In addition, he states that in their habits, and to this as much as of the trouble. Inadequate clothing and improper eating will cause rheumatism and catarrhal troubles in any climate.

This eminent authority gives the following as the simplest and best treatment known to science, and to it he gives credit in largely for his success: The recipe—

One half ounce fluid extract dandelion;

One ounce fluid extract senna;

One ounce fluid extract Carriana Compound;

Six ounces Compound Syrup Sarsaparilla.

Take a teaspoonful after meals and at bedtime.

The ingredients are all vegetable, on the liver, kidneys and bowels, eliminating all poisonous matter from the system.

MINISTER OF JUSTICE MUST HAVE OPERATION

His Hearing is Impaired and it May Be Necessary to Go Abroad.

OTTAWA, Oct. 14.—A serious impairment of the Hon. A. B. Aylesworth's hearing may make it impossible for the minister of justice to attend the next session of parliament. A visit to New York, or even to Vienna, will be necessary before Mr. Aylesworth will be able to resume his duties. Over twenty years ago Mr. Aylesworth lost the use of one ear. Last July the other ear became affected, and he proved a serious impediment to him in his official duties. Recently the trouble became in some way aggravated so that, at times, Mr. Aylesworth was practically deaf. Dr. Cortland of Ottawa was consulted, and discovered an obstruction in the Eustachian tube. He removed a small piece of cartilage, and during the past week a considerable improvement has been noted. Before a permanent relief can be secured, however, it will be necessary for Mr. Aylesworth to undergo a more radical operation. A visit to one of the specialist of New York or Vienna, the minister of justice will be seen on the floor of the house of commons.
