No Complaints Received.

Dr. Kendall was informed by Mr. Mulock that no complaint of discrirination in favor of allens had been made to the Government by employes of the Dominion Iron and Steel Company of Sydney. If such and Steel Company of Sydney. If such dealt with as the public interest demanded.

Grain Cargoes.

h'ave been inclined to create the same impression. The only thing that can be said with truth respecting the route is that the channel is a new one, people who have been navigating it have been less careful than they should have been, and direg'arded the instructions, signals, buoys, etc., and have not yet confined themselves to the channel. The few accidents that have occurred have been due to this cause, and h'ave occurred on shoals and ledges outside the buoyed channel.

Mr. Tarte Does, Not Know.

Col Hughes was informed by Mr. Tarte that the department did not know whether that the department did not know whether Mr. Bowman, M.L.A., is a member of the Owen Sound Dredge Company, Government contractors. In the contractors given to both these companies no tenders were called for, but they were not tenders were called for, but they were given the work at \$8 per hour for each.

Hon, Mr. Haggart. 1 object to have of debate being introduced in an answer to a question.

Mr. Speaker held the objection to have been well taken. [Conservative applause.] Hon, Mr. Bl'air: One would think the hon, gentleman was disappointed that the canals are in a navigable condition. There will always be more or less trouble unless persons are exceedingly careful, and they r'arely are, m taking an entirely new 'channel. Nothing has occurred on the St. Lawrence that would not have occurred on any route, if like carelessness or want of knowledge was displayed. I may add that fats eason, after the canals were opened, vessels of 12½ and up to 13½ and up to 13½ through the canals are in a navigable condition. There will always be more or less trouble unless persons are exceedingly careful, and they r'arely are, m taking an entirely new 'channel. Nothing has occurred on the St. Lawrence that would not have occurred on any route, if like carelessness or want of knowledge was displayed. I have successfully navigated through the recombination of the second reading any obstruction or experiencing any difficulty.

Mr. Ingram moved the second reading of his bill to Amend the Dominion Election Act. The bill would have the name of the printer on the back of the b'allot, have a white counterfoil and some other im-

Fourteen Feet Depth Already.

Mr. A. E. Kemp asked when the Government expected that vessels of the 14-foot draught would be able to pass from Lake Ontario to Montreal without lightering, and what was the maximum draught of the vessels last season.

Hon. Mr. Blair: The form of this question in the St. Lawrence Canals and lake and river reaches. This would not be, and is not, a correct statement of the situation. There is, and was during the past season of navigation, a channel of 14 feet thruout the entire length of the caual system.

The fourth of the caual system is white counterfoil and some other improvements. Sir Wilfrid Laurier proposed that the discussion should go no further at present, until all the amendments proposed to the Dominion Election Act were before the bill going to a second reading. He conceded that the Act was open to improvement. Col. Hughes asked the Government to think about voting machines.

Controverted Elections Act.

Sir Wilfrid said the Government would introduce a bill to amend the Dominion Election Act.

The bill was read a second time.

The Teachers Salaries.

It was time for the Finance Committee's report, which recommended a few increases in salary, to be considered, when the deputations of the unsatisfied were given a hear-

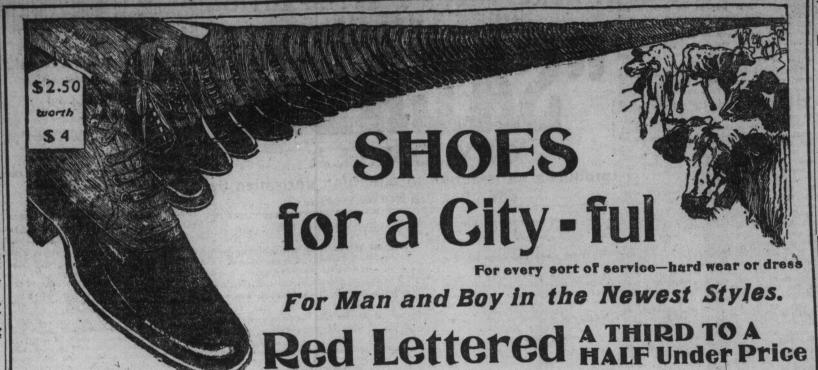

Board.

W. D. Macpherson, exchairman of the Public School Board, spoke on behalf of a deputation of principals. He said they were a self-denying body, and were working at a salary basis made sixteen years ago, when there were twelve-room schools, instead of twenty-three-room schools as now. Responsibilities have increased, and so has It Was Morning When the Board
Adjourned Until Tuesday Night—
Deputations Heard.

Responsibilities have increased, and so has the cost of living. He thought the board might well grant increases of \$100 a year, increasing the maximum from \$1350 to \$2000. The additional cost for the year would be from \$4000 to \$5000. He hoped would be from \$4000 to \$5000.

School Board adjourned shortly before 1 o'clock this morning. The meeting was unsual, inasmuch as the oratory of the trustees was devoured by a couple of hundred of the school principals and assistants, male and female, who waited until the last male and female, who waited until the last fun was fired. Teachers' salaries was the big topic, but it was reached late, and after a couple of hours' attention was put off to a special meeting of the board next Tuesday night to consider the Finance Committee's report, was gladly carried and the tired teachers and trustees went home.
