MARKS MAY BE ALIVE.

Detectives Still Searching for Perpetrator of Bank Robbery.

New York, Nov. 29.—Is Larry Marks dead or alive?

Difference of opinion on this point adds to the mystery of the big fraud on the Liverpool Bank.

Scotland Yard still holds firmly to the belief that Marks committed suicide, cables the London correspondent of the World.

But the special detectives employed by the defunct Bank of Liverpool are continuing their investigation of the assumption that he still lives. As has been stated, a detective shadowed him aboard the boat from Liverpool, and on arrival at Folkestone informed Inspector Forest that Marks was sitting on deck, around the boat, that when he returned Marks was gone, and two other persons of the boat failed to find him. Inspector Forest maintains positively that Marks did not land at Folkestone. The World correspondent saw George Marks, brother of the missing man, at the Adelphi Hotel, and was astonishingly positive that Marks had committed suicide.

"He had nothing to run away from," George replied, "but the worry and disfigure of this charge, I believe, drove him to it. He had nothing to live for."

The captain of the steamer says that Marks jumped overboard at the time the boat was being washed ashore in a day or two at Cape Gris-Nez. The French police are watching the coast in that expectation.

THIS IS ONE OF

Mr. McLaughlin's Men

The weak man does not live who cannot be made healthier and stronger by wearing my Electric Belt. None of us is perfect, and anything that will add more to such vitality as we may have will make us better. It is hard for a weak man to have noble sentiments. Such things are born of warm blood, healthy nerves and a strong heart.

Dr. McLaughlin's Electric Belt

Makes men strong; it causes the nerves to tingle with the joyful exhilaration of youth; it fills the heart with a feeling of gladness, makes everything look bright and makes the nerves like bars of steel. Give me a man broken down from indiscretions or excesses—one who has lost the very essence of manhood—and I will make him feel like a youth of 20 within a month. How? you ask. Simply by pumping a vital stream of electricity into his body in the right way while he sleeps.

Nervousness and Weakness Cured.

Dear Sir—I am writing you on behalf of my wife. I am very thankful to you for the benefit that the Belt has given her. I am advising everyone that felt as she did to try one, as I am fully aware that it will save four times the price in doctors and medicines. My wife was completely run down from a shock of paralysis on one side, and it appeared to be getting worse all the time. Finally, the shaking and trembling began to work on her, inside as well as out. Her appetite was gone and she was downhearted. Doubtless she appeared to die. By the use of your Belt she has been built up.

Any man or woman who will secure me can have my Appliance and pay when cured. I ask no pay in advance.

Are you sick? Are you a weakling? Are you tired of doctoring and paying out money without result? Then come to me or write to me. I AM THE ONLY MAN WHO CAN CURE YOU. I know what my Belt will do, and as you do not you can try it first and I will wait for my pay until you are cured.

FREE BOOK.—My new illustrated book tells about my Belt and how it cures the weakness of men and women. It is worth reading. I will send it, closely sealed, free upon request. Call, if possible, and I will explain my Belt and what it will do. I will give a free trial treatment to every seeker of proof of what my Belt does. Call or write today.

The most delicate stomach can take it, and in a very short time a thoroughly healthy condition of body is established, the tissues easily absorb its life-giving particles, and where weakness and discomfort previously existed there is strength and vigor.

Mrs. BLACKMORE, of a Marine Parade, Cleveland, writes: "I have benefited by this food. My little girl, aged eight months, who has been brought up entirely on Neave's Food, which we have used her in every respect. We have tried other foods, but in no instance have we found her so healthy and contented as when we recommend your food to all our friends."
